emanating from the organisation itself before a change in public regard occurred during the later twentieth century This change in the public mood the book argues was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press Through an examination of the subject of Freemasonry and the British press a number of related social trends are addressed including the decline of deference the erosion of privacy greater competition in the media the emergence of more aggressive and investigative journalism the consequences of media isolation and the rise of professional Public Relations The book also illuminates the organisation s collisions with nationalism communism and state welfare provision As such the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain **The Ecclesiastical Review** ,1917 *New Age Magazine* ,1914 The Builder ,1929 Grand Lodge Bulletin. Grand Lodge of Iowa, AFAM ,1916 **Freemasonry, When, Where, How?** George Thornburgh,1914
