Epistemologies Alfred Brunson, Calida Chu, 2024-11-08 This book offers insights into the thinking of majority world practical theologians and introduces the reader to faith realities previously unknown in a quest to create a more inclusive and welcoming practical theological network Practical theologians are situated in all corners of the globe attempting to make sense of their lived experiences and of those around them from a faith perspective Historically practical theology tended to be constructed from academics situated in the West and indirectly marginalized those in and from the majority world Against this backdrop this book is a deliberate attempt to empower practical theological voices from the further corners of the global village based upon the conviction that sharing epistemologies creates an opportunity not only to learn about others and the contexts in which they live but from them enhancing the meaning making of practical theology in the present Cognisant that epistemology as a formal discipline does not always centre lived experience practical theology has historically prioritised the importance of wisdom worldview and a way of life for individual and collective knowing The diverse issues addressed in this work offers insights into the thinking of mainly Asian and African practical theologians and introduces readers to the faith realities previously unknown to create a more inclusive and welcoming practical theological network This book was originally published as a special issue of the journal Practical Theology

Born from Silence Mark Anthony Grubb, 2018-09-16

Starting with the Psalms poetry has long had a beloved and important place in Christian culture Mark Anthony Grubb continues and maintains that tradition with this volume of poetry that will bring you to spiritual heights you have never

experienced Grubb's gifted hand weaves a gamut of cadenced expressions including the cross of Jesus' death and dying, gratitude for moms, a celebration of nature, God's promises expressed in the coming of spring, questioning whether Jesus ever laughed, honor for the flag and many more. For the faithful, this book will encourage, enlighten and challenge. For others, a journey with Grubb's verse will inspire you to contemplate your spiritual condition. Lovers of inspirational, lyrical poetry will find a treat in this classic hardback volume of 77 poems. Psalms of Iraq Kenneth Butler, 2008-07. The Psalms of Iraq is my collection of emotions and thoughts viewed from situations felt within the realm of God's hand and hold. I like the various writers of Psalms aim to express my deepest feelings and longings as well as the truth of God's wisdom. These ancient Hebrew songs contribute to our understanding of definitive and dynamic ways. They are definitive because they contain God's thoughts and values. They help me and others understand how God thinks, what he values, and how he might respond to certain circumstances regarding life's circle. They are dynamic because they explore our ups and downs, of a person's emotion. David, who wrote the majority of Psalm, expressed every emotion he felt as a servant of God's Word. The joy of God's victories to the deep contribution for his sin and shortcoming. We all have to introduce ourselves to our emotions and relate them to our Psalms in our lives. Some Psalms are communal or personal expressions of thanksgiving, lament or moral dilemma. I had to live a life under emotions ranging from all sorts of feelings under circumstances while in another country. Being faced with danger, all sorts of thoughts surfaced and gained sight through the Book of Psalms. The Book of Psalms was actually living in Iraq. God was constructing and building the PSALMS OF IRAQ in me. We all have a Psalm or Psalms with us. Find God and you will find your PSALMS. Know yourself and you will know your PSALMS. Know God and you will know your PSALMS.
