European Military Prospects Economic Constraints And The Rapid Reaction Force:

European Military Prospects, Economic Constraints, and the Rapid Reaction Force, 2001 This study of European military prospects and economic constraints EMPEC was motivated by the long standing concern of U S policymakers with moving toward a better balance with our European allies in providing military capabilities as well as in the sharing of responsibilities decisionmaking and costs of our alliance relationship This concern is largely shared by our NATO allies who also nurture with varying degrees of intensity the additional aim of enhancing the autonomous military capabilities of the European Union EU apart from the NATO alliance while at the same time moving toward a better balance within the alliance itself The principal focus of the EMPEC project is the Union s European Security and Defense Policy ESDP and the ESDP s instrument the Rapid Reaction Force RRF with secondary attention to the Defense Capability Initiative DCI within NATO and the relationship between the ESDP and the DCI The DCI is a separate set of commitments by the members of NATO to upgrade their individual and collective capabilities and thereby enhance their capacity for bearing a larger share of the burden of and responsibility for NATO operations together with U S forces While these issues have many important political diplomatic and legal aspects the narrower focus of this study is on defense economics Specifically this report addresses the prospects for economic growth military spending and military investments in Germany France the United Kingdom and Italy to provide sufficient resources for enhancing the military capabilities sought by these four principal European NATO members for the ESDP RRF in the EU or for the DCI within NATO

Explaining the EU's Common Security and Defence Policy X. Kurowska,F. Breuer,2011-11-22 An engaging assessment of the theoretical debates on the EU s Common Security and Defence Policy CSDP The contributions to this volume bring together sophisticated theoretical frameworks and extensive empirical research Pluralistic in its approach the volume emphasizes the role of conceptual diversity for better explaining the EU s CSDP

A Human Security Doctrine for Europe Marlies Glasius,Mary Kaldor,2006 Apart from the Study Group s Barcelona Report it contains fifteen studies especially commissioned by the Study Group to help develop its approach Jacket

The European Dream Jeremy Rifkin,2004 Rifkin delves deeply into the history of Europe and eventually America to show how Europeans have succeeded in slowly and steadily developing a more adaptive sensible way of working and living

European Security Culture Monica Gariup,2017-05-15 Grounded on tenets of cultural realism and social constructivism Monica Gariup develops a theoretical framework to enhance our understanding of security culture at the European Union level She employs tools from political theory linguistic analysis and international relations theory to examine the implications of discourse and practice in European Security and Defense Policy ESDP Innovative in scope the volume analyzes whether elaborating a structurationist solution and proposing a discursive syntax of security makes it possible to identify and compare different types of security actors Providing a comprehensive and objective analysis on the links and implications between the discourse and actual policy of the ESDP this is essential reading for scholars and researchers in European politics

international relations security and cultural studies **European Military Prospects, Economic Constraints, and the Rapid Reaction Force** Charles Wolf, Benjamin Zycher, 2001 Will the European Union have the resources to upgrade the capabilities of the Rapid Reaction Force in the coming decade *Selected Rand Abstracts* Rand Corporation, 2001 Includes Reports R series Rand Memorandums RM series papers P series and Books Securing Outer Space Natalie Bormann, Michael Sheehan, 2009-01-30 This edited volume analyses a number of controversial policies and strategies relating to Space activities and to place these in a broader theoretical perspective The book reveals the relationship between activities in Outer Space and terrestrial international relations **The Politics of European Security** Jess Pilegaard, 2004 Antologien beskriver de udfordringer den Europ iske Union EU og dens medlemslande st r overfor i relation til sikkerheds og forsvarspolitik De eksisterende st rke og svage sider analyseres ligesom forslag til fremtidige tiltag frems ttes **Peace Research Abstracts Journal** , 2003 **Regional Leadership in the Global System** Daniel Flesmes, 2016-04-08 We assume that the ideas interests and strategies of regional powers are highly significant variables with the power to influence foreign policy Yet while comparative research projects involving OECD countries are fairly common comparative research integrating developing regions is still rare despite the fact that these countries are among the key actors of the twenty first century This collection emphasizes the role of regional powers in intra regional interregional and global contexts analyzing the rise of regional powers from a comparative perspective In so doing the book explains how these powers have power to shape regional and global politics **Unraveling the European Security and Defense Policy Conundrum** Joachim Krause, Andreas Wenger, Lisa Watanabe, 2003 The transformation of the St Malo declaration into a European process represents a milestone in the history of European integration for the first time bringing defense within the scope of European policy coordination There remains a number of open and interconnected questions related to the European Security and Defense Policy s political structure force capabilities and mission that together threaten to cast a shadow over the EU s capacity to create a credible military force with which to reinforce its capacity and autonomy in the area of crisis management This volume attempts to chart the progress the problems and the future prospects of this ambitious and highly contentious venture 欧洲安全与防务政策, 2016-05-25 GDP EU **Europe Unites** Peter A. Poole, 2003-06-30 Poole explores the impact of the eastward expansion of the European Union for the union itself for member states old new for the rest of the world He assesses the challenges that may have to be faced including reform of the CAP a constitutional treaty the thorny question of Turkey **Defence and security studies** , 2004 Prospects and Challenges for EU-China Relations in the 21st Century Jing Men, 2010 In 25 years EU China relations have come far further than many could have imagined but how much further can these relations be taken Today their bilateral relations are at a crossroads In effect it has been 25 years since the EU and China agreed upon the legally binding Trade and Economic Cooperation Agreement which sets the basis for their diplomatic relations In an ever increasingly complex and globalised international environment these actors have

become mutually interdependent on a variety of levels In 2007 they agreed to revise and update the 1985 accord and replace it with an all encompassing Partnership and Cooperation Agreement However more than three years passed and there are many points of contention which need to be negotiated What obstacles are blocking this agreement How can these obstacles be overcome What concessions should be made and where This book will provide an up to date analysis of the problematic concerns and the means to resolve these issues that range from human rights to international trade conflicts and climate change The Brown Journal of World Affairs ,2002 *The Handbook of European Defence Policies and Armed Forces* Hugo Meijer,Marco Wyss,2018-06-22 The armed forces of Europe have undergone a dramatic transformation since the collapse of the Soviet Union The Handbook of European Defence Policies and Armed Forces provides the first comprehensive analysis of national security and defence policies strategies doctrines capabilities and military operations as well as the alliances and partnerships of European armed forces in response to the security challenges Europe has faced since the end of the cold war A truly cross European comparison of the evolution of national defence policies and armed forces remains a notable blind spot in the existing literature The Handbook of European Defence Policies and Armed Forces aims to fill this gap with fifty one contributions on European defence and international security from around the world The six parts focus on country based assessments of the evolution of the national defence policies of Europe s major medium and lesser powers since the end of the cold war the alliances and security partnerships developed by European states to cooperate in the provision of national security the security challenges faced by European states and their armed forces ranging from interstate through intra state and transnational the national security strategies and doctrines developed in response to these challenges the military capabilities and the underlying defence and technological industrial base brought to bear to support national strategies and doctrines and finally the national or multilateral military operations by European armed forces The contributions to The Handbook collectively demonstrate the fruitfulness of giving analytical precedence back to the comparative study of national defence policies and armed forces across Europe **Multinational Rapid Response**

Mechanisms John Karlsrud,Yf Reykers,2018-12-19 The track record of military rapid response mechanisms troops on standby ready to be deployed to a crisis within a short time frame by intergovernmental organizations remains disappointing Yet many of the obstacles to multinational actors launching a rapid and effective military response in times of crisis are largely similar This book is the first comprehensive and comparative contribution to explore and identify the key factors that hamper and enable the development and deployment of multinational rapid response mechanisms Examining lessons from deployments by the AU the EU NATO and the UN in the Central African Republic Mali Somalia and counter piracy in the Horn of Africa the contributors focus upon the following questions Was there a rapid response to the crises By whom If not what were the major obstacles to rapid response Did inter organizational competition hinder responsiveness Or did cooperation facilitate responsiveness Bringing together leading scholars working in this area offers a unique opportunity to

analyze and develop lessons for policy makers and for theorists of inter organizational relations This work will be of interest to scholars and students of peacebuilding peacekeeping legitimacy and international relations NATO and the Challenges of Austerity F. Stephen Larrabee, Stuart E. Johnson, John IV Gordon, Peter A. Wilson, Caroline Baxter, 2012-10-22 In the coming decade NATO faces growing fiscal austerity and declining defense budgets This study analyzes the impact of planned defense budget cuts on the capabilities of seven European members of NATO the United Kingdom France Germany Italy Spain the Netherlands and Poland The authors assess the implications of the cuts for NATO capabilities and strategy and for U S policy
