THE RISE AND DECLINE OF GOVERNMENT CONTROL

FREDRICK SEATON SIEBERT

Freedom Of The Press In England 1476 1776 The Rise And Decline Of Government Control

Bora Erdem

Freedom Of The Press In England 1476 1776 The Rise And Decline Of Government Control:

Freedom of the Press in England, 1476-1776 Fred Seaton Siebert, 1965 Through an exhaustive investigation of court cases Parliamentary discussions and official papers of such agencies as the Stationers Company Professor Siebert has put together a lucid step by step history of the rise and decline of the concept of governmental control over the circulation of ideas The period covers English practice from the time when the printing press first came into general use until the outbreak of the American Revolution The result is a history not simply of an idea but of the application and practical working of an idea back cover

Freedom of the press in England 1476-1776: the rise and decline of government controls Fredrick Seaton Siebert, **Freedom of the Press in England, 1476-1776** Fredrick Seaton Siebert, 1965 Freedom of the press in England, 1476-1776, the rise and decline of government controls, by Fredrick Seaton Siebert Fredrick Seaton Siebert, 1952

Freedom and Censorship in Early Modern English Literature Sophie Chiari, 2018-10-26 Broadening the notion of censorship this volume explores the transformative role played by early modern censors in the fashioning of a distinct English literature in the sixteenth and seventeenth centuries In early modern England the Privy Council the Bishop of London and the Archbishop of Canterbury the Stationers Company and the Master of the Revels each dealt with their own prerogatives and implemented different forms of censorship with the result that authors penning both plays and satires had to juggle with various authorities and unequal degrees of freedom from one sector to the other Text and press control thus did not give way to systematic intervention but to particular responses adapted to specific texts in a specific time If the restrictions imposed by regulation practices are duly acknowledged in this edited collection the different contributors are also keen to enhance the positive impact of censorship on early modern literature The most difficult task consists in finding the exact moment when the balance tips in favour of creativity and the zone where in matters of artistic freedom the disadvantages outweigh the benefits This is what the twelve chapters of the volume proceed to do Thanks to a wide variety of examples they show that in the Elizabethan and Jacobean eras regulations seldom prevented writers to make themselves heard albeit through indirect channels By contrast in the 1630s the increased supremacy of the Church seemed to tip the balance the other way *Freedom of the Press* Nancy C. Cornwell, 2004-11-15 An authoritative yet accessible analysis of the historical development and contemporary scope of press freedoms in America *Freedom of the Press Rights and Liberties under the Law* examines the evolution of press freedom in America a particularly relevant topic given the controversy over the role of the press in the war in Iraq as well as the growing concentration of ownership of the press and the impact of the Internet on traditional journalism An opening analysis of challenges from recent developments like Internet journalist Matt Drudge s Drudge Report illustrates the opportunities and implications of a press operating without the traditional gate keeping process A historical overview of philosophical ideas and English traditions precedes an exploration into the judicial regulatory social political and economic developments that have shaped press freedoms addressing such issues as libel free

press versus fair trial and access to courtrooms A chapter is devoted to the impact of new communication and transmission technology such as videophones and satellites *Computer-assisted Investigative Reporting* Margaret H.

DeFleur,2013-11-26 Conducting computer analyses for the purposes of revealing information of significance to the press represents an extension of one of the most important forms of American journalism into the contemporary era of new technologies Investigative reporting had its start with the establishment of the metropolitan newspaper during the early decades of the 1900s At the time it was a continuation of the evolving tradition of freedom of the press that had characterized American political life since colonial times As it developed investigative reporting stressed facts rather than the opinions of the editor or reporter In turn that tradition had its own intellectual roots Today computer assisted investigative reporting CAIR extends that marketplace of ideas into systematic examinations of the electronic records of government In addition computer analyses of other kinds of information systematically gathered by journalists can provide the press with insights into trends and patterns unlikely to be revealed by other means This unique volume addresses procedures and issues in investigative journalism that have not been explained in other publications It sets forth for the first time a detailed and specific methodology for conducting computer assisted investigative analyses of both large and small scale electronic records of government and other agencies That methodology consists of the logic of inquiry strategies for reaching valid conclusions and rules for reporting what has been revealed by the analyses to the public in clear ways Such systematic methodologies are essential in social and other sciences and the development of a counterpart for investigative journalism has been badly needed That systematic methodology is developed within a context that explains the origin and major characteristics of those elements that have come together in American society to make computer assisted investigative reporting both possible and increasingly a part of standard newsroom practices These include the development of traditional investigative journalism the evolution of computer technology the use of computers by government to keep records the legal evolution of freedom of information laws the rapid adoption of computers in newsrooms the increasing importance of precision journalism and the sharp increase in recent times of computer assisted investigative reporting by American newspapers both large and small The issues addressed in this book are discussed in a very readable context with an abundance of examples and illustrations drawn from the real world of journalism as it is practiced daily in newsrooms around the country Explanations of concepts principles and procedures are set forth in layperson s terms that require very little in the way of knowledge of computers or statistical methods **Paper Bullets** Harold M. Weber,2014-10-17 The calculated use of media by those in power is a phenomenon dating back at least to the seventeenth century as Harold Weber demonstrates in this illuminating study of the relation of print culture to kingship under England s Charles II Seventeenth century London witnessed an enormous expansion of the print trade and with this expansion came a revolutionary change in the relation between political authority especially the monarchy and the printed word Weber argues that Charles reign was

characterized by a particularly fluid relationship between print and power The press helped bring about both the deconsecration of divine monarchy and the formation of a new public sphere but these processes did not result in the progressive decay of royal authority Charles fashioned his own semiotics of power out of the political transformations that had turned his world upside down By linking diverse and unusual topics the escape of Charles from Worcester the royal ability to heal scrofula the sexual escapades of the merry monarch and the trial and execution of Stephen College Weber reveals the means by which Charles took advantage of a print industry instrumental to the creation of a new dispensation of power one in which the state dominates the individual through the supplementary relationship between signs and violence Weber s study brings into sharp relief the conflicts involving public authority and printed discourse social hierarchy and print culture and authorial identity and responsibility conflicts that helped shape the modern state *Authorial Personality and the Making of Renaissance Texts* Douglas S. Pfeiffer, 2022 Studying texts by Lorenzo Valla Erasmus Saint Jerome George Gascoigne and Fulke Greville this volume explores authorial character as an instrument of textual analysis in the scholarship of early Renaissance literature *Entick v Carrington* Adam Tomkins, Paul F Scott, 2015-09-24 Entick v Carrington is one of the canons of English public law and in 2015 it is 250 years old In 1762 the Earl of Halifax one of His Majesty s Principal Secretaries of State despatched Nathan Carrington and three other of the King s messengers to John Entick s house in Stepney They broke into his house seizing his papers and causing significant damage Why Because he was said to have written seditious papers published in the Monitor Entick sued Carrington and the other messengers for trespass The defendants argued that the Earl of Halifax had given them legal authority to act as they had Lord Camden ruled firmly in Entick s favour holding that the warrant of a Secretary of State could not render lawful actions such as these which were otherwise unlawful The case is a canonical statement of the common law s commitment to the constitutional principle of the rule of law In this collection leading public lawyers reflect on the history of the case the enduring importance of the legal principles for which it stands and the broader implications of Entick v Carrington 250 years on Winner of the American Society for Legal History Sutherland Prize 2016 *Medical Conflicts in Early Modern London* Margaret Pelling, Frances White, 2006-05-06 Physicians have had a major role in framing the middle class values of modern western society especially those relating to the professions This book questions the bases of this hegemony by looking first at the early modern physician s insecurities in terms of status and gender and then at the wider world of medicine in London which the College of Physicians sought to suppress The College s proceedings against irregular practitioners constitute a case study in the regulation of an occupation critical for the well being of contemporary Londoners However the College was it is argued an anomalous body detached from most other forms of male authority in the urban context and its claims lacked social recognition It used stereotyping to construct an account designed for higher authority but at the same time its regulatory efforts were constantly undermined by the effects of patronage The so called irregular practitioners emerge as extremely

diverse in country of origin religious belief and levels of formal education yet the full analysis provided here also shows that most were literate and that a significant number later became members of the College Many were London artisans barber surgeons and apothecaries who can be seen as the excluded middle between the two better known extremes of the physician and the quack In suppressing artisan practitioners the College was also seeking to suppress contractual or citizen medicine an alternative system of structuring relations between the active patient and the practitioner which was fully integrated in contemporary urban custom and practice but which has since disappeared The College s selective account also inadvertently reveals the existence of female artisans who practised medicine outside the household routinely and for payment Although distorted by the College s proximity to the Crown and to elite patrons the Annals of the College give access to the rich variety of medical practice in early modern London and to the forms of resistance and self presentation with which those outside the College justified or denied their identity as practitioners

Lost in Translation, Found in Transliteration Alex

Kerner, 2018-06-12 In *Lost in Translation Found in Transliteration* Alex Kerner examines London s Spanish Portuguese Jews congregation in the seventeenth and eighteenth centuries as a community that delineated its identity not only along ethnic and religious lines but also along the various languages spoken by its members By zealously keeping Hebrew and Spanish for prayer and Portuguese for community administration generations of wardens attempted to keep control over their community alongside a tough censorial policy on book printing Clinging to the Iberian languages worked as a bulwark against assimilation adding language to religion as an additional identity component As Spanish and Portuguese speaking generations were replaced with younger ones English permeated daily and community life intensifying assimilationist trends His focus on books as an indicator of the importance of language in the London community is well presented and Kerner s clear description of the varying uses of Spanish Portuguese and Hebrew and later English by the Sephardim in London gives a good survey of the changes in the community over the 150 years covered by the book Highly recommended Michelle Chesner Columbia University in Association of Jewish Libraries News and Reviews 1 1 2019 Alex Kerner s admirable study is a valuable contribution to our knowledge of the interrelationships between language and censorship and their maintenance of community identity Barry Taylor The British Library London in *Bulletin of Spanish Studies* 96 2019 This volume is a significant contribution to the well researched history of the Spanish and Portuguese Jews of London providing a clear and nuanced in depth analysis of the reasons for and history of its censorship policy Wendy Filer King s College London UK in *Journal of Jewish Studies* 70 2 2019

The Routledge Companion to British Media History Martin Conboy, John

Steel, 2014-09-15 *The Routledge Companion to British Media History* provides a comprehensive exploration of how different media have evolved within social regional and national contexts The 50 chapters in this volume written by an outstanding team of internationally respected scholars bring together current debates and issues within media history in this era of rapid change and also provide students and researchers with an essential collection of comparable media histories The Routledge

Companion to British Media History provides an essential guide to key ideas issues concepts and debates in the field Chapter 40 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license <https://www.routledgehandbooks.com/doi/10.4324/9781315756202.ch40> *Women in the Seventeenth-Century Quaker Community* Catie Gill, 2017-03-02 Focussing on Quaker pamphlet literature of the commonwealth and restoration period Catie Gill seeks to explore and explain women's presence as activists writers and subjects within the early Quaker movement *Women in the Seventeenth Century Quaker Community* draws on contemporary resources such as prophetic writing prison narratives petitions and deathbed testimonies to produce an account of women's involvement in the shaping of this religious movement The book reveals that far from being of marginal importance women were able to exploit the terms in which Quaker identity was constructed to create roles for themselves in public and in print that emphasised their engagement with Friends religious and political agenda Gill's evidence suggests that women were able to mobilise contemporary notions of femininity when pursuing active roles as prophets martyrs mothers and political activists The book's focus on collective Quaker identities which arises from its analysis of multiple authored texts is key to its claims that gender issues have to be considered when analysing the sect's emergent system of values and Gill assesses the representation of women in male authored texts in addition to female writers attitudes to agency A bibliography that for the first time lists men and women's involvement as contributors as well as authors to Quaker pamphlets provides a valuable resource for scholars of seventeenth century radicalism

The Social Life of Coffee Brian Cowan, 2008-10-01 What induced the British to adopt foreign coffee drinking customs in the seventeenth century Why did an entirely new social institution the coffeehouse emerge as the primary place for consumption of this new drink In this lively book Brian Cowan locates the answers to these questions in the particularly British combination of curiosity commerce and civil society Cowan provides the definitive account of the origins of coffee drinking and coffeehouse society and in so doing he reshapes our understanding of the commercial and consumer revolutions in Britain during the long Stuart century Britain's virtuosi gentlemanly patrons of the arts and sciences were profoundly interested in things strange and exotic Cowan explores how such virtuosi spurred initial consumer interest in coffee and invented the social template for the first coffeehouses As the coffeehouse evolved rising to take a central role in British commercial and civil society the virtuosi were also transformed by their own invention

Political Controversy Robert D. Spector, 1992-02-28 This work provides the first full scale examination of the eighteenth century periodical *Political Controversy* and of the essay sheets reprinted therein *Briton Auditor North Briton and Monitor* These essay sheets were published in England at the end of the Seven Years War with France in support of and in opposition to Lord Bute's proposed terms in the treaty negotiations *Political Controversy* reprinted the essay sheets weekly along with the editor's annotations material from other publications and original contributions from readers The journal provides modern readers with a good example of eighteenth century propaganda

techniques and is a guide to the issues revolving around the war the struggle for governmental control the British Empire and the liberty of the press This book provides a clear analysis of the methods used in the political propaganda of the journal and the essay sheets including the writings of three significant authors Tobias Smollett Arthur Murphy and John Wilkes The work opens with a discussion of the essay sheets and their relationship to one another and follows with two chapters devoted to Political Controversy The final chapter covers the most significant case for freedom of the press in England up to that time North Briton No 45 This book will be of interest to scholars and students concerned with journalism history political science and literature

The Ordeal of the Turkish Press Bora Erdem, 2018-07-01 Press freedom plays a significant role in creating public awareness via accurately informing the society It performs this duty within the framework of respect to diversity of opinions and individual right to self governance which is particularly indispensable to liberal democracies Press freedom is a different form of freedom of expression which is included in the most fundamental human rights documents such as the UN Universal Declaration of Human Rights the UN Universal Covenant on Civil and Political Rights and the European Convention on Human Rights ECHR Freedom of expression has been protected under Article 10 of the ECHR This article draws the boundaries of this right as freedom to hold opinions and impart information and ideas without interference by public authority and regardless of frontiers The article then instructs the acceptable limits of this freedom In order for a restriction of freedom of expression be valid it must be prescribed by law first and secondly it must be necessary in a democratic society and finally it must be only aimed for the listed legitimate causes as specified in this article Despite the protection of the ECHR Article 10 Turkey has seen frequent interventions on the press due to political pressure and the ownership structure of the media in the country And consequently numerous violation judgments have been delivered by the European Court of Human Rights ECtHR which will be analyzed in terms the reasons for violations and the cases of legitimate restrictions on press freedom Additionally this book will give a detailed trajectory of press freedom in Turkey in the light of court decisions European Union Progress Reports and statements of press unions

Read All About It! Kevin Williams, 2009-09-16 This Text book traces the evolution of the newspaper documenting its changing form style and content as well as identifying the different roles ascribed to it by audiences government and other social institutions Starting with the early 17th century when the first prototype newspapers emerged through Dr Johnson the growth of the radical press in the early 19th century the Lord Northcliffe revolution in the early 20th century the newspapers wars of the 1930s and the rise of the tabloid in the 1970s right up to Rupert Murdoch and the online revolution the book explores the impact of the newspapers on our lives and its role in British society Using lively and entertaining examples Kevin Williams illustrates the changing form of the newspaper in its social political economic and cultural context As well as telling the story of the newspaper he explores key topics in detail making this an ideal text for students of journalism and the British newspaper Issues include newspapers and social change the changing face of regional newspapers the impact of new technology

development of reporting techniques forms of press regulation *The Idea of Authorship in Copyright* Lior

Zemer, 2017-03-02 As information flows become increasingly ubiquitous in our post digital environment the challenges to traditional concepts of intellectual property and the practices deriving from them are immense The romantic understanding of the lone author as an endless source of new creations has to face these challenges In order to do so this work presents a collectivist model of intellectual property rights The core argument is that since copyright works enjoy profit from significant public contribution they should not be privately owned but considered to be a joint enterprise made real by both the public and author It is argued that every copyright work depends on and is reflective of the author's exposure to externalities such as language culture and the various social events and processes that occur in the public domain therefore copyright works should not be regarded as exclusive private property The study takes its organizing principle from John Locke defining and proving the fatal flaw inherent in debates on copyright on the one hand the copyright community is eager to arm authors with a robust property right over their creation while on the other this community totally ignores the fact that the exposure of the individual to externalities is what makes him or her capable of creating material that is copyrightable Just as Locke was against the absolute authority of kings the expressed view of the study is against the exclusive right an author can claim

Reading Gossip in Early Eighteenth-Century England Nicola Parsons, 2015-12-11 This book analyzes the relation between print cultures and eighteenth century literary and political practices and identifying Queen Anne's England as a crucial moment in the public life of gossip offers readings of key texts that demonstrate how gossip's interpretative strategies shaped readers participation in the literary and public spheres
