Vaughn Jr,2023-02-20 *Freaky Friday A Jurassic Adventure* Is about five teenagers being sent back through time to the Jurassic period Their journey came from a meteorite that plunged to earth millions of years before The city is St Louis and the area of Walnut Park is where the meteorite landed The school Bernard High was built on top of this site What the contractors that built the building didn't know is that the meteorite damaged the earth and created radioactive time portal In a school divided amongst various cliques can their friends set aside their differences and find out the truth Now these unlikely students Andre Kimberly Bobby Stevie and Tuan who are from different walks of life have to work together if they want to survive the dangers of prehistoric times while desperately trying to find a way back home *Friday - A Rebecca Black Themed Choose-Your-Own-Adventure Book* Daniel McCoy,2012-02-20 Kickin in the front seat Sittin in the back seat Now the choice is yours It may sound like a pretty negligible decision but as Rebecca is about to find out it could mean the difference between life and death Inspired by Rebecca Black's infamous song of the same name Friday is a choose your own adventure book involving secret societies Egyptian pyramids and maybe even an explanation for Rebecca's poorly received contribution to the world of music Get it while it's topical **Heroic** K.D. Harper,2019-05-15 Today our world is a scary hyperconnected place Thanks to the internet we know more than we ever did when our world was limited to our town and local news At any given time we can witness tragedy anywhere in the world through a device in our pockets It seems more than ever the cable news network's sling drama and fear 24/7 This takes a toll on our psyche More Americans today are being diagnosed with anxiety depression and PTSD than ever before Moreover life itself can be terrifying We struggle through sickness injury and financial issues daily We worry about our children and friends Anxiety abounds when trying to achieve our goals Nothing we want is easy or harmless How do we navigate and digest so much negative information and situations K D Harper tackles fear head on using Christian apologetics and straight forward logic He draws on the story of King David and his own prison experience to paint a picture of overcoming intense fear Harper reshapes the reader's worldview by starting at the very beginning with an understanding of who is God Then he moves into a breakdown of the one behind fear and doubt Using love and forgiveness he shapes an understanding of the principle steps it takes to become truly heroic using relentless faith in Jesus Christ If you find that fear is keeping you from success relationships or being the best you can be this book is for you **Friday Night Bites** Jacob Aldridge,2018-05-04 Under the bright lights of homecoming the Clayton Cougars are down and the game is on the line Quarterback Jake Carter leads a final desperate drive that ends in a touchdown putting them in the lead But the cheers of the crowd are short lived A mysterious illness has sent the other team's defensive back into a fit of coughing up blood and the game is called off early Sheriff Michaelson father of one of the team's players warns Jake and the rest of the team to go home as if he knew more than he was willing to share The next morning in the familiar halls of Clayton

High the outbreak spreads from the field to the classrooms The illness turns students into something monstrous and a routine homeroom becomes a terrifying battle for survival Forced to abandon their cliques and old lives a group of survivors must navigate a world of shifting allegiances and personal betrayals in a society that has collapsed overnight This character driven post apocalyptic series follows a group of teenagers as they fight to build a sanctuary in a broken world They will confront the horrors of the undead and the difficult reality of their own relationships as shocking secrets are revealed With every choice they make they must face a truth more terrifying than any monster in a world where the old rules no longer apply the most dangerous monsters aren't the ones outside the walls but the ones they've known their entire lives **Friday**
