## **European Union And Enlargement The Case Of Cyprus:**

**The European Union and Enlargement** G. Christou, 2004-10-15 The European Union and Enlargement is about the EU's power of attraction an exploration of the potential for EU impact on conflicts within Europe and the implications for the EU to influence the order beyond its borders It provides both a theoretical and historical context in order to understand the EU's impact and combines this with empirical analysis of the perceptions of the Greek Cypriots Turkish Cypriots and Turkey on the accession process and its effect on the Cyprus issue It demonstrates the limits and the potential of the EU as a global actor through its power of attraction

**The Eu and Cyprus** St Phanie Laulh Shaelou, 2010 At the crossroads between EU enlargement and European integration this book provides a comprehensive comparative analysis of the integration of Cyprus into the EU and discusses the various socio legal parameters of its differentiated path on the way towards full integration

**The European Union and the Cyprus Conflict** Thomas Diez, 2002 In the lead essay for this volume Joshua Foa Dienstag engages in a critical encounter with the work of Stanley Cavell on cinema focusing skeptical attention on the claims made for the contribution of cinema to the ethical character of democratic life In this debate Dienstag mirrors the celebrated dialogue between Rousseau and Jean D Alembert on theatre casting Cavell as D Alembert in his view that we can learn to become better citizens and better people by observing a staged representation of human life with Dienstag arguing with Rousseau that this misunderstands the relationship between original and copy even more so in the medium of film than in the medium of theatre Dienstag's provocative and stylish essay is debated by an exceptional group of interlocutors comprising Clare Woodford Tracy B Strong Margaret Kohn Davide Panagia and Thomas Dumm The volume closes with a robust response from Dienstag to his critics

**Turkey's Accession to the European Union** Belgin Akçay, Bahri Yilmaz, 2012-11-15 Although Turkey has a long held aspiration for European Union membership and has been a candidate for more than a decade relations between the EU and Turkey have not received the attention it deserves from non Turkish researchers thus far and consequently the international literature on EU Turkey relations is rather limited In light of recent global economic and political challenges for the EU and Turkey a need has emerged for an interdisciplinary approach to study EU Turkey relations within the wider international political and economic context Turkey's Accession to the European Union Political and Economic Challenges edited by Belgin Akçay and Bahri Yilmaz provides a timely overview of some of the most important issues and debates in the changing context of Europe the change in domestic politics and foreign policy in Turkey and the likely implications of these changes and developments for EU Turkey relations Within this framework this collection includes articles emphasizing Turkey's reform process with a view to EU accession despite EU's reservations about absorbing Turkey and the eventual decoupling of the Turkish reform process from European integration as well as searching for alternative forms of cooperation or transitional arrangements which may be possible for Turkey at the time of accession

**The Influence of the European Union on Turkish Foreign Policy** Özlem Terzi, 2016-02-24 EU membership provides member

states with a new perception of their place in the world their foreign policies very much influenced by their involvement in the politics of Brussels The candidate countries also go through the same experience The membership prospect however presented a serious challenge to Turkish foreign policy and it was obvious from the moment Turkey was declared as a candidate country in 1999 that its membership perspective was linked to the solution of problems in its domestic and foreign relations In this book Zlem Terzi examines the influence of the European Union on the making of Turkish foreign policy since it was declared a candidate country By comparing an issue specific analysis alongside an actor based focus Terzi questions whether such a transformation in the self perceptions of Turkish policy makers is actually taking place and whether the policy making process with respect to foreign policy issues expands to include new actors like the civil society thus democratizing the way foreign policy is made Case study rich and packed with interviews with actors involved in policy making in Brussels and Ankara this book enables the reader to correctly discern the factors that make the Turkish case unique and to reveal whether certain aspects of Turkey's pre accession process are not as unique as we think The Influence of the European Union on Turkish Foreign Policy is a valuable and informative contribution for students researchers and scholars interested on the transformative power of the EU and the role of Turkey's relationship with its neighbours

The Cyprus Issue Nikos Skoutaris, 2011-03-01 This is a book on the interrelationship of the EU legal order and the Cyprus issue The book addresses a question which is of great significance for the legal order of the EU as well as for Cypriots Turks and Greeks namely how the Union deals with the de facto division of the island Despite the partial normalisation of relations between the two ethno religious groups on the island Cyprus accession to the EU has not led to its reunification nor to the restoration of human rights nor a complete end to the political and economic isolation of the Turkish Cypriot community Ironically enough the accession of the island to the EU actually added a new dimension to the division of the island According to Protocol 10 on Cyprus to the Act of Accession 2003 the Republic of Cyprus joined the Union with its entire territory However due to the fact that its Government cannot exercise effective control over the whole island pending a settlement the application of the *acquis* is suspended in those areas of the Republic of Cyprus in which the Government of the Republic of Cyprus does not have effective control Given this unprecedented for an EU Member State situation of not controlling part of its territory the book analyses the limits of the suspension of the Union *acquis* in the areas north of the Green Line In other words the *telos* of this particularly challenging research is to map the partial application of Union law in an area where there are two competing claims of authority

**Turkey and the European Union** Firat Cengiz,Lars Hoffmann,2013-12-04 In recent years Turkey has become an ever more important actor on the international stage However Turkey EU relations still remain in a state of flux The EU and Turkey seem to have moved apart in their political aspirations after Turkey s EU accession talks faced a stalemate over the Republic of Cyprus EU accession as a divided island Likewise both Turkey and the EU have recently faced new socio political realities such as the Eurozone crisis the Arab Spring and the Turkish government s shifting foreign policy towards the Middle East region Such developments have rendered EU membership potentially a less desirable prospect for an increasingly self confident Turkey In light of these recent events this book explores the evolving challenges and opportunities facing the more than 50 year old Turkey EU relationship This volume focuses particularly on the role of the Cyprus issue the potential for closer Turkey EU cooperation in the aftermath of the Arab Spring the impact on Turkish citizens and politics as well as the concept of Europeanization especially in relation to Turkey s democratic reform process In drawing together perspectives from the disciplines of international relations political science and law this book offers a unique interdisciplinary outlook towards the changing role of Europe in Turkey s political discourse This book will be of interest to researchers and students of Turkey EU
