Jehovah's Witnesses in Europe Gerhard Besier, Katarzyna Stokłosa, 2021-08-18 The history of Jehovah's Witnesses in Europe has always been one of persecution This third volume documents this history turning eastward For the first time the circumstances of a religious minority under different political systems can be compared across the continent The studies gathered here provide insight into the methods of repression used by governments and mainstream churches the survival strategies of Jehovah's Witnesses and their various experiences under Eastern European dictatorships The initially cordial relationship with Jehovah's Witnesses that developed after 1990 has steadily reverted to religious discrimination culminating in Russia's renewed ban of Jehovah's Witnesses in 2017 and the confiscation of their properties By violating the universal human right of religious freedom the same conditions that prevailed in the Soviet era have now returned to modern Russia With severest discrimination and abusing jurisdictional procedures to reach their political aspirations the State tries to crush a religious community Against this background it is all the more important not to turn a blind eye to the situation of religious minorities in Eastern Europe but instead to take an honest public stance against it

The Right to Confrontation in Europe Stefano Maffei, 2012 Investigates the theory and practice of the Right to Confrontation and the right of an accused person to examine witnesses against him This book tackles the question of what values and interests should allow incursions into this fundamental right A conceptual analysis is developed in order to define the concept of testimonial evidence

Transnational Actors and Stories of European Integration Wolfram Kaiser, Richard McMahon, 2020-05-21 This book makes a major contribution to understanding European politics and identity It examines how politicians cultural elites and other actors fight over Europe's future with words and stories telling narratives about

European integration in different political social and cultural contexts The chapters explore how actors formulate stories to make sense of Europe's past and contemporary challenges and to legitimise their own positions and preferences The contributors explore themes ranging from divisive stories about the European Union EU mobilised in institutional reform referendums to the top down deployment of legitimising narratives by EU institutions religiously inspired apocalyptic narratives of European unity and stories about nations and Europe told by museums and academics Combined the chapters of this book are essential reading for everyone interested in Europe's common past and contemporary challenges and the EU's highly contested nature in times of apparently increasing disintegration Travel Narrative and the Ends of Modernity

Stacy Burton, 2014 Combining theoretical arguments with close reading this text traces how twentieth century writers have reinvented travel narrative for new purposes *Stephen Spender* David Leeming, 1999-11-10 The first critical biography of one of the twentieth century's towering literary figures Stephen Spender was a minor poet but a major cultural influence during much of the century Literary critic journalist art critic social commentator and friend of the best known cultural figures of the modernist and postmodernist periods Yeats Woolf Sartre Auden Eliot Isherwood Hughes Brodsky Ginsberg a who's who of contemporary literature Spender's writing recorded and distilled the emotional turbulence of many of the century's defining moments the Spanish Civil War the rise and fall of Marxism and Nazism World War II the human rights struggle after the war the Vietnam protest the Cold War and the 1960s sexual revolution the rise of America as a cultural and political force As David Leeming's fascinating biography demonstrates Stephen Spender's life reflected the complexity and flux of the century in which he lived his sexual ambivalence his famous friends the free love days in Germany between the wars the CIA Encounter scandal In David Leeming's capable hands this comprehensive unauthorized study of Spender is a meditation on modernity itself **8th International Colloquy on the European Convention on Human Rights** Council

Állam- és Jogtudományi Intézet, 1996-01-01 **Protecting witnesses of serious crime** Stjepan Gluščić, Council of Europe, 2006-01-01 Witnesses play a crucial role in the investigation prosecution and adjudication of serious and organised crimes and a range of protection measures are needed to ensure that witnesses can testify freely and without intimidation and receive protection before during and after trial This publication contains recently adopted Council of Europe and other standards in this field as well as a compendium of national laws and practices in the countries which participated in the joint Council of Europe and European Commission CARPO regional police project from 2004 to 2006 **Witness Protection and Criminal Justice in Africa**

Suzzie Oyakhire, 2023-06-30 This book examines the concept of witness protection which is still at an early developmental stage in several African countries including Nigeria from a legal and institutional perspective Recent developments in Nigeria highlight the need to clarify legal and conceptual issues within the existing legal framework for protecting witnesses Using the Nigerian case study the book illustrates some obscurities inherent in the concept of witness protection These are

highlighted around five critical areas the definition of witness protection the scope of beneficiaries requiring protection the nature of crimes necessitating protection the nature of protective measures and the administrative control of witness protection Specifically this book draws from the existing literature and practices of witness protection and adopts two distinct perspectives the criminal justice perspectives and human rights perspectives as heuristic tools for analysing the concept and to separate the disparate influences that shape how it is construed These distinctions are utilised throughout the book as an integrated way of conceptualising the concept of witness protection By discussing the practice of witness protection within the Nigerian context the book contributes to African conversations on the topic of witness protection The clarifications made in this book are utilised in making normative proposals for developing a legal framework for witness protection in Nigeria They are also useful for other African countries interested in developing a witness protection framework as part of criminal justice reform This book will serve as a reference point for legal scholars researchers academics postgraduate students and policy makers interested in the concept of witness protection It would also be useful for courses concerned with comparative criminology where there is an interest in developments in the Global South
