Freedom Of Silence

Françoise Daucé, Elisabeth Sieca-Kozlowski

Freedom Of Silence:

Contemplation and Freedom Benedict R. Shoup, Mary Frohlich, 2025-04-22 How does prayer shape action How does sustained engagement in deep prayer shape our very freedom to act This volume explores the relationship between Christian contemplative prayer and the exercise of freedom Over the past half century the desire for a better integration of spirituality and theology has emerged as a significant theme in theological writing While the question of freedom has not been absent from this discourse this volume highlights it by bringing it to the very center of the conversation Eleven theologians explore the dialectical relationship between contemplation and freedom by engaging with a wide array of sources ranging from Maximus the Confessor to Edith Stein from Howard Thurman to Bernard Lonergan from the Tibhirine martyrs to M Shawn Copeland This symphony of voices unveils the methodological fruitfulness of placing contemplative prayer at the center of life theory and practice

Freedom of Speech Eric Barendt, 2005-08-11 This is a fully revised and updated new edition of the classic work first published in 1985 There have been many important developments since the first edition including enactment of the Charter of Rights and Freedoms in Canada in 1982 the impact of the European Human Rights Convention and the consideration by English courts of Judgments of the European Court of Human Rights Social and cultural changes mean that free speech claims are being made in novel contexts to challenge the validity of bans on tobacco advertising to publish kiss and tell stories about celebrities and to resist attempts to regulate the Internet Barendt considers the meaning and scope of freedom of speech How far do free speech and expression clauses protect pornography commercial advertising and public meetings on the streets Does this freedom cover desecration of a national flag Does it include nude dancing Eric Barendt discusses the legal protection of free speech in countries including England the United States including recent decisions of the United States Supreme Court Canada Germany and under the European Human Rights Convention He examines the varied approaches of different legal systems and constitutional traditions to balancing free speech and freedom of the press against rights to reputation and privacy and to copyright and explores the case law in light of the philosophical and political arguments for free speech guarantees

Power of Freedom Chih-Ping Chou, Carlos Lin, 2022-10-17 Dr Hu Shih 1891 1962 was one of China's top scholars and diplomats and served as the Republic of China's ambassador to the United States during World War II As early as 1941 Hu Shih warned of the fundamental ideological conflict between dictatorial totalitarianism and democratic systems a view that later became the foundation of the Cold War narrative In the 1950s after Mao's authoritarian regime was established Hu Shih started to analyze the development and nature of Communism delivering a series of lectures and addresses to reveal what he called Stalin's grand strategy for facilitating the International Communist Movement For decades and today to a certain extent Hu Shih's political writings were considered sensitive and even dangerous As a strident critic of the Chinese Communist Party's oligarchical practices he was targeted by the CCP in a concerted national campaign to smear his reputation cast aspersions on his writings and generally destroy any

possible influence he might have in China This volume brings together a collection of Hu Shih s most important mostly unpublished English language speeches interviews and commentaries on international politics China U S relations and the International Communist Movement Taken together these works provide an insider s perspective on Sino American relations and the development of the International Communist Movement over the course of the 20th century Fundamental Liberties of a Free People Milton Konvitz,2018-01-16 Of the American Bill of Rights perhaps the forty five words that comprise the First Amendment allowing freedom of religion speech press and assembly and the guaranty of the writ of habeas corpus are the most precious Only a legal expert could lay claim to truly understanding the meaning and intention of those basic freedoms Yet it is precisely the expert knowing the complexity of the subject who would be the first to hesitate to claim to possess such a thorough understanding In analyzing such freedoms basic to American society Milton Konvitz helps make comprehending our fundamental liberties easier The book is divided into three parts I Freedom of Religion II Freedom of Speech Press and Assembly III Freedom of Speech Press and Assembly The Clear and Present Danger Doctrine The reader will find included such topics as the debate over the scope of the separation of Church and State whether or not freedom of religion is an absolute right religious freedom prior to 1776 the liberty of private schools heresy the right for a religious group to seek converts the freedoms not to speak and listen obscene literature picketing in labor disputes the freedom to think and believe abridgments of speech and press and loyalty oaths and guilt by association Konvitz s work includes an important chapter on the history of the adoption of the Bill of Rights His careful tracing of the development of constitutional attitudes to the freedoms protected by the First Amendment is a scholarly benchmark and is still an archetype for students doing research and writing about these issues It is of critical importance to anyone seeking an authoritative statement on the basic liberties guaranteed by the First Amendment to the United States Constitution Fundamental Liberties of a Free People is a relevant and practical guide to understanding the liberties so fundamental to a free society In his new introduction and afterword author Milton Konvitz brings First Amendment developments up to 2002 It will be welcomed by students and scholars of constitutional law government politics religion and American history A Walk Through the Untamed: Embracing the Freedom of Nature Pasquale De Marco,2025-04-25 A Walk Through the Untamed Embracing the Freedom of Nature is an invitation to explore the untamed aspects of life and nature and how we can learn from them to live more fulfilling and meaningful lives In this book Pasquale De Marco takes us on a journey into the untamed wilderness where we will discover the untamed spirit that resides within each of us waiting to be unleashed We will explore the untamed beauty of the natural world from the soaring mountains to the crashing waves and find solace and inspiration in its untamed beauty We will also examine the untamed challenges that life throws our way from personal setbacks to global crises and learn how to overcome these challenges with untamed resilience and determination We will learn from the untamed wisdom of indigenous cultures who have lived in harmony with the natural world for centuries and how we can incorporate their untamed wisdom

into our own lives Ultimately this book is an invitation to embrace the untamed aspects of life and nature to learn from them and to grow from them It is an invitation to live a life that is untamed unfettered and free Pasquale De Marco is a writer speaker and naturalist with a deep love for the untamed wilderness He has spent years exploring the world s most remote and untamed places and his writings have been featured in numerous publications He is passionate about helping people to connect with the untamed aspects of life and nature and to live more fulfilling and meaningful lives This book is a must read for anyone who is interested in living a more untamed and fulfilling life It is a book that will challenge you to think differently about the world around you and to embrace the untamed spirit that resides within you If you like this book write a review on google books

Dedovshchina in the Post-Soviet Military. Hazing of Russian Army Conscripts in a Comparative Perspective Françoise Daucé, Elisabeth Sieca-Kozłowski, 2012-02-13 In contemporary armies violence among soldiers seems to be a universal phenomenon found in both professional and drafted armies However the comparison of violent practices in various armies around the world allows us to identify specific features linked to those countries sociological political or anthropological contexts Hazing for example seems to be more violent in the armies of transitional societies Russia Eastern Europe Latin America where social tensions encountered by citizens in their daily lives are carried over to and sometimes intensified in the military The comparison of Russian dedovshchina with the situation in other countries makes it possible to identify universal transitional and national characteristics of military violence Contents Konstantin Bannikov on the consequences of the spread throughout society of archaic violence produced by the Russian army Anna Colin Lebedev on the perception of military violence in Russian society Anton Oleyunik on informal relationships among prisoners and conscripts Kirill Podrabinek on the reasons of the prevalence of dedovshchina in the post Soviet context Igor Obraztsov on the historical roots of dedovshchina Vadim Mikhailin on the role of language in the military milieu Julie Elkner

on the Committee of Soldiers Mothers Bakit Katchekeyev on hazing in the Kyrgyz army Irakli Sesiashvili on hazing in the Georgian army Hana Cervinkova on hazing in the Czech army James Wither on bullying in the British army Eduardo Paes Machado Joris Van Bladel on dedovshchina and the all volunteer force **Freedom of Simplicity** Richard J.
