The Assault on Truth Jeffrey Moussaieff Masson, 1992 About cases in which Sigmund Freud analysed child victims of sexual abuse

**Freud, the Assault on Truth** Jeffrey Moussaieff Masson, 1984 *Contemporary Perspectives on Freud's Seduction Theory and Psychotherapy* Warwick Middleton, Martin J. Dorahy, 2024-10-02 This edited collection brings together the perspectives of a broad spectrum of experts who reflect on Freud's Seduction Theory, psychoanalysis and the reality of child abuse through the work of Jeffrey Masson. Jeffrey Masson's *The Assault on Truth: Freud's Suppression of the Seduction Theory* 1984 is arguably the most controversial book on psychoanalysis in the last century. It provoked a furore from mainstream psychoanalysis yet was well received by the emerging international trauma field and became a bestseller. Four decades on, a group of international scholars and professionals revisit Masson's original work and reflect on the lessons that can be taken from the saga. Was the reaction of Masson's peers tied to the fact that he had accused Freud of being less than heroic, or was it that he confronted psychoanalysis with a very uncomfortable truth? This book examines how *The Assault on Truth* came to be written, why it sparked such an extreme reaction, and the issues Masson was grappling with. Complete with an extended Foreword by John Briere, a luminary of the modern trauma field, this book will be essential reading for practitioners, students, and researchers involved in contemporary psychoanalysis, psychotherapy, psychology, and especially trauma care, women's mental health, child safety, and the study of memory.

**Tackling Child Sexual Abuse** Sarah Nelson, 2016-06-08 In this outspoken and challenging book, Sarah Nelson argues that progress in addressing childhood sexual abuse has been in fearful or complacent retreat and that change is urgently needed in order to prevent abuse occurring and to better support survivors. From this starting point, she puts forward radical suggestions for new models of practice. These are designed to provide perpetrator-focused child protection, to encourage community approaches to prevention, and to better support those who have survived abuse. As revelations of widespread child abuse continue to emerge at an unprecedented rate, this book campaigns for change, offering policy makers and practitioners solutions for new ways in tackling sexual abuse, working alongside survivors to reduce its prevalence and impact.

It succeeds in expressing even the most complex of Freud's theories in clear and simple language whilst avoiding oversimplification. Texts discussed include *The Interpretation of Dreams*, *The Uncanny*, *Civilisation and its Discontents*. The clear presentation with regular summaries of the ideas raised encourages the reader to fully engage with the texts presented and gain a thorough

understanding of each text in the context of its background and impact on the development of psychoanalysis Drawing on his extensive experience as a clinician and a teacher of psychoanalysis Jean Michel Quinodoz has produced a uniquely comprehensive presentation of Freud's work which will be of great value to anyone studying Freud and Psychoanalysis

Society Against Itself Howard S. Schwartz, 2018-05-08 Political correctness involves much more than a restriction of speech It represents a broad cultural transformation a shift in the way people understand things and organize their lives a change in the way meaning is made The problem addressed in this book is that for reasons the author explores some ways of making meaning support the creation and maintenance of organization while others do not Organizations are cultural products and rely upon psychological roots that go very deep The basic premise of this book is that organizations are made up of the rules common understandings and obligations that the father represents and which are given meaning in the oedipal dynamic In anti oedipal psychology however they are seen as locuses of deprivation and structures of oppression Anti

oedipal meaning then is geared toward the destruction of organization      Acta Pædiatrica Scandinavica ,1989
