French New Left An Intellectual History:

The French New Left Arthur Hirsh, 1981 *Community and Organization in the New Left, 1962-1968* Wini Breines, 1989
Did New Left activists have an opportunity to start a revolution that they simply could not bring off Was their rejection of conventional forms of political organization a fatal flaw or were the apparent weaknesses of the movement the lack of central authority the distrust of politics actually hidden strengths Wini Breines traces the evolution of the New Left movement through the Free Speech Movement Students for a Democratic Society SDS and SDS's community organization projects For Breines the movement's goal of participatory decision making even when it was not achieved made up for its failure to take practical and direct action By the late 1960s antiwar activism contributed to the decline of the New Left as the movement was flooded with new participants who did not share the founding generation's political experiences or values Originally published in 1982 Wini Breines's classic work now includes a new preface in which she reassesses and for the most part affirms her initial views of the movement She argues that the movement remains effective in the midst of radical changes in activist movements Breines also summarizes and evaluates the new and growing scholarship on the 1960s Her provocative analysis of the New Left remains important today **The French Left** Arthur Hirsh, 1982 **French Intellectuals**

Against the Left Michael Scott Christofferson, 2004 Christofferson argues that French anti totalitarianism was the culmination of direct democratic critiques of communism revisions of the revolutionary project after 1956 He offers an alternative interpretation for the denunciation of communism Marxism by the French intellectual left in the late 1970s

The Cultural Politics of Tel Quel Danielle Marx-Scouras, 2010-11-01 **Lefebvre, Love and Struggle** Rob Shields, 2005-07-22 In the only comprehensive guide to Lefebvre's work Rob Shields draws on the full range of Lefebvre's writings including many previously untranslated and unpublished works and correspondence **Jean-Jacques Lebel and French Happenings of the 1960s** Laurel Jean Fredrickson, 2021-03-25 Combining a broad overview of Jean Jacques Lebel's coming of age among Surrealists and his rupture with the movement Laurel Jean Fredrickson focuses on two landmark happenings in this book the first Funeral of the Thing of Tinguely 1960 and the most scandalous 120 Minutes dedicated to the Divine Marquis 1966 This study illustrates the development and significance of French happenings in relation to cultural and political changes of the 1960s Research in Lebel's archives and others like the Archives nationale d'outre mer are indispensable in the telling of this extraordinary historical and theoretical narrative It illuminates sensitive often veiled dimensions of postwar French society from torture during the Algerian War to government censorship to the sexual politics of nudity in art This volume shows how Lebel synthesized the lessons of Dada and surrealism and 1960s experimentalism electrified by political radicalism to participate in shaping the erotics and forms of revolution in May 1968 *Generation Existential* Ethan Kleinberg, 2018-09-05 When we think of Heidegger's influence in France we tend to focus on such contemporary thinkers as Jacques Derrida Michel Foucault and Jean Fran ois Lyotard In *Generation Existential* Ethan

Kleinberg shifts the focus to the initial reception of Heidegger's philosophy in France by those who first encountered it. Kleinberg explains the appeal of Heidegger's philosophy to French thinkers as well as the ways they incorporated and expanded on it in their own work through the interwar, Second World War and early postwar periods. In so doing, Kleinberg offers new insights into intellectual figures whose influence on modern French philosophy has been enormous, including some whose thought remains underexplored outside France. Among Kleinberg's generation existentials are Jean Beaufret, the only member of the group whom one could characterize as a Heideggerian; Maurice Blanchot; Alexandre Kojève; Emmanuel; Levinas; and Jean Paul Sartre. In showing how each of these figures engaged with Heidegger, Kleinberg helps us to understand how the philosophy of this right-wing thinker had such a profound influence on intellectuals of the left. Furthermore, Kleinberg maintains that our view of Heidegger's influence on contemporary thought is contingent on our comprehension of the ways in which his philosophy was initially understood, translated and incorporated into the French philosophical canon by this earlier generation.

Confronting America Alessandro Brogi, 2011-07-15 Throughout the Cold War, the United States encountered unexpected challenges from Italy and France, two countries with the strongest and determinedly most anti-American Communist Parties in Western Europe. Based primarily on new evidence from communist archives in France and Italy, as well as research archives in the United States, Alessandro Brogi's original study reveals how the United States was forced by political opposition within these two core Western countries to reassess its own anticommunist strategies, its image and the general meaning of American liberal capitalist culture and ideology. Brogi shows that the resistance to Americanization was a critical test for the French and Italian communists' own legitimacy and existence. Their anti-Americanism was mostly dogmatic and driven by the Soviet Union, but it was also at crucial times subtle and ambivalent, nurturing fascination with the American culture of dissent. The staunchly anticommunist United States, Brogi argues, found a successful balance to fighting the communist threat in France and Italy by employing diplomacy and fostering instances of mild dissent in both countries. Ultimately, both the French and Italian communists failed to adapt to the forces of modernization that stemmed both from indigenous factors and from American influence. *Confronting America* illuminates the political, diplomatic, economic and cultural conflicts behind the U.S. communist confrontation.

Political and Social Writings Cornelius Castoriadis, 1988 *Political and Social Writings* Volume 1, 1946-1955, was first published in 1988. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions. A series of writings by the man who inspired the students of the Workers' Rebellion in May of 1968. Given the rapid pace of change in the Soviet Union and Eastern Europe and the radical nature of these transformations, the work of Cornelius Castoriadis, a consistent and radical critic of Soviet Marxism, gains renewed significance. These volumes are instructive because they enable us to trace his rigorous engagement with the project of socialist construction from his break with Trotskyism to his final breach with Marxism and would be read with profit by all those seeking to comprehend the

historical originality of events in the USSR and Eastern Europe Contemporary Sociology **Catalog of Copyright Entries. Third Series** Library of Congress. Jackson,2018-05-31 The Ambiguous Allure of the West examines the impact of Western imperialism on Thai cultural development from the 1850s to the present and highlights the value of postcolonial analysis for studying the ambiguities inventions and accommodations with the West that continue to enrich Thai culture Since the mid nineteenth century Thais have adopted and adapted aspects of Western culture and practice in an ongoing relationship that may be characterized as semicolonial As they have done so the notions of what constitutes Thainess have been inflected by Western influence in complex and ambiguous ways producing nuanced hybridized Thai identities The Ambiguous Allure of the West brings together Thai and Western scholars of history anthropology film and literary and cultural studies to analyze how the protean Thai self has been shaped by the traces of the colonial Western Other Thus the book draws the study of Siam Thailand into the critical field of postcolonial theory expanding the potential of Thai Studies to contribute to wider debates in the region and in the disciplines of cultural studies and critical theory The chapters in this book present the first sustained dialogue between Thai cultural studies and postcolonial analysis By clarifying the distinctive position of semicolonial societies such as Thailand in the Western dominated world order this book bridges and integrates studies of former colonies with studies of the Asian societies that retained their political independence while being economically and culturally subordinated to Euro American power European Intellectual History Since 1789 Roland N. Stromberg,1990 European Integration and the Atlantic Community in the 1980s Kiran Klaus Patel,Kenneth Weisbrode,2013-09-02 This collection of essays weaves together the histories of European integration and the transatlantic alliance in the 1980s **Encyclopedia of Modern French Thought** Christopher John Murray,2013-01-11 In this wide ranging guide to twentieth century French thought leading scholars offer an authoritative multi disciplinary analysis of one of the most distinctive and influential traditions in modern thought Unlike any other existing work this important work covers not only philosophy but also all the other major disciplines including literary theory sociology linguistics political thought theology and more *The Virtues of Violence* Kevin Duong,2020 The Virtues of Violence studies a pervasive but misunderstood image of violence in modern French thought popular violence as social regeneration It argues that this vision of violence was not a niche phenomenon but central to the momentous developments of modern French politics It appealed to thinkers across the spectrum because it answered fundamental dilemmas at the heart of democratization Understanding its pervasive appeal Duong argues reveals how democracy was never simply a struggle for justice or a new legal regime but also liberating visions of the social bond The Revival of Right Wing Extremism in the Nineties Peter H. Merkl,Leonard Weinberg,2014-01-14 Most studies of the radical right concentrate on movements in a single country neglecting to some

extent the international dimensions of right wing extremism Here Merkl and Weinberg adopt a comparative perspective concentrating on the revival of the right across a variety of countries The Wager of Lucien Goldmann Mitchell Cohen,2015-12-08 In The Wager of Lucien Goldmann Mitchell Cohen provides the first full length study of this major figure of postwar French intellectual life and champion of socialist humanism While many Parisian leftists staunchly upheld Marxism s scientificity in the 1950s and 1960s Lucien Goldmann insisted that Marxism was by then in severe crisis and had to reinvent itself radically if it were to survive He rejected the traditional Marxist view of the proletariat and contested the structuralist and antihumanist theorizing that infected French left wing circles in the tumultuous 1960s Highly regarded by thinkers as diverse as Jean Piaget and Alasdair MacIntyre Goldmann is shown here as a socialist who unlike many others of his time refused to portray his aspirations for humanity s future as an inexorable unfolding of history s laws He saw these aspirations instead as a wager akin to Pascal s in the existence of God Risk Goldmann wrote in his classic study of Pascal and Racine The Hidden God possibility of failure hope of success and the synthesis of the three in a faith which is a wager are the essential constituent elements of the human condition In The Wager of Lucien Goldmann Cohen retrieves Goldmann s achievement his genetic structuralist method his sociology of literature his libertarian socialist politics Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **History's Memory** Ellen Fitzpatrick,2004-10-25 This reinterpretation of a century of American historical writing challenges the notion that the politics of the recent past alone explains the politics of history Fitzpatrick offers a wise historical perspective on today s heated debates and reclaims the long line of historians who tilled the rich and diverse soil of our past

French New Left An Intellectual History Introduction

In the digital age, access to information has become easier than ever before. The ability to download French New Left An Intellectual History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download French New Left An Intellectual History has opened up a world of possibilities. Downloading French New Left An Intellectual History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading French New Left An Intellectual History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download French New Left An Intellectual History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading French New Left An Intellectual History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading French New Left An Intellectual History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download French New Left An Intellectual History has transformed

the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
