European Political Facts, 1648-1789 Jack Babuscio, Richard Minta Dunn, 1984 **International Military Alliances, 1648-2008** Douglas M. Gibler, 2008-10-15 The inaugural title in the Correlates of War series from CQ Press this 2 volume set catalogs every official interstate alliance signed from the Peace of Westphalia in 1648 through the early twenty first century ranking it among the most thorough and accessible reviews of formal military treaties ever published Maps and introductions showcase the effects of alliances on the region or international system in century specific chapters while individual narratives and summaries of alliances simultaneously provide basic information such as dates and member states as well as essential insights on the conditions that prompted the agreement Additionally separate and or secret articles are highlighted for additional context and interest Supplementary features of this two volume set include A timeline cataloging major events in political and military history Guides listing allegiances by region and by century An alphabetical treaty index Maps illustrating political boundaries across the centuries International Military Alliances is an indispensable resource for any library serving students of law politics history and military science **British Historical Facts: 1688-1760** Chris Cook, John Stevenson, 2016-01-03 The latest volume in this series covers the period in British history from the Glorious Revolution of 1688 to the accession of George III in 1760 Chapters are included on administration ministerial biographies Parliament defence and treaties and the expansion of the Empire The Routledge Companion to European History Since 1763 Chris Cook, John Stevenson, 2005 The Routledge Companion to European History since 1763 is a compact and highly accessible work of reference with a fully comprehensive glossary a biographical section a thorough bibliography and informative maps **The Routledge Companion to Modern European History since 1763** Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history Ideology and Foreign Policy in Early Modern Europe (1650-1750) Gijs Rommelse, 2016-05-13 The years 1650 to 1750 sandwiched between an age of wars of religion and an age of revolutionary wars have often been characterized as a de ideologized period However the essays in this collection

contend that this is a mistaken assumption For whilst international relations during this time may lack the obvious polarization between Catholic and Protestant visible in the proceeding hundred years or the highly charged contest between monarchies and republics of the late eighteenth century it is forcibly argued that ideology had a fundamental part to play in this crucial transformative stage of European history Many early modernists have paid little attention to international relations theory often taking a Realist approach that emphasizes the anarchism materialism and power political nature of international relations In contrast this volume provides alternative perspectives viewing international relations as socially constructed and influenced by ideas ideology and identities Building on such theoretical developments allows international relations after 1648 to be fundamentally reconsidered by putting political and economic ideology firmly back into the picture By engaging with and building upon recent theoretical developments this collection treads new terrain Not only does it integrate cultural history with high politics and foreign policy it also engages directly with themes discussed by political scientists and international relations theorists As such it offers a fresh and genuinely interdisciplinary approach to this complex and fundamental period in Europe s development

The Rise of Female Kings in Europe, 1300-1800 William Monter, 2012-01-24 In this lively and pathbreaking book William Monter sketches Europe's increasing acceptance of autonomous female rulers between the late Middle Ages and the French Revolution Monter surveys the governmental records of Europe's thirty women monarchs the famous Mary Stuart Elizabeth I Catherine the Great as well as the obscure Charlotte of Cyprus Isabel Clara Eugenia of the Netherlands describing how each of them achieved sovereign authority wielded it and more often than men abandoned it Monter argues that Europe's female kings who ruled by divine right experienced no significant political opposition despite their gender

Conspiracies and Conspiracy Theory in Early Modern Europe Barry Coward, Julian Swann, 2017-07-05 For many generations Guy Fawkes and his gunpowder plot the Man in the Iron Mask and the Devils of Loudun have offered some of the most compelling images of the early modern period Conspiracies real or imagined were an essential feature of early modern life offering a seemingly rational and convincing explanation for patterns of political and social behaviour This volume examines conspiracies and conspiracy theory from a broad historical and interdisciplinary perspective by combining the theoretical approach of the history of ideas with specific examples from the period Each contribution addresses a number of common themes such as the popularity of conspiracy theory as a mode of explanation through a series of original case studies Individual chapters examine for example why witches religious minorities and other groups were perceived in conspiratorial terms and how far if at all these attitudes were challenged or redefined by the Enlightenment Cultural influences on conspiracy theory are also discussed particularly in those chapters dealing with the relationship between

literature and politics As prevailing notions of royal sovereignty equated open opposition with treason almost any political activity had to be clandestine in nature and conspiracy theory was central to interpretations of early modern politics Factions and cabals abounded in European courts as a result and their actions were frequently interpreted in conspiratorial terms By the late eighteenth century it seemed as if this had begun to change and in Britain in particular the notion of a loyal opposition had begun to take shape Yet the outbreak of the French Revolution was frequently explained in conspiratorial terms and subsequently European rulers and their subjects remained obsessed with conspiracies both real and imagined This volume helps us to understand why

European Political Facts 1648 1789 Introduction

In today's digital age, the availability of European Political Facts 1648 1789 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of European Political Facts 1648 1789 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of European Political Facts

1648 1789 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing European Political Facts 1648 1789 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, European Political Facts 1648 1789 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing European Political Facts 1648 1789 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for European Political Facts 1648 1789 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, European Political Facts 1648 1789 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of European Political Facts 1648 1789 books and manuals for download and embark on your journey of
