French Feminism in the 19th Century Claire Goldberg Moses, 1984-01-01 Histories of France have erased the feminist presence from nineteenth century political life and the feminist impact from the changes that affected the lives of the French Now French Feminism in the Nineteenth Century completes the history books by restoring this missing and vital chapter of French history The book recounts the turbulent story of nineteenth century French feminism placing it in the context of the general political events that influenced its development It also examines feminist thought and activities using the very words of the women themselves in books newspapers pamphlets memoirs diaries speeches and letters Featured is a wealth of previously unpublished personal letters written by Saint Simonian women These engrossing documents reveal the nuances of changing consciousness and show how it led to an autonomous women s movement Also explored are the relationships between feminist ideology and women s actual status legal social and economic during the century Both bourgeois and working class women are surveyed Beginning with a general survey of feminism in France the book provides historical context and clarifies the later vicissitudes of the condition feminine

Daughters of 1968 Lisa Greenwald, 2019-01-01 Daughters of 1968 is the story of French feminism between 1944 and 1981 when feminism played a central political role in the history of France The key women during this epoch were often leftists committed to a materialist critique of society and were part of a postwar tradition that produced widespread social change revamping the workplace and laws governing everything from abortion to marriage The May 1968 events with their embrace of radical individualism and antiauthoritarianism triggered a break from the past and the women s movement split into two strands One became universalist and intensely activist the other particularist and less activist distancing itself from contemporary feminism This theoretical debate manifested itself in battles between women and organizations on the streets and in the courts The history of French feminism is the history of women s claims to individualism and citizenship that had been granted their male counterparts at least in principle in 1789 Yet French women have more often donned the mantle of particularism advancing their contributions as mothers to prove their worth as citizens than they have thrown it off claiming absolute equality The few exceptions such as Simone de Beauvoir or the 1970s activists illustrate the diversity and tensions within French feminism as France moved from a corporatist and tradition minded country to one marked by individualism and modernity

French Feminism in the 19th Century Claire G. Moses, 1985-06-30 Histories of France have erased the feminist presence from nineteenth century political life and the feminist impact from the changes that affected the lives of the French Now French Feminism in the Nineteenth Century completes the history books by restoring this missing and vital chapter of French history The book recounts the turbulent story of nineteenth century French feminism placing it in the context of the general political events that influenced its development It also examines feminist thought and activities using the very words of the women themselves in books newspapers pamphlets memoirs diaries speeches and letters Featured is a wealth of previously

unpublished personal letters written by Saint Simonian women These engrossing documents reveal the nuances of changing consciousness and show how it led to an autonomous women s movement Also explored are the relationships between feminist ideology and women s actual status legal social and economic during the century Both bourgeois and working class women are surveyed Beginning with a general survey of feminism in France the book provides historical context and clarifies the later vicissitudes of the condition feminine *Revaluing French Feminism* Nancy Fraser, Sandra Lee Bartky, 1992-04-22 Fraser and Bartky have brought the encounter between U S and French feminism to a new level of seriousness Ethics In the last decade elements of French feminist discourse have permeated and transformed the larger feminist culture in the United States This volume is the first sustained attempt to revalue French feminism and answer the question What has been gained and what has been lost as a result of this intercultural encounter Interviews with Simone de Beauvoir open the book essays by French feminists Sarah Kofman and Luce Irigaray follow the North American contributors are Judith Butler Nancy Fraser Diana J Fuss Nancy J Holland Eleanor H Kuykendall Dorothy Leland Diana T Meyers Andrea Nye and Margaret A Simons

French Feminism Danielle Haase-Dubosc, 2003-04-08 Feminism in France has a long and continuous history which stretches right back to the Middle Ages where one finds texts by women denouncing inequality and the unjust subordination of their sex In the late sixties and early seventies of this century however one finds a radical break with the feminism that preceded it Marked by a libertarian culture influenced by Marxism socialism and psychoanalysis the feminism of the 1970s rejected the reformist and legal vision of women s emancipation politicised the private sphere and demanded social and political equality This remarkable anthology of 35 texts freshly translated for this volume vividly maps the terrain of French feminism in its contemporary context from the 1970s onwards Bringing together the seminal writings of both scholars and activists the volume will help readers to grasp the questions the challenges and the progress of reflection The essays are divided into seven sections The Women s Liberation Movement in France Women and Creativity Writing History Rewriting History Race Class Gender Legal Bodies Women s Bodies Occupying Capturing Political Space Feminists Defetishize Theory Feminist Mappings Overall this absorbing volume gives voice to the extraordinary range of contemporary French feminism Each section is preceded by an introduction which places the contributions in their material and social contexts to show how French feminism has evolved in response to concrete struggles and institutional constraints as much as to sophisticated intellectual discourse Given its unique comparative framework and wide ranging coverage this volume will attract the attention of students and scholars in the fields of feminism gender and women s studies sociology history literature anthropology and philosophy **French Feminist Theory** Dani Cavallaro, 2003-01-01 French Feminist Theory offers an introduction to the key concepts and themes in French feminist thought in both the materialist and the linguistic psychoanalytic traditions These are explored through the work of a wide range of theorists Simone de Beauvoir Chantal Chawaf Helene Cixous Catherine Clement Christine Delphy Marguerite Duras Colette Guillaumin Madeleine Gagnon Luce

Irigaray Julia Kristeva Nicole Claude Mathieu Michele Montreley Monique Plaza Paola Tabet and Monique Wittig The book outlines the philosophical and political diversity of French feminism setting developments in the field in the particular cultural and social contexts in which they have emerged and unfolded **Contemporary French Feminism** Kelly Oliver, Lisa Walsh, 2004-09-23 Have we entered a historical moment of post feminism This volume presents a timely and convincing no These essays demonstrate that there is a new generation of French women who take up questions of equality and difference from a position distinct from either first or second wave feminism a position that often attempts to move beyond the binary of equality and or difference to a new form of the individual Revaluing French Feminism Nancy Fraser, Sandra Lee Bartky, 1992 Fraser and Bartky have brought the encounter between U S and French feminism to a new level of seriousness Ethics In the last decade elements of French feminist discourse have permeated and transformed the larger feminist culture in the United States This volume is the first sustained attempt to revalue French feminism and answer the question What has been gained and what has been lost as a result of this intercultural encounter Interviews with Simone de Beauvoir open the book essays by French feminists Sarah Kofman and Luce Irigaray follow the North American contributors are Judith Butler Nancy Fraser Diana J Fuss Nancy J Holland Eleanor H Kuykendall Dorothy Leland Diana T Meyers Andrea Nye and Margaret A Simons **French Feminist Theory** Dani Cavallaro, 2004-03-01 French Feminist Theory offers an introduction to the key concepts and themes in French feminist thought both the materialist and the linguistic psychoanalytic traditions These are explored through the work of a wide range of theorists Simone de Beauvoir Chantal Chawaf Helene Cixous Catherine Clement Christine Delphy Marguerite Duras Colette Guillaumin Madeleine Gagnon Luce Irigaray Julia Kristeva Nicole Claude Mathieu Michele Montreley Monique Plaza Paola Tabet and Monique Wittig The book outlines the philosophical and political diversity of French feminism setting developments in the field in the particular cultural and social contexts in which they have emerged and unfolded French Feminism in the 19th Century Claire G. condition feminine The Risky Business of French Feminism Jennifer L. Sweatman, 2014-08-26 *The Risky Business of French Feminism* Publishing Politics and Artistry examines the institutional history of the publishing house Editions des Femmes as well as its relationship to the French Women's Liberation Movement MLF from 1972 to the present. The founding and subsequent success of Editions des Femmes in the publishing milieu intensified the ideological divisions within the MLF and highlighted the extent to which that movement failed to adequately reflect on the power inherent in its recourse to print culture as an agent of change. In particular, Editions des Femmes produced several periodical publications and pioneered a woman-centered subculture that attached militant political meanings to the practice of buying and publishing books. While the MLF succeeded in changing legislation detrimental to women, it was not able to create unified cultural politics or construct a long-term media strategy that could preserve the movement's original ideals and unity. Jennifer L. Sweatman explores the long-term dissipation of the MLF as a unified force not only as an outcome of ideological disagreement but also due to conflicting views on culture, women's creativity as a strategy for empowerment, and the utility of media for creating change. As the MLF fragmented, unable to fully come to terms with its various consumer identities, its need for capital to support creative projects and its difficult experience with collective decision-making, the Editions des Femmes project was seen as incredibly controversial. However, Editions des Femmes embodied a broader strategy for cultural transformation that privileged women's creative works rather than feminism, situating it as a successful forerunner of the revitalization of the publishing industry from below as small independent houses challenged the large media conglomerate control of the industry.

Taking French Feminism to the Streets Brittany Murray, Diane Perpich, 2011 In 2003 Fadela Amara founded Ni Putes Ni Soumises (NPNS), a French feminist social movement that arose in the banlieues or impoverished suburbs of Paris. This book provides a penetrating analysis of the social, political, and economic conditions in France. It explores how Amara founded NPNS and much more. **Sex in Question** Diana Leonard, Lisa Adkins, 1996 Twenty-nine collected essays represent a

critical history of Shakespeare's play as text and as theater, beginning with Samuel Johnson in 1765 and ending with a review of the Royal Shakespeare Company production in 1991. The criticism centers on three aspects of the play: the love/friendship debate. *French Feminists on Religion* Morny Joy, Kathleen O'Grady, Judith L. Poxon, 2002 This collection gathers together the writings on religion of the major voices of French feminism. Also included are introductory essays by the editors which

provide a context and demonstrate the importance of these works. French Feminism Reader Kelly Oliver, 2000-05-10 *French Feminism Reader* is a collection of essays representing the authors and issues from French theory most influential in the American context. The book is designed for use in courses and it includes illuminating introductions to the work of each author. These introductions include biographical information, influences, and intellectual context, major themes in the author's work as a whole, and specific introductions to the selections in this volume. The contributors represent the two trends in French theory that have proven most useful to American feminists: social theory and psychoanalytic theory. Both of these

trends move away from any traditional discussions of nature toward discussions of socially constructed notions of sex sexuality and gender roles While feminists interested in social theory focus on the ways in which social institutions shape these notions feminists interested in psychoanalytic theory focus on cultural representations of sex sexuality and gender roles and the ways that they affect the psyche This collection includes selections by Simone de Beauvoir Christine Delphy Colette Guillaumin Monique Wittig Michele Le Doeuff Julia Kristeva Luce Irigaray and Helene Cixous Only Paradoxes to Offer Joan Wallach Scott, 2009-06-30 When feminists argued for political rights in the context of liberal democracy they faced an impossible choice On the one hand they insisted that the differences between men and women were irrelevant for citizenship On the other hand by the fact that they acted on behalf of women they introduced the very idea of difference they sought to eliminate This paradox the need both to accept and to refuse sexual difference in politics was the constitutive condition of the long struggle by women to gain the right of citizenship In this new book remarkable in both its findings and its methodology award winning historian Joan Wallach Scott reads feminist history in terms of this paradox of sexual difference Focusing on four French feminist activists Olympe de Gouges who wrote the Declaration of the Rights of Woman and Citizen during the French Revolution Jeanne Deroin a utopian socialist and candidate for legislative office in 1848 Hubertine Auclert the suffragist of the Third Republic and Madeleine Pelletier a psychiatrist in the early twentieth century who argued that women must virilize themselves in order to gain equality Scott charts the repetitions and variations in feminist history Again and again feminists tried to prove they were individuals according to the standards of individuality of their day Again and again they confronted the assumption that individuals were men But when sexual difference was taken to be a fundamental difference when only men were regarded as individuals and thus as citizens how could women also be citizens The imaginative and courageous answers feminists offered to these questions are the subject of this engaging book French Feminist Theory: A Note on the Philosophical School Pons Malleus, 2025-07-14 This book emerges from a sustained engagement with the complex and often provocative landscape of French feminist theory a movement that is less a cohesive school of thought and more a constellation of philosophical inquiries into language subjectivity embodiment and power Situated at the intersections of poststructuralism psychoanalysis and political critique French feminist thought has long challenged the foundations of Western philosophy interrogating the presumed neutrality of its categories and exposing the gendered dimensions embedded in its logics The thinkers whose work this book explores most notably Simone de Beauvoir Luce Irigaray Helene Cixous and Julia Kristeva do not constitute a unified theoretical bloc Each approaches feminism with distinct methods and vocabularies often diverging sharply in their aims and assumptions What binds them however is a common resistance to reductive accounts of womanhood and a shared suspicion of philosophical traditions that silence or exclude feminine difference Rather than offering a singular definition of what it means to be a woman French feminist theory foregrounds multiplicity fluidity and the irreducibility of lived experience At its core this movement critiques the

phallogocentric structures of meaning that have dominated Western discourse Irigaray for example famously argued that women have been constructed as the Other of man defined only in negative relation to a male norm Cixous proposed écriture féminine a radically embodied writing that disrupts linear patriarchal narratives and expresses what traditional language has repressed Kristeva's psychoanalytic theories complicated notions of identity by revealing the instability of the speaking subject while Beauvoir's existentialism laid the groundwork by asserting that woman is not born but becomes a call to acknowledge the historical and cultural production of gender roles This book does not seek to simplify or resolve the tensions that exist within French feminist theory Instead it embraces these tensions as generative spaces for philosophical reflection It is a journey through texts that are as poetic as they are theoretical as elusive as they are illuminating The thinkers presented here frequently resist systematization and their writing often blurs the lines between philosophy literature and psychoanalysis This hybridity is not a flaw but a strength it opens feminist theory to new forms of expression and invites readers to rethink not only what they know but how they come to know The influence of French feminist theory extends far beyond the borders of France or the academic disciplines of philosophy and literature It has shaped conversations in art cultural studies gender theory and critical race studies offering tools to critique the subtle operations of power in both public and private spheres This book aims to trace these intellectual pathways highlighting how the insights of French feminist thinkers remain urgent and vital in a world still grappling with gendered inequality systemic violence and the challenge of imagining more just futures Whether the reader approaches this book as a student of philosophy a scholar of feminist theory or a curious thinker drawn to radical ideas it is my hope that these pages will inspire both critical thought and creative exploration French feminist theory does not offer easy answers it demands that we read deeply think carefully and remain open to transformation In that spirit I invite you to step into the labyrinth

Religion in French Feminist Thought Morny Joy, Kathleen O'Grady, Judith L. Poxon, 2020-04-19 Religion in French Feminist Thought Critical Perspectives brings together some of the leading modern religious responses to major French feminist writings on religion It considers central figures such as Hélène Cixous Julia Kristeva Luce Irigaray and Catherine Clement and its focus on questions of divinity subjectivity and ethics provides an accessible introduction to an area of growing philosophical interest Illustrating the ways in which French feminism has become a valuable tool in feminist efforts to rethink religion and responding to its promise as an intellectual resource for religious philosophy in the future Religion in French Feminist Thought is ideal both for independent use and as a companion book to French Feminists on Religion Routledge 2001

Beyond French Feminisms R. Célestin, E. DalMolin, I. Courtivron, 2016-04-30 This volume a collection of essays by a number of high profile personalities working in philosophy literature sociology cinema theatre journalism and politics covers a number of recent and crucial developments in the field of French Feminisms that have made a reassessment necessary Beyond French Feminisms proposes to answer the question what is new in French Feminism at the beginning of the twenty first century The essays reflect the shift from the

theoretical and philosophical approaches that characterized feminism twenty years ago to the more social and political questions of today Topics include the parit and PACS debates the France USA dialogue the multicultural issues and the new trends in literature and film by women **Making Waves** Margaret Atack,Alison S. Fell,Diana Holmes,Imogen Long,2019-12-11 1975 was a key year for the women s movement in France Through a critical exploration of the politics activism and cultural creativity of that moment this book evaluates the achievements and legacies of second wave French feminism for subsequent waves including the movement s contemporary resurgence
