Freedom Of Information The Law The Practice And The Ideal

Emmanuel Saffa Abdulai

Freedom Of Information The Law The Practice And The Ideal:

Freedom of Information Patrick Birkinshaw,2010-04-01 Enacted in 2000 and in operation in the UK since 2005 the Freedom of Information FOI Act has revealed information which has generated calls for constitutional reform A massive information jurisprudence has developed through the decisions of the Information Commissioner the Information Tribunal and the courts Governments responses to the war on terror have involved increased resort to claims of national security and accompanying secrecy but these developments have to exist alongside demands for FOI and transparency FOI has to balance access to and protection of personal information and major amendments have been made to the Data Protection Act in order to balance the competing demands of transparency and privacy This detailed discussion of FOI laws and personal data laws examines the historical development of secrecy national security and government and their modern context *Freedom of Information in Scotland in Practice* Kevin Dunion,2014-03-18 No detailed description available for Freedom of Information in Scotland in Practice *Freedom of Information Law and Good Governance* Emmanuel Saffa Abdulai,2021-10-15 This book argues that Sierra Leone s ten year civil conflict demonstrates the criticality of freedom of information FOI as a facet of good governance where corruption thrives spanning both public and private sectors if Sierra Leone s continued security and stability are to be ensured It argues that it was the absence of an anti corruption tool like FOI and its attendants transparency and accountability in governance generally and in the area of the extractive industry in particular that lead to other social phenomena which directly sparked the war It proffers that for the continued consolidation of peace security stability and development in Sierra Leone transparency and accountability must be ensured by protecting and implementing the demand driven anti graft FOI Straddling the disciplines of law political science public policy and history the book s major premise is that it was the absence of FOI in the area of governance and the extractive industry which enabled politicians civil servants and the politically connected to ransom and exploit Sierra Leone s mineral resources for their own profit with impunity a state of affairs which led to underdevelopment state collapse and an embittered civil populace especially the youth The book postulates that as such any attempt to ensure long term peace in Sierra Leone should seek to avoid replicating the conditions that gave rise to that gruesome conflict elites expropriation of national resources through endemic graft The book proposes the comprehensive and effective implementation of the Right to Information Act 2013 *Public Law in a Troubled Era* Katarzyna Gromek-Broc,2023-07-14 Public law which examines relations between governments and institutions and individuals has in recent years become deeply disturbed by an erosion of the rule of law notably in some of the world s most professedly democratic nations In this book of edited essays many of the world s leading public lawyers draw on examples from the United Kingdom European States and the European Union EU to explore the alarming tensions unleashed as Europe is rocked by Brexit the war between nations on the EU border and the worldwide phenomenon of populist resistance to globalised forces and liberal democratic aspirations The book is dedicated to Professor Patrick

Birkinshaw who until his retirement was Director of the Institute of European Public Law and Professor of Public Law at the University of Hull and widely respected as a leading authority on public law With a focus on public law and European public law jurisprudence with hugely important global ramifications the contributions continue his work and crucially deal with the new and troubling shape of the law politics relationship The essays examine these developments under four headings Law in a World Turned Upside Down with essays on e g Brexit the denial of human rights and the rule of law in Hungary climate change governance Law and Politics A Shifting Boundary showing how advances in the courts have prompted reaction to curtail judicial review and human rights protection especially evident in the fading mirage of fair trial rights and administration on the EU periphery Law s Promise specifying real achievements in the way of reform and higher levels of security for individuals and New Bearings exploring initiatives and emerging problems including reform of judicial review the European Banking Law digitalization of public administration and institutional interactions with the Chinese 1982 Constitution The book brings together leading university professors public officials and judges all experts in their respective fields All are concerned with a central role for law in the process of governance This unrivalled volume penetrates the contradictions uncertainties and insecurities that plague this topic of worldwide interest and debate and will prove invaluable to practitioners public administrators jurists judges and legal academics everywhere It will also be of interest to political scientists and politicians In its completely original and innovative discussions of the changes taking place at the interface of law and politics and of how law can enhance certainty and reliability in governance this book provides a most detailed and insightful analysis of the new bearings in public law in Europe and worldwide

Freedom of Information and National Security Amin Pashaye Amiri, 2015-01-06 Protecting sensitive national security information is among a government s most significant duties However this concept may be used to adversely limit the public s right to access to government held information Therefore striking a reasonable balance between these competing interests is of great importance for any society How important to the creation of such a balance is effective judicial review of government decisions denying public access to information on national security grounds How should judicial review of these decisions be conducted Freedom of Information and National Security A Study of Judicial Review under U S Law seeks to answer these questions It offers proposals for the improvement of judicial review of public bodies decisions in the U S and provides suggestions for conducting effective judicial review in other countries

Freedom of Information and Social Science Research Design Kevin Walby, Alex Luscombe, 2019-11-25 This multidisciplinary volume demonstrates how Freedom of Information FOI law and processes can contribute to social science research design across sociology criminology political science anthropology journalism and education Comparing the use of FOI in research design across the United Kingdom the United States Australia Canada and South Africa it provides readers with resources to carry out FOI requests and considers the influence such requests can have on debates within multiple disciplines In addition to exploring how scholars can use FOI disclosures in conjunction with

interview data archival data and other datasets this collection explains how researchers can systematically analyse FOI disclosures Considering the challenges and dilemmas in using FOI processes in research it examines the reasons why many scholars continue to rely on more easily accessible data when much of the real work of governance the more clandestine but consequential decisions and policy moves made by government officials can only be accessed using FOI requests

Freedom of Information Robert G. Vaughn, 2017-07-05 This volume contains articles examining freedom of information statutes including those protecting government employees who expose official misconduct Using United States laws as examples the articles explore the relationship of these laws to administrative and constitutional theory in the United States In addition they demonstrate how varying conceptions of information illuminate the controversies in the application of these laws to the revolution in the electronic storage and retrieval of information The articles allow the reader to speculate how the connection of these laws to liberal democratic theory explains their recent adoption in several countries and their international application

Constitutional and Administrative Law Roger Masterman, Colin Murray, 2022-06-02 Provides an accessible discursive and scholarly treatment of the key contemporary issues in UK Public Law *Methods of Criminology and Criminal Justice Research* Mathieu Deflem, Derek M.D. Silva, 2019-08-26 As scholarly work on crime deviance criminal justice and social control advances and sophisticated methods of investigation develop chapter authors demonstrate the methodological maturity and diversity of current empirical research in criminology and criminal justice

The Impact of the Freedom of Information Act on Central Government in the UK R. Hazell, B. Worthy, M. Glover, 2010-08-11 Based on interviews with officials requesters and journalists as well as a survey of FOI requesters and a study of stories in the national media this book offers a unique insight into how the Freedom of Information Act 2000 really works *Routledge Handbook of Constitutional Law* Mark Tushnet, Thomas Fleiner, Cheryl Saunders, 2013-06-26 The Routledge Handbook of Constitutional Law is an advanced level reference work which surveys the current state of constitutional law Featuring new specially commissioned papers by a range of leading scholars from around the world it offers a comprehensive overview of the field as well as identifying promising avenues for future research The book presents the key issues in constitutional law thematically allowing for a truly comparative approach to the subject It also pays particular attention to constitutional design identifying and evaluating various solutions to the challenges involved in constitutional architecture The book is split into four parts for ease of reference Part One General issues sets issues of constitutional law firmly in context including topics such as the making of constitutions the impact of religion and culture on constitutions and the relationship between international law and domestic constitutions Part Two Structures presents different approaches in regard to institutions or state organization and structural concepts such as emergency powers and electoral systems Part Three Rights covers the key rights often enshrined in constitutions Part Four New Challenges explores issues of importance such as migration and refugees sovereignty under pressure from globalization Supranational

Organizations and their role in creating post conflict constitutions and new technological challenges Providing up to date and authoritative articles covering all the key aspects of constitutional law this reference work is essential reading for advanced students scholars and practitioners in the field Secrecy and Open Government K. Robertson,1999-03-07 Does the Labour Government's commitment to Freedom of Information mean the end of excessive secrecy in the UK Why has Britain finally decided to join the many other countries that enjoy a right to know This book places the current UK debate over open government in its political context Robertson argues that just as secrecy reflected the interests of the powerful so too does freedom of information This is a radical and challenging alternative to the conventional view that open government is concerned with empowering the people The Changing Constitution Jeffrey L. Jowell,Dawn Oliver,Colm O'Cinneide,2015 Since its first edition in 1985 The Changing Constitution has cemented its reputation for providing concise scholarly and thought provoking essays on the key issues surrounding the UK's constitutional development and the current debates around reform The eighth edition of this highly successful volume is published at a time of accelerated constitutional change This collection of essays brings together fourteen expert contributors to offer an invaluable source of material and analysis for all students of constitutional law and politics Online Resource Centre This book is accompanied by an Online Resource Centre which includes updates on key developments a library of web links and a timeline of key dates in British legal and political history *Investigative Journalism* Hugo de Burgh,2000 Investigative Journalism is a critical and reflective introduction to the traditions and practices of investigative journalism It combines interviews with journalists researchers editors and television producers International Encyclopedia of Public Policy and Administration Volume 2 Jay M. Shafritz,2019-03-22 This encyclopedia includes entries on the concepts issues and theories starting with alphabets D to K that define public policymaking evaluation management and implementation It also includes entries on the individuals commissions and organizations that have contributed to these fields Transparency in International Law Andrea Bianchi,Anne Peters,2013-11-07 While its importance in domestic law has long been acknowledged transparency has until now remained largely unexplored in international law This study of transparency issues in key areas such as international economic law environmental law human rights law and humanitarian law brings together new and important insights on this pressing issue Contributors explore the framing and content of transparency in their respective fields with regard to proceedings institutions law making processes and legal culture and a selection of cross cutting essays completes the study by examining transparency in international law making and adjudication **Currents of Archival Thinking** Heather MacNeil,Terry Eastwood,2017-01-09 With new technologies and additional goals driving their institutions archives are changing drastically This book shows how the foundations of archival practice can be brought forward to adapt to new environments while adhering to the key principles of preservation and access Archives of all types are experiencing a resurgence evolving to meet new environments digital and physical and new priorities To meet those changes professional archivist education

programs now one of the more active segments of LIS schools are proliferating as well This book identifies core archival theories and approaches and how those interact with major issues and trends in the field The essays explore the progression of archival thinking today discussing the nature of archives in light of present day roles for archivists and archival institutions in the preservation of documentary heritage Examining new conceptualizations and emerging frameworks through the lenses of core archival practice and theory the book covers core foundational topics such as the nature of archives the ruling concept of provenance and the principal functions of archivists discussing each in the context of current and future environments and priorities Several new essays on topics of central importance not treated in the first edition are included such as digital preservation and the influence of new technologies on institutional programs that facilitate archival access advocacy and outreach the changing legal context of archives and archival work and the archival collections of private persons and organizations Readers will also learn how communities of various kinds intersect with the archival mission and how other disciplines perspectives on archives can open new avenues

Making Commercial Law Through Practice 1830-1970 Ross Cranston, 2021-05-27 Making Commercial Law Through Practice 1830 1970 adds a new dimension to the history of Britain's commerce trade manufacturing and financial services by showing how they have operated in law over the last one hundred and forty years In the main law and lawyers were not the driving force regulation was largely absent and judges tended to accommodate commercial needs so that market actors were able to shape the law through their practices Using legal and historical scholarship the author draws on archival sources previously unexploited for the study of commercial practice and the law's role in it This book will stimulate parallel research in other subject areas of law Modern commercial lawyers will learn a great deal about the current law from the story of its evolution and economic and business historians will see how the world of commerce and trade operated in a legal context

Public Law Mark Elliott, Robert Thomas, 2011-03-17 Public Law is a high quality introductory textbook that comprehensively covers the key topics found on undergraduate public law courses Three key themes that permeate all of the content allow students to approach the content in a structured and easy to understand way and questions posed throughout the chapters give students the opportunity to provide answers that show how their knowledge has increased as the chapter progresses The key themes are The significance of executive power in the contemporary constitution and the challenge of ensuring that those who wield it are held to account The shift in recent times from a more political to a more legal constitution and the implications of this change The increasingly multi layered character of the British constitution Online Resource Centre Public Law is accompanied by a free open access Online Resource Centre www.oxfordtextbooks.co.uk/orc/elliott_thomas which offers the following resources to support students Figures from the book reproduced online A list of useful websites for students Regularly posted legal and political updates for the book A testbank of questions for tutors to assess students progress This book has been highly endorsed by lecturers for level of coverage accuracy and the manner in which the three themes provide an excellent

backdrop to the book's content I think it will be a very welcome addition to the range of text books available and I suspect that it will become my personal favourite Barbara Mauthe Lancaster University I found the book impressive and likely to be of interest and use to a great many It is written in a style that is pitched about the right level It was easy to understand and provides for me a good blend of black letter law and socio political context David Mead University of East Anglia Written by two experienced teachers of the subject Public Law is an essential new text that focuses on what students need to engage with and understand this challenging subject

From the "democratic Deficit" to a "democratic Surplus" Athanasios Psygkas, 2017 Challenging the conventional narrative that the European Union suffers from a democratic deficit Athanasios Psygkas argues that EU mandates have enhanced the democratic accountability of national regulatory agencies This is because EU law has created entry points for stakeholder participation in the operation of national regulators these avenues for public participation were formerly either not open or not institutionalized to this degree By focusing on how the EU formally adopted procedural mandates to advance the substantive goal of creating an internal market in electronic communications Psygkas demonstrates that EU requirements have had significant implications for the nature of administrative governance in the member states Drawing on theoretical arguments in favor of decentralization traditionally applied to substantive policy making this book provides insight into regulatory processes to show how the decentralized EU structure may transform national regulatory authorities into individual loci of experimentation that might in turn develop innovative results It thus contributes to debates about federalism governance and public policy as well as about deliberative and participatory democracy in the United States and Europe This book informs current understandings of regulatory agency operations and institutional design by drawing on an original dataset of public consultations and interviews with agency officials industry and consumer group representatives in Paris Athens Brussels and London The on the ground original research provides a strong foundation for the directions the case law could take and small and larger scale institutional reforms that balance the goals of democracy accountability and efficiency

This book delves into Freedom Of Information The Law The Practice And The Ideal. Freedom Of Information The Law The Practice And The Ideal is a crucial topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Freedom Of Information The Law The Practice And The Ideal, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Freedom Of Information The Law The Practice And The Ideal
 - Chapter 2: Essential Elements of Freedom Of Information The Law The Practice And The Ideal
 - Chapter 3: Freedom Of Information The Law The Practice And The Ideal in Everyday Life
 - Chapter 4: Freedom Of Information The Law The Practice And The Ideal in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Freedom Of Information The Law The Practice And The Ideal. This chapter will explore what Freedom Of Information The Law The Practice And The Ideal is, why Freedom Of Information The Law The Practice And The Ideal is vital, and how to effectively learn about Freedom Of Information The Law The Practice And The Ideal.
 3. In chapter 2, this book will delve into the foundational concepts of Freedom Of Information The Law The Practice And The Ideal. This chapter will elucidate the essential principles that must be understood to grasp Freedom Of Information The Law The Practice And The Ideal in its entirety.
 4. In chapter 3, the author will examine the practical applications of Freedom Of Information The Law The Practice And The Ideal in daily life. This chapter will showcase real-world examples of how Freedom Of Information The Law The Practice And The Ideal can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Freedom Of Information The Law The Practice And The Ideal in specific contexts. This chapter will explore how Freedom Of Information The Law The Practice And The Ideal is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Freedom Of Information The Law The Practice And The Ideal. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Freedom Of Information The Law The Practice And The Ideal.
