European Writers (Volume 1-2) George Stade, 1983-11 *European Literature and the Latin Middle Ages* Ernst Robert Curtius, 2013-07-21 Published just after the Second World War *European Literature and the Latin Middle Ages* is a sweeping exploration of the remarkable continuity of European literature across time and place from the classical era up to the early nineteenth century and from the Italian peninsula to the British Isles In what T S Eliot called a magnificent book Ernst Robert Curtius establishes medieval Latin literature as the vital transition between the literature of antiquity and the vernacular literatures of later centuries The result is nothing less than a masterful synthesis of European literature from Homer to Goethe *European Literature and the Latin Middle Ages* is a monumental work of literary scholarship In a new introduction Colin Burrow provides critical insights into Curtius s life and ideas and highlights the distinctive importance of this wonderful book *A History of European Literature* Walter Cohen, 2017-01-19 Walter Cohen argues that the history of European literature and each of its standard periods can be illuminated by comparative consideration of the different literary languages within Europe and by the ties of European literature to world literature World literature is marked by recurrent systematic features outcomes of the way that language and literature are at once the products of major change and its agents Cohen tracks these features from ancient times to the present distinguishing five main overlapping stages Within that framework he shows that European literatures ongoing internal and external relationships are most visible at the level of form rather than of thematic statement or mimetic representation European literature emerges from world literature before the birth of Europe during antiquity whose Classical languages are the heirs to the complex heritage of Afro Eurasia This legacy is later transmitted by Latin to the various vernaculars The uniqueness of the process lies in the gradual displacement of the learned language by the vernacular long dominated by Romance literatures That development subsequently informs the second crucial differentiating dimension of European literature the multicontinental expansion of its languages and characteristic genres especially the novel beginning in the Renaissance This expansion ultimately results in the reintegration of European literature into world literature and thus in the creation of today s global literary system The distinctiveness of European literature is to be found in these interrelated trajectories **EUROPEAN CLASSICAL LITERATURE** Dr. Sunita Kumari, Buy Latest EUROPEAN CLASSICAL LITERATURE Book in Hindi Language for BA 2nd Semester Bihar State By
