**Psychoanalytic Insights into Fundamentalism and Conviction** Lesley Murdin,2020-06-01 Psychoanalytic Insights into Fundamentalism and Conviction The Certainty Principle examines the role of and need for certainty in mental life addressing questions raised by fundamentalism and extremism and exploring its relation to human nature Murdin proposes a new synthesis in which certainty itself can be a cause of suffering and part of a defensive manoeuvre and considers how the need for certainty can be managed in a positive way rather than creating fear and extreme emotional responses Illustrated throughout with examples from psychotherapy practice literature and international politics this book considers how the quest for certainty dominates much of human thinking Murdin examines personal relationships including politics and religion where assumptions are taken for granted but function to hide fears and doubts and argues that fundamentalist elements can generate harm in anyone but can be mitigated with understanding and work in therapy Psychoanalytic Insights into Fundamentalism and Conviction helps to identify the underlying convictions that are causing mental harm It is essential reading for psychotherapists psychoanalysts and counsellors in practice and in training and will be of interest to readers interested in fundamentalist states of mind

**Dickens, Family, Authorship** Lynn Cain,2017-05-15 Drawing on a wide range of Dickens s writings including all of his novels and a selection of his letters journalism and shorter fiction Dickens Family Authorship provides a provocative account of the evolution of an author from whose psychological honesty and imaginative generosity emerged precocious fictional portents of Freudian and post Freudian theory The decade 1843 1853 was pivotal in Dickens s career A phase of feverish activity on both personal and professional fronts it included the irrevocable souring of his relations with his parents the peripatetic residence in continental Europe and a massive proliferation of writing and editing activities including the aborted autobiography It was a period of astounding creativity which consolidated Dickens s authorial and financial stature It was also one tainted by loss the deaths of his father sister and daughter and the alarming desertion of his early facility for composition Lynn Cain s substantial study of the four novels produced during this turbulent decade Martin Chuzzlewit Dombey and Son David Copperfield and Bleak House traces the evolution of Dickens s creative imagination to discover in the modulating fictional representation of family relationships a paradigm for his authorial development Closely argued readings demonstrate a reorientation from a patriarchal to a maternal dynamic which signals a radical shift in Dickens s creative technique Interweaving critical analysis of the four novels with biography and the linguistic and psychoanalytic writings of modern theorists especially Kristeva and Lacan Lynn Cain explores the connection between Dickens s susceptibility to depression during this period and his increasingly self conscious exploitation of his own mental states in his fiction

Selves in Relation Keith Oatley, 2014-09-15 Emotional crises and breakdowns are not things going wrong in individuals minds they are disturbances in their relations with themselves and others In psychotherapy an attempt is made to resolve such crises through a therapeutic relationship with an individual or in a group First published in 1984 this book introduces the theory of individual and group therapy and explains some of its principles in practice Although there had been a rapid development of ideas in the area of psychotherapy at the time it was only shortly before the original publication of this book that these had been related to theory Keith Oatley assesses the influence of cognitive social psychology psychoanalysis and the existential phenomenological tradition and considers the role of emotions thinking and social interactions in therapeutic transformation The theory he argues must also be related to the research findings on the outcomes of different therapies This book is for those who study psychotherapy in psychology psychiatry counselling and social work and for anyone who wants to know what psychotherapy was about in the 1980s Besieged Ego Caroline Ruddell, 2013-12-16 The Besieged Ego critically

appraises the representation or mediation of identity in film and television through a thorough analysis of doppelgangers and split or fragmentary characters The prevalence of non autonomous characters in a wide variety of film and television examples calls into question the very concept of a unified knowable identity The form of the double and cinematic modes and rhetorics used to denote fragmentary identity is addressed in the book through a detailed analysis of texts drawn from a range of industrial historical and cultural contexts The doppelganger or double carries significant cultural meanings about what it means to be human and the experience of identity as a gendered individual The double also expresses in fictional form our problematic experience of the world as a social and supposedly whole and autonomous subject The Besieged Ego therefore raises important questions about the representation of identity onscreen and concomitant issues regarding autonomy and what it means to be human yet it also charts a generic account of the double onscreen Case studies include horror fantasy and comedy *Psychoanalysis and Literary Theory* Mathew R. Martin, 2022-08-30 Psychoanalysis and Literary Theory introduces the key concepts figures and movements of both psychoanalytic theory and the history of literary criticism and theory engaging with Freud Zizek Plato posthumanism and beyond Divided into two parts concepts and movements the structure of the book is clear and accessible Each chapter builds upon the one before allowing the reader to

progress from little or no background in psychoanalysis philosophy or literary theory to the ability to engage actively with the relatively sophisticated ideas presented in later sections of the work Mathew R Martin consistently directs attention to the task of interpreting texts by illustrating abstract theoretical points with literary texts and at apposite moments provides brief readings of selected texts This book will be essential reading for academics and students of psychoanalytic studies literary criticism and literary theory

**Between the Psyche and the Polis** Anne Whitehead, 2017-11-01 This title was first published in 2000 Incorporating studies of Freudian and Marxist approaches to questions of history and memory this timely collection illuminates how history is being refigured in contemporary literary cultural and theoretical studies The contributors to this volume invite the reader to attend to the forms linguistic visual monumental by which a connection with or separation from the past takes place It is current thinking about memory's relationship to history and the ongoing critical reassessment of historicism that preoccupies this collection The volume explores the ways in which current thinking about the past operates within a dialogic space and can be located in relation to multiple perspectives Thus cultural memory can be seen not just as a recent development within the field of cultural studies but as constructing a between space which also draws in aspects of psychoanalysis Similarly trauma theory may usefully be conceptualized as operating in a rich and complex dynamic between deconstruction and the work of Freud Temporality memory and the past are attended to here in terms of the dislocations of narrative of resistances to linear genealogies to aid the reader in making unanticipated connections between theories and cultures and between the demands of the psyche and the polis

**Bakhtin and cultural theory** Ken Hirschkop, David Shepherd, 2024-06-04 An important collection of essays which treats Bakhtin as a provocative theorist whose work must be tested explored and compared with the work of others Contributors assess Bakhtin's contribution to difficult issues of colonialism feminism reception theory and theories of the body amongst others New articles explore the origins previously unacknowledged of Bakhtin's theory of language and provide a vivid account of the dramatic scandal surrounding Bakhtin's thesis on Rabelais Contains dramatic new material drawn from post perestroika sources which demythologizes the image of this important writer A new bibliographical essay and introduction bring the English language reader up to date with the progress of Bakhtin studies in Russia

**Djuna Barnes' Consuming Fictions** Diane Warren, 2017-11-28 Djuna Barnes 1892-1982 was a pioneering female journalist experimental novelist playwright and poet whose influence on literary modernism was profound and whose writings anticipated many of the preoccupations of poststructuralist and feminist thought In her new book the author argues that Barnes' writings made significant contributions to gender and aesthetic debates in their immediate early twentieth century context and that they continue to contribute to present day debates on identity In particular Warren traces the works' close engagement with the effects of cultural boundaries on the individual showing how the journalism *Ryder Ladies Almanack* and the early chapters of *Nightwood* energetically and playfully subvert such boundaries In this reading *Nightwood* is contextualised as a pivotal text which poses questions about the limits of

subversion thereby positioning *The Antiphon* 1958 as an analysis of why such boundaries are sometimes necessary Djuna Barnes *Consuming Fictions* shows that from the irreverent and carnivalesque iconoclasm of Barnes early works to the bleak assessment that conflict lies at the root of culture seen from the close of *Nightwood* Barnes oeuvre offers a profound analysis of the relationship between culture the individual and textual expression *The Theatre of García Lorca* Paul Julian Smith,1998-05-28 A study of the plays of Garc a Lorca the greatest Spanish dramatist of the twentieth century
