French National Front The Extremist Challenge To Democracy:

The French National Front Harvey G Simmons, 1996-06-21 Over the past few decades extreme right political parties have won increasing support throughout Europe The largest and most sophisticated of these is the French National Front Led by the charismatic Jean Marie Le Pen the Front is now the third most important political force in France after the mainstream right and the socialists This clear and comprehensive book explores the antecedents for the meteoric rise of the National Front Beginning with a political history of the extreme right from 1945 to 1995 Harvey Simmons traces links between Le Pen and French neo fascist and extreme right organizations of the 1950s and 1960s and concludes with analyses of the Front s antisemitism racism organization ideology language electorate and views on women Simmons argues that the Front is not a party like any other but a major threat to French democracy

The National Front in France Peter Davies, 2012-11-12 This provocative and non polemic study explores the value system of the National Front movement in France and explains the way in which the movement s ideology has been formulated and articulated in the 1980s and 1990s Also discussing the crucial role of Le Pen this book provides a fascinating enquiry into the most controversial political party in contemporary France

Right-wing Extremism in the Twenty-first Century Peter Merkl, Weinberg LEONARD, 2004-08-02 Revising the 1997 first edition this study covers events that occurred in Oldham and Bradford after the year 2000 The rise of right wing extremist groups is put under scrutiny in a number of states including Britain Germany Austria Russia and France

The Extreme Right in France James Shields, 2007-05-07 As well as providing a detailed biography of Le Pen the leader of the National Front in France this book also explores the wider development of the extreme right as a significant intellectual and political force within France

The Routledge Companion to Fascism and the Far Right Peter Davies, Derek Lynch, 2005-08-16 The Routledge Companion to Fascism and the Far Right is an engaging and accessible guide to the origins of fascism the main facets of the ideology and the reality of fascist government around the world In a clear and simple manner this book illustrates the main features of the subject using chronologies maps glossaries and biographies of key individuals As well as the key examples of Hitler s Germany and Mussolini s Italy this book also draws on extreme right wing movements in Latin America Eastern Europe and the Far East In a series of original essays the authors explain the complex topics including the roots of fascism fascist ideology fascism in government and opposition nation and race in fascism fascism and society fascism and economics fascism and diplomacy

Echoes of Narcissus Lieve Spaas, Trista Selous, 2000 In Greek mythology the beautiful Narcissus glimpsed his own reflection in the waters of a spring and fell in love But his was an impossible passion and filled with despair he pined away Over the years the myth has inspired painters writers and film directors as well as philosophers and psychoanalysts The tragic story of Narcissus in love with himself and of Echo the nymph in love with him lies at the heart of this collection of essays exploring the origins of the myth and some of its many cultural manifestations and meanings relating to the self and the self s relationship to the other Through their discussion of

the myth and its ramifications the contributors to this volume broaden our understanding of one of the fundamental myths of Western culture

Party, Society, Government David Hanley,2002-02-01 According to received wisdom parties have played a mainly destructive role in French political development Of questionable legitimacy pursuing narrow sectarian goals often corruptly they have brought about division weakness and the collapse of regimes A proper reading of history suggests differently By combining historical research and contemporary political science theory about party the author shows that for over a century party has irrigated French democracy in often invisible ways brokering working compromises between groups divided strongly along social political and cultural lines The key to this success is the party system which allowed for a high degree of collusion and cooptation between political elites rhetoric notwithstanding This hidden logic has persisted to this day despite the advent of presidentialism and remains the key to the continuing prosperity of French democracy

The New Crusades Emran Qureshi,Michael A. Sells,2003-11-26 Not since the Crusades of the Middle Ages has Islam evoked the degree of fear hostility and ethnic and religious stereotyping that is evident throughout Western culture today As conflicts continue to proliferate around the globe the perception of a colossal unyielding and unavoidable struggle between Islam and the West has intensified These numerous conflicts both actual and ideological have revived fears of an ongoing clash of civilizations an intractable and irreconcilable conflict of values between Western cultures and an Islam that is portrayed as hostile and alien The New Crusades takes head on the idea of an

emergent Cold War between Islam and the West It explores the historical political and institutional forces that have raised the specter of a threatening and monolithic Muslim enemy and provides a nuanced critique of much received wisdom on the topic particularly the clash of civilizations theory Bringing together twelve of the most influential thinkers in Middle Eastern and religious studies including Edward Said Roy Mottahedeh and Fatema Mernissi this timely collection confronts such depictions of the Arab Islamic world showing their inner workings and how they both empower and shield from scrutiny Islamic radicals who operate from similar paradigms of inevitable and absolute conflict

Voting Radical Right in Western Europe Terri E. Givens, 2005-10-10 Publisher description

Media and Migration Russell King, Nancy Wood, 2013-04-15 This title explores the close and vital relationship between the contemporary media and immigration Drawing on newspapers magazines film television and photography the contributors examine the effects of mass media on migration behaviour and ethnic identity Using examples from a range of countries Media and Migration illustrates how the media intervenes to affect the reception migrants receive how it stimulates prospective migrants to move and how it plays a dynamic role in the cultural politics and cultural identity of diasporic communities

The Media and the Far Right in Western Europe Antonis A. Ellinas, 2010-01-29 Explains one of the most important phenomena in Western Europe the rise of far right parties

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Hussein the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale *World Fascism A Historical Encyclopedia* covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal

[The Mainstreaming of the Extreme Right in France and Australia](#) Aurélien Mondon, 2016-03-09 What has led to the recent revival of the extreme right in Western democracies such as France and Australia and what impact has their success had on mainstream politics What shift has taken place in recent times as ideas and groups that once were considered marginal and undemocratic have come to play an important part in mainstream politics This book addresses these key questions by examining the resurgence of the extreme right in France and Australia and explores the history of right wing groups and

their relationship with and impact on mainstream politics This compelling study on the rise of right wing parties in two countries with different histories but similar experiences of how mainstream parties campaigned and reacted to the changing political landscape presents a fascinating comparison of the history and political impact of ethno exclusivist and right wing populist politics in liberal democracies A detailed and thorough comparative analysis of parties such as the Front National and One Nation and the mainstreaming of their discourse by prominent leaders like John Howard and Nicolas Sarkozy offers new insights on the rise of the contemporary extreme right and how these groups and the ideas they represent have become increasingly mainstream and perhaps even hegemonic in the current political state **Empire on the Seine** Amit

Prakash,2022 Amit Prakash draws on extensive archival materials to understand the colonial legacy of how minority populations have been policed in twentieth century Paris showing how colonial racism was integrated into the policing of Paris and that architecture urbanism and social housing contributed to this legacy **Multi-Ethnic France** Alec G.

Hargreaves,2007-03-16 This second edition of Multi Ethnic France spans politics and economics social structures and cultural practices and has been updated to cover events which have occurred on the national and international stage since the first edition was published These include recent developments in the Banlieues including the riots of 2005 the growing visibility of sub Saharan Africans in France s evolving ethnic mix the reverberations in France of international developments such as 9 11 the second Intifada and the Iraq Wars the renewed controversy over the wearing of the Islamic headscarf the development of anti discrimination policy and the debate over positive discrimination Immigration is one of the most significant and persistent issues in contemporary France It has become central to political debate with the rise on one side of Jean Marie Le Pen s extreme right wing party and on the other of Islamist terrorism In Multi Ethnic France Alec G Hargreaves unmasks the prejudices and misconceptions faced by minorities of Muslim heritage and lays bare the social and political neglect behind the riots of 2005 This second edition is fully updated and includes a glossary and chronology as well as a revised bibliography **The Fifth French Republic** Nicholas Atkin,2017-10-07 At the time of its founding few

predicted that the Fifth Republic would survive It is a regime whose obituary has been written several times over but which stubbornly refuses to die Adopting a chronological framework this up to date study examines how the regime emerged out of the chaos of the Algerian crisis how its political evolution has been very different from that envisaged by de Gaulle and why it has endured Nicholas Atkin explains the success of the Fifth Republic but likewise illustrates the underlying problems within it As the 2002 presidential elections have shown although there is little prospect of regime change liberal democracy is not in a particularly healthy state While the political narrative takes centre stage Atkin also explores the key social economic and international developments which have shaped the modern history of France and affected its standing both in Europe and the rest of the world *The Extreme Right in France, 1789 to the Present* Peter Davies,2002-04-12 *The Extreme Right in France 1789 to the Present* surveys the history of a fascinating but contentious political and intellectual tradition Since 1789 the far

right has been an important factor in French political life and in different eras has taken on a range of guises including traditionalism ultra royalism radical nationalism anti Semitism and fascism This book is structured around the five main phases of extreme right activity and the author explores key questions about each Counter revolution what was the legacy of Joseph de Maistre s writings Anti Third Republic protest how was the new right of the 1880s and 1890s different from the old right of previous decades Inter war fascism how should we characterise the phenomenon of fascisme fran aise Vichy why did P tain and Laval collaborate with the Nazis The Post war far right what is the relationship between Poujadism Alg rie Fran aise and Le Pen s FN

From Multiculturalism to Democratic Discrimination Alberto Spektorowski, Daphna Elfersy, 2020-12-10 The effect of Islam on Western Europe has been profound Spektorowski and Elfersy argue that it has transformed European democratic values by inspiring an ultra liberalism that now faces an ultra conservative backlash Questions of what to do about Muslim immigration how to deal with burqas how to deal with gender politics have all been influenced by western democracies grappling with ideas of inclusion and most recently exclusion This book examines those forces and ultimately sees not an unbridgeable gap but a future in which Islam and European democracies are compatible rich and evolving
