Freud The Man His Mind 1856 1956:

Freud Richard L. Schoenwald,1956 *Freud* Richard Lee Schoenwald,1956 **Freud, Biologist of the Mind** Frank J. Sulloway,1992 An intellectual biography aiming to demonstrate despite his denials that Freud was a biologist of the mind The author analyzes the political aspects of the complex myth of Freud as psychoanalytic hero as it served to consolidate the analytic movement *Personology* Irving E. Alexander,1990 How can we know what another human being is like in some meaningful dynamic way Can we distill the signature like features of an individual personality What is the relationship between personal experience and our attempts to describe the person who has that experience This work by a highly respected senior psychologist is an effort to answer these questions Irving E Alexander presents a case for considering the personal narrative of a human life as the most compelling aspect of that life to be decoded and understood In part a critique of an exclusive reliance on general theories about the development of personality and ways of knowing based primarily on comparison with others Personology is illustrated with material drawn from the lives personal writings and theories of Freud Jung and Sullivan Alexander develops new insights into the lives of these men and offers methods and guidelines for investigating and teaching personology and psychobiography **Consciousness and Society** H. Stuart Hughes,Stanley Hoffman,2017-07-05 Hughes ideas and the way they are expressed in Consciousness and Society have become paradigms of twentieth century scholarship In dealing with the changing social thought after 1890 in Europe Hughes covers a wide array of thinkers and issues in a scholarly yet graceful manner His is a study of the cluster of genius of Europe at that time Croce Durkheim Freud Weber and Nietzsche as well as other great European minds The book explores questions that are still relevant in today s society Is the separation of facts and values tenable or even desirable Can rationality accommodate the ideas of a Bergson or a Freud Is there or should there be a relationship between science and religion And does history have any ultimate meaning for later generations Wisconsin Library Bulletin ,1955 The Living Church ,1956 **Sigmund Freud, Father of Psychoanalysis** Alan L. Paley,1974 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1957 Includes Part 1 Number 1 2 Books and Pamphlets Including Serials and Contributions to Periodicals January December *National Library of Medicine Catalog* National Library of Medicine (U.S.),1960 Library of Congress Catalog Library of Congress,1955 A cumulative list of works represented by Library of Congress printed cards Dual Allegiance Moshe Gresser,2012-02-01 Using Freud s correspondence this book argues that his Jewishness was in fact a source of energy and pride for him and that he identified with both Jewish and humanist traditions Gresser presents an extended analysis of Freud s personal correspondence Arranged in chronological order the material conveys a vivid sense of Freud s personal and psychological development Close reading of Freud s letters with frequent attention to the original German and its cultural context allows Gresser to weave a fascinating story of Freud s life and Jewish commitments as seen through the words of the master himself The book culminates in an extended discussion of Freud s last and most deliberately

Jewish work Moses and Monotheism Gresser thus initiates a discussion about modern Jewish identity that will be of interest to anyone concerned about questions of the relationship between tradition and modernity and between the particular and the universal that moderns struggle with in the search for authenticity The Publishers' Trade List Annual ,1964 **Ri Im**
