nation are being tested American suburbs are home to increasing numbers of first and second generation immigrants who may actually be bypassing the city to settle directly into the neighborhoods that their predecessors have already begun to plant roots in a trajectory that leads to nativist ordinances and other forms of xenophobia In *Lady Liberty's Shadow* examines popular white perceptions of danger represented by immigrants and their children as well the specter that lurks at the edges of suburbs in the shape of black and Latino urban underclasses and the ever more nebulous hazard of presumed Islamic terrorism that threatening to undermine life as we know it Robyn Magalit Rodriguez explores the impact of anti immigrant municipal ordinances on a range of immigrant groups living in varied suburban communities from undocumented Latinos in predominantly white suburbs to long established Asian immigrants in majority minority suburbs The American Dream that suburban life is supposed to represent is shown to rest on a racialized segregated social order meant to be enjoyed only by whites Although it is a case study of New Jersey In *Lady Liberty's Shadow* offers crucial insights that can shed fresh light on the national immigration debate For more information go to <https://www.facebook.com/inlibertyssshadow>

Delta is the most comprehensive compilation and study of various aspects of the history of the Urhobo people of Nigeria's Niger Delta. It begins with an examination of the prehistory of the region with particular focus on the Urhobo and their close ethnic neighbour the Isoko. The book then embarks on a close assessment of the advent of British imperialism in the Western Niger Delta. History of The Urhobo People of Niger Delta also probes the arrival and impact of Western Christian missions in Urhoboland. Urhobo history is notable for the sharp challenges that the Urhobo people have faced at various points of their difficult existence in the rainforest and deltaic geographical formation of Western Niger Delta. Their history of migrations and their segmentation into twenty-two cultural units were in large part efforts aimed at overcoming these challenges. History of The Urhobo People of Niger Delta includes an evaluation of modern responses to challenges that confront the Urhobo people following the onrush of a new era of European colonization and introduction of a new Christian religion into their culture. The formation of Urhobo Progress Union and of its educational arm of Urhobo College is presented as the Urhobo response to modern challenges facing their existence in Western Niger Delta and Nigeria. History of The Urhobo People of Niger Delta extends its purview to various other fragments of the Urhobo historical and cultural experience in modern times. These include the difficulties that have arisen from petroleum oil exploration in the Niger Delta in post-colonial Nigeria.

*The Enlightened Bracketologist* Nigel Holmes, Richard Sandimir, Mark Reiter, 2008-12-09

Every March the NCAA men's basketball tournament blankets newspapers and the Internet and attracts millions of television viewers over the course of three weeks. Will a perennial favorite like Duke win? Or will it be a dark horse like Gonzaga? The phenomenon known as March Madness galvanizes a nation of viewers as few other sports events can. The reason Bracketology America eagerly watches as 64 teams become 32 then 16 then 8 then 4 then 2 and finally 1. Now it's time to use the same rigorous method for everything that really matters in culture: people, history, the arts, and more. In *The Enlightened Bracketologist* the editors have organized the world's most haunting and maddeningly subjective questions into a scheme of binary pairings that finally reveal what is truly the best in its class: La Tache or Chateau Latour? 1. Barry Bonds or Terrell Owens? 2. Vissidarte or Dove Sono? 3. OJ verdict or JFK assassination? 4. Top of the world Ma or Nobody's perfect? 5. Two by two. *The Enlightened Bracketologist* pits our cultural mainstays against each other; only the finest survive. Every double-page spread of this book will contain a series of brackets compiled by experts and celebrities with text callouts that highlight the reason why one competitor moves on and another doesn't.
