*The View from Inside* Jane Jenson, George Ross, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984 *The French Communist Party* Maxwell Adereth, 1984 *The French Communist Party During the Fifth Republic* Gino G. Raymond, 2005-08-10 The demise of the French Communist Party PCF has been a recurrent feature of overviews of the Left in France for the past two decades and yet the Communists survive This study examines the factors that undermined the position of the PCF as the premier party of France but also highlights the challenges that the party faces in a society disillusioned with politics and the new strategies that it is developing in order to revive its fortunes *The French and Italian Communist Parties* Cyrille Guiat, 2003 This volume is a systematic comparative study of the French and Italian Communist parties in the period from the early 1960s to the early 1980s *The French Communist Party in the Fifth Republic* David Scott Bell, Byron Criddle, 1994 This up to date analysis of the French Communist Party sees it as an entirely unconventional political force not a normal party vying for office but a Leninist bureaucracy armed with an apocalyptic mission to deliver humanity from capitalism Its interests have been defined as part of an outpost of a world revolutionary movement and whilst its strategies may have varied they have done so in order to serve Soviet foreign policy purposes D S Bell and Byron Criddle trace the history of the Communist Party in France from its origins They focus in particular on the period since 1958 and explore the Party's unique organizational structures and international loyalties They examine structure and ideology relations with the Socialist party electoral performance and the 1980's decline in the Party's fortunes This study will be essential reading for all students of contemporary French history and politics **French Communism, 1920-1972** Ronald Tiersky, 1974-08-22 *The French Communist Party* **Intellectuals and the French Communist Party** Sudhir Hazareesingh, 1991 This work examines the emergence and subsequent demise of intellectual identification with the French Communist Party arguing that after 1978 political conflicts between the Communist leadership and party intellectuals led to an erosion of support *The French Communist Party During the Fifth Republic* Gino G. Raymond, 2005-08-10 The demise of the French Communist Party PCF has been a recurrent feature of overviews of the Left in France for the past two decades and yet the Communists survive This study examines the factors that undermined the position of the PCF as the premier party of France but also highlights the challenges that the party faces in a society disillusioned with politics and the new strategies that it is developing in order to revive its fortunes **One Hundred Years of History of the French Communist Party** Roger Martelli, Jean Vigreux, Serge Wolikow, 2022-09-14 The Communist Party appeared a hundred years ago on the French political and social scene According to opinions and moments it has been the party of Moscow of those

shot of the working class of the union of the left the party of the foreigner or that of the nation It has been underground in government in town halls in factories or in the streets Some considered it too revolutionary others not enough More than others it aroused passions positive or negative It attracted many and repelled just as many After the fall of the USSR it decided to remain a communist party while many others gave it up But it no longer has the place it once had in reality as in the imagination This book does not intend to judge but to provide keys to understanding It is based on a considerable number of archives that are now available and is an ordered and distanced look at an object that is not lacking in complexity and no doubt even in mystery This book has been translated from French to English thanks to a financial help from the Gabriel P ri Foundation and the LIR3S UMR Cnrs 7366 of Dijon

*The French Communist Party and the Crisis of International Communism* Francois Fejtó, 1967-02 Several key questions are the focus for this study of the French Communist Party and its role in the crisis engulfing the international Communist movement What has been the historical relationship of the Parti communiste français to Moscow How did de Stalinization East European upheavals in 1956 and Sino Soviet differences affect that relationship Why has the PCF continued to remain an important ally of the Soviets Mr Fejtó answers these questions with a detailed discussion of the integration of French communism into the political life of France Taking a partly sociological approach he establishes the bases for the appeal of communism in France then he describes French domestic and foreign politics in relation to developments in the Soviet Union and to changes in the international Communist movement His approach here is to give a roughly chronological account of PCF response to developments at home and abroad in part through a discussion of official party congresses He amplifies his discussion of French communism by comparing and contrasting it to the Communist Party in Italy where advanced industrialization and a highly influential domestic party have made the two countries rough counterparts in the structure of world Communist activity Mr Fejtó's many points of emphasis allow him to draw certain conclusions about the present and future character of the French Communist Party conclusions that center around public support for the party on French soil and increasingly shrewd management of relations with Communist and non Communist interests represented at home and abroad One of the particular advantages of this study is that it is firmly embedded in French history and politics An authoritative and highly perceptive treatment of the subject *The French Communist Party and the Crisis of International Communism* will be an indispensable entry on any reading list in Communist affairs especially in the influence of pivotal Communist parties loosely associated with the West François Fejtó is uniquely qualified to write about the Parti communiste français Of Hungarian origin he has lived in France for nearly thirty years His historical works on Central Europe include a biography of the Austrian Emperor Joseph II and the standard *Histoire des démocraties populaires* More recently he has published the only serious work in French on the Sino Soviet dispute *Chine U R S S Vol I La fin d'une hégémonie Les origines du grand schisme communiste 1950 1957* Paris Pion 1964 *Vol II Le Conflit Le développement du grand schisme communiste 1958 1965* Paris Pion 1966 Volume 9 *Studies in International*

Rieber, 1962 Looks at the years from 1941 1947 when the Soviet Union the United States and Great Britain became allies in order to defeat Hitler and reconstruct war torn Europe The study focuses on the French Communist Party as one of the largest groups supporting Soviet aims in Western Europe      **The French Communist Party 1920-1967** Katharine Tiffany Bartlett, 1968      *The New Jacobins; the French Communist Party and the Popular Front* Daniel R. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
