worked with him on such classics as THE BIRDS PSYCHO and REAR VIEW WINDOW Charlotte Chandler has created a rich complex affectionate and honest picture of the man and his milieu This is Hitchcock in his own voice and through the eyes of those who knew him better than anyone could Hitchcock and Adaptation Mark Osteen, 2014-03-14 From early silent features like The Lodger and Easy Virtue to his final film Family Plot in 1976 most of Alfred Hitchcock's movies were adapted from plays novels and short stories Hitchcock always took care to collaborate with those who would not just execute his vision but shape it and many of the screenwriters he enlisted including Eliot Stannard Charles Bennett John Michael Hayes and Ernest Lehman worked with the director more than once And of course Hitchcock's wife Alma Reville his most constant collaborator was with him from the 1920s until his death In Hitchcock and Adaptation On the Page and Screen Mark Osteen has assembled a wide ranging collection of essays that explore how Hitchcock and his screenwriters transformed literary and theatrical source material into masterpieces of cinema Some of these essays look at adaptations through a specific lens such as queer aesthetics applied to Rope Strangers on a Train and Psycho while others tackle the issue of Hitchcock as author auteur adaptor and for the first time present Hitchcock as a literary source Film adaptations discussed in this volume include The 39 Steps Shadow of a Doubt Lifeboat Rear Window Vertigo Marnie and Frenzy Additional essays analyze Hitchcock inspired works by W G Sebald Don DeLillo Bret Easton Ellis and others These close examinations of Alfred Hitchcock and the creative process illuminate the significance of the material he turned to for inspiration celebrate the men and women who helped bring his artistic vision from the printed word to the screen and explore how the director has influenced contemporary writers A fascinating look into an underexplored aspect of the director's working methods Hitchcock and Adaptation will be of interest to film scholars and fans of cinema's most gifted auteur New York Magazine ,1972-06-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and guickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Alfred Hitchcock's Rear Window John Belton, 2000 This volume provides a fresh examination of Rear Window from a variety of The True Story Behind Alfred Hitchcock's The Birds Fergus Mason, 2020-09-01 The Birds was different perspectives from most of Hitchcock s work For admirers of Hitchcock The Birds also raises disturbing questions about the director as a person He was a complex and confusing character in many ways and perhaps it s not surprising that someone who built a career out of creating suspense and fear on screen might also have had some darker sides to his personal life Beyond the details of the story and how it came to be filmed though one of the most interesting questions about The Birds is why Hitchcock made it in the first place It took its title from a short story by English author Daphne du Maurier but beyond the basic idea of people being attacked by birds it didn t take much else from it The storyline was pure Hitchcock So where did it

come from It turns out that his inspiration was a strange and alarming incident that happened just a few miles from his home n California This book uncovers the truth behind the plot as well as other factoids that fascinate any fan of the film
