Freud And Judaism:

Sigmund Freud and the Jewish Mystical Tradition David Bakan, 2012-04-05 A pioneering scholarly investigation into the intersection of personality and cultural history this study asserts that Freudian psychology is rooted in Judaism particularly in the mysticism of the Kabbalah

The Riddle of Freud Estelle Roith, 2005-08-12 In *The Riddle of Freud* Estelle Roith argues that certain important elements of Judaic culture were so integral a part of Freud's personality that they became visible in his work and especially in his attitudes to and theories of femininity Freud's formulation of femininity which the author contends is mistaken is seen not as a simple error but as resulting from a complex bias in which personal and social factors are interrelated The author proposes that the considerable ambivalence experienced by Freud about his sexual cultural and social identity in which both overt and covert aspects of his Jewish culture survived could not be surmounted by him in the case of women Estelle Roith describes Freud's theory of femininity and its implications for psychoanalytic theories of human development and motivation in general She examines Freud's relationships with his women disciples and also the social and political conditions that obtained for Jews of Freud's time Finally her book helps illuminate the reasons for Freud's emphasis on the paternal power within the Oedipus complex It is essential reading for psychoanalysts and psychotherapists for students of women's issues and all those interested in Freud's impact on contemporary Western thought

From Oedipus to Moses Marthe Robert, 1976

[The Jew of Culture](#) Philip Rieff, 2008 The purpose of this collection of Rieff's writings is to trace the evolution of the Jews of culture over the course of his work introd

Freud and Judaism David Meghnagi, 2018-06-12 In this wide ranging collection there can be found studies that are representative of the tendencies in research during the last few years

Judaism in Sigmund Freud's World Earl A. Grollman, 1965

The Jewish World of Sigmund Freud Arnold D. Richards, M.D., 2010-03-10 Though Freud is one of the towering intellectual figures of the twentieth century too little attention has been paid to the influence of his Jewish identity upon his life and work particularly the impact of growing up a Jew in turn of the century Vienna The 14 essays in this volume explore the ways in which Freud and his followers were embedded in the cultural matrix of Jewish Central and Eastern Europe Topics include general sociological historical and cultural issues and then turn to the personal Freud's education his Jewish identity and his thoughts about Judaism Though a secular and ambivalent Jew Freud's emphasis on intellectualism and morality reveal the deep and abiding influence of European Jewish tradition upon his work

Freud's Jewish Identity Jerry V. Diller, 1991

[Freud in Zion](#) Eran J. Rolnik, 2018-03-05 *Freud in Zion* tells the story of psychoanalysis coming to Jewish Palestine Israel In this ground breaking study psychoanalyst and historian Eran Rolnik explores the encounter between psychoanalysis Judaism Modern Hebrew culture and the Zionist revolution in a unique political and cultural context of war immigration ethnic tensions colonial rule and nation building Based on hundreds of hitherto unpublished documents including many unpublished letters by Freud this book integrates intellectual and social history to offer a moving and persuasive account of how psychoanalysis

permeated popular and intellectual discourse in the emerging Jewish state

Judaism and Psychoanalysis Mortimer Ostow, 2018-03-22 Is psychoanalysis a Jewish science Ten essays contributed by the editor and distinguished scholars explore the Jewishness of psychoanalysis its origins in the Jewish situation of late nineteenth century Europe Freud's Jewishness and the Jewishness of his early colleagues They also exemplify what the psychoanalytic approach can contribute to the study of Judaism Clinical studies illuminate the issue of Jewish identity and psychological significance of the bar mitzvah experience Theoretical essays throw light on Jewish history Jewish social and communal behavior Jewish myths and legends religious ideas and thoughts What are the major determinants of Jewish identity What is the role of Jewish education in establishing and maintaining Jewish identity What does the Midrash tell us about the meaning of anxiety to the traditional Jew and how does Judaism attempt to deal with anxiety What strategies have Jews used to survive an anti Jewish world Under what circumstances has the compliant posture of Johanan ben Zakkai been celebrated and under what circumstances the defiance of the martyrs of Massada

The Jokes of Sigmund Freud Elliott Oring, 2007-04-16 The Jokes of Sigmund Freud unravels the intimate connections between Sigmund Freud and his Jewish identity Author Elliott Oring observes that Freud frequently identified with the characters in the jokes he told and that there was a strong relationship between these jokes and his own psychological and social state This analysis offers novel insights into the enigmatic character of Freud and a fresh perspective on the nature of the science that he founded

Racial Fever Eliza Slavet, 2009-08-25 What makes a person Jewish Why do some people feel they have physically inherited the memories of their ancestors Is there any way to think about race without reducing it to racism or to physical differences These questions are at the heart of Racial Fever Freud and the Jewish Question In his final book *Moses and Monotheism* Freud hinted at the complexities of Jewishness and insisted that Moses was really an Egyptian Slavet moves far beyond debates about how Freud felt about Judaism instead she explores what he wrote about Jewishness what it is how it is transmitted and how it has survived Freud's Moses emerges as the culmination of his work on transference telepathy and intergenerational transmission and on the relationships between memory and its rivals history heredity and fantasy Writing on the eve of the Holocaust Freud proposed that Jewishness is constituted by the inheritance of ancestral memories thus regardless of any attempts to repress suppress or repudiate Jewishness Jews will remain Jewish and Judaism will survive for better and for worse

The Origins of Religion Sigmund Freud, 1985

Freud's Moses Yosef Hayim Yerushalmi, 1993-01-01 *Moses and Monotheism* Freud's last major book and the only one specifically devoted to a Jewish theme has proved to be one of the most controversial and enigmatic works in the Freudian canon Among other things Freud claims in the book that Moses was an Egyptian that he derived the notion of monotheism from Egyptian concepts and that after he introduced monotheism to the Jews he was killed by them Since these historical and ethnographic assumptions have been generally rejected by biblical scholars anthropologists and historians of religion the book has increasingly been approached psychoanalytically as a psychological document of Freud's inner life of

his allegedly unresolved Oedipal complex and ambivalence over his Jewish identity In Freud's *Moses* a distinguished historian of the Jews brings a new perspective to this puzzling work Yosef Hayim Yerushalmi argues that while attempts to psychoanalyze Freud's text may be potentially fruitful they must be preceded by a genuine effort to understand what Freud consciously wanted to convey to his readers Using both historical and philological analysis Yerushalmi offers new insights into Freud's intentions in writing *Moses and Monotheism* He presents the work as Freud's psychoanalytic history of the Jews Judaism and the Jewish psyche his attempt under the shadow of Nazism to discover what has made the Jews what they are In the process Yerushalmi's eloquent and sensitive exploration of Freud's last work provides a reappraisal of Freud's feelings toward anti-Semitism and the gentile world his ambivalence about psychoanalysis as a Jewish science his relationship to his father and above all a new appreciation of the depth and intensity of Freud's identity as a godless Jew New Perspectives on Freud's *Moses and Monotheism* Ruth Ginsburg, Ilana Pardes, 2012-02-14 *New Perspectives on Freud's *Moses and Monotheism** presents some of the most important current scholarship on *Moses and Monotheism* The essays in this volume offer new perspectives on Freud's perception of Judaism of collective trauma and collective repression national violence gender issues hermeneutic enigmas religious configurations questions of representation and constructions of truth while exploring the relevance of *Moses and Monotheism* in diverse fields from Jewish Studies Psychoanalysis History and Egyptology to Literature Musicology and Art Freud and the Invention of Jewishness Betty Bernardo Fuks, 2008 *Literary Nonfiction* Translated from the Portuguese by Paulo Henriques Britto The question of Freud's relation to his Jewish heritage has become one of perennial fascination attracting philosophers psychoanalysts and students of Judaism However as Betty Fuks's highly original study reveals Freud's Judaism has too often served as the pretext for a naive pseudo analysis of Freud's character or the absurd idea that psychoanalysis is a form of secular Judaism Fuks dismantles these reductive claims with wit and close attention to the Freudian text and offers in their place an insightful account of how Freud invented a unique relation to his own Judaism an invention that sustained him in his splendid isolation and provided a foundation for the understanding of psychoanalysis as an experience of both subjective exile and nomination *A Dangerous Legacy* Hans Reijzer, 2018-05-08 On 23rd July 1908 Sigmund Freud wrote to his colleague Karl Abraham Rest assured that if my name were Oberhuber an obviously non-Jewish name in spite of everything my innovations would have met with far less resistance From its beginning psychoanalysis has been seen as a Jewish affair and psychoanalysts have always been afraid of ending up in the position of the Jew that of the outsider In *A Dangerous Legacy: Judaism and Psychoanalysis* Hans Reijzer examines how psychoanalysts have managed that fear in the recent past and in the present During his research which led him to Vienna Paris Amsterdam London Jerusalem Hamburg and Durban Reijzer encountered malicious as well as enlightening statements situations and incidents *A Dangerous Legacy* is a striking study of an interesting area of research Reijzer's conclusion is surprising stereotypes about Jews are a factor not only in the everyday world but also in the psychoanalytic world as soon as

Jews take part in it **The Jewish Thought and Psychoanalysis Lectures** Harvey J Schwartz, 2020-02-28 Thought provoking explorations of the relationship between psychoanalysis and Judaism which investigate themes of tradition forgiveness hysteria the body unconscious communication religious experience trauma anti-Semitism and victimization Based on the hugely successful Jewish Thought and Psychoanalysis lecture series it contains contributions from Eli Zaretsky Stephen Frosh Sander Gilman Marsha Aileen Hewitt Eran Rolnik Ruth Calderon and Harvey Schwartz Freud's relationship with his Judaism his by virtue of his self description as a fanatical Jew was framed by two of his convictions He was centered both by his passionate cultural affiliation and by his atheism Within these internal guideposts lay a Jewish life layered by tensions pleasures and identifications His creation psychoanalysis has labored to honor its Jewish influences Recent studies of these insights have contributed to the current interest in listening more carefully to the individual meanings of analysis and religious life This lecture series was designed to introduce to the public both the similarities and the differences between the psychoanalytic and the Jewish world views The contributors are among the thought leaders of our generation who work at the interface of the intrapsychic and religious states of mind We learn how each has influenced the other and perhaps how each has been enriched by the other A tour de force delving into the influence of Freud's Jewish roots on the development of psychoanalysis **Jewish Origins of the Psychoanalytic Movement** Dennis B. Klein, 1985 Dennis B Klein explores the Jewish consciousness of Freud and his followers and the impact of their Jewish self conceptions on the early psychoanalytic movement Using little known sources such as the diaries and papers of Freud's protégé Otto Rank and records of the Vienna B'nai B'rith that document Freud's active participation in that Jewish fraternal society Klein argues that the feeling of Jewish ethical responsibility aimed at renewing ties with Germans and with all humanity stimulated the work of Freud Rank and other analysts and constituted the driving force of the psychoanalytic movement **The Parting of the Ways** Richard L. Kradin, 2016 This book explores the religious underpinnings of psychoanalysis and examines how the tenets of Judaism and Christianity specifically influenced the theories and practices of Freud and Jung respectively It demonstrates that secular psychoanalysis is in large measure a revision of religious principles contained within the Judeo-Christian ethic and questions whether Freud's and Jung's approaches may best be suited to the psychological configurations of their fellow religionists
