Europes Neutral And Nonaligned States Between Nato And The Warsaw Pact

**Antony Best, Jussi M.
Hanhimäki, Joseph A. Maiolo, Kirsten E.
Schulze**

Europe's Neutral And Nonaligned States Between Nato And The Warsaw Pact:

Europe's Neutral and Nonaligned States Victor S. Papacosma, Mark R. Rubin, 1989 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com *The Soviet Union and the Strategy of Non-Alignment in the Third World* Roy Allison, 1988-12-15 This study investigates the overall Soviet conception of non alignment in the Third World and assesses Soviet policy in relation to this issue *The Soviet Union and Cold War Neutrality and Nonalignment in Europe* Mark Kramer, Aryo Makko, Peter Ruggenthaler, 2021-03-22 The Soviet Union and Cold War Neutrality and Nonalignment in Europe examines how the neutral European countries and the Soviet Union interacted after World War II Amid the Cold War division of Europe into Western and Eastern blocs several long time neutral countries abandoned neutrality and joined NATO Other countries remained neutral but were still perceived as a threat to the Soviet Union's sphere of influence Based on extensive archival research this volume offers state of the art essays about relations between Europe's neutral states and the Soviet Union during the Cold War and how these relations were perceived by other powers *Military Neutrality of Small States in the Twenty-First Century* Jelena Radoman, 2021-08-28 This book explores the factors that account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies **Between Neutrality and Solidarity: Swiss Good Offices in Afghanistan from 1979 to 1992** Liliane Stadler, 2024-02-12 After 1979 Switzerland became increasingly involved in Soviet occupied Afghanistan as a provider of humanitarian aid and good offices It delivered aid to the region hosted Soviet prisoners of war and eventually mediated between the Afghan regime and the mujahideen What is puzzling about this development is that initially following the Soviet invasion both government and parliament refused to become diplomatically involved in Afghanistan on account of Swiss neutrality The present study investigates how and why this changed between 1979 and 1992 While the practical impact of Switzerland's good offices was modest the crisis revealed that Switzerland continued to struggle to balance the competing imperatives of permanent neutrality and international solidarity in an increasingly multilateral world **The European Neutrals In The 1990s** Hanspeter Neuhold, 2019-07-09 This book presents the work of leading experts from Austria Finland Sweden and Switzerland on the changing opportunities and challenges faced by the neutral states of Europe It outlines some of the political changes that have recently taken place in the Soviet Union and Eastern Europe *The American Conception of Neutrality After 1941* J. Gabriel, 2002-07-09 The American Conception of Neutrality After 1941 by J rg Martin Gabriel is a study of global political history since 1941 with a particular emphasis on America's attitude to neutrality This important

revised and updated edition contains three entirely new chapters including an insightful new introduction and conclusion drawing on newly released documentation most importantly on Southeast Asia and the Vietnam War Like the previous edition this book looks at world affairs through the eyes of neutrality It covers amongst other issues America s contribution to the decline of world neutrality the major economic and military events surrounding the Second World War the founding of NATO and the problems of neutralism during the Vietnam War This new edition however goes one step further to confirm with fresh new evidence e g the end of the Cold War and the Unification of Germany the central thesis of the original volume American foreign policy is an important topic of continuing interest

Neutrality and Neutralism in the Global Cold War Sandra Bott,Jussi M. Hanhimaki,Janick Schaufelbuehl,Marco Wyss,2015-12-22 This book sheds new light on the foreign policies roles and positions of neutral states and the Non Aligned Movement NAM in the global Cold War The volume places the neutral states and the NAM in the context of the Cold War and demonstrates the links between the East the West and the so called Third World In doing so this collection provides readers an alternative way of exploring the evolution and impact of the Cold War on North South connections that challenges traditional notions of the post 1945 history of international relations The various contributions are framed against the backdrop of the evolution of the Cold War international system and the decolonization process in the Southern hemisphere By juxtaposing the policies of European neutrals and countries of the NAM this book offers new perspectives on the evolution of the Cold War With the links between these two groups of countries receiving very little attention in Cold War scholarship the volume thus offers a window into a hitherto neglected perspective on the Cold War Via a series of case studies the chapters here present new viewpoints on the evolution of the global Cold War through the exploration of the ensuing internal and mainly external policy choices of these nations This book will be of much interest to students of Cold War Studies international history foreign policy security studies and IR in general

Developments in Europe, January 1987 United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East,1987 **The Handbook of European Defence Policies and Armed Forces** Hugo Meijer,Marco Wyss,2018-06-22 The armed forces of Europe have undergone a dramatic transformation since the collapse of the Soviet Union The Handbook of European Defence Policies and Armed Forces provides the first comprehensive analysis of national security and defence policies strategies doctrines capabilities and military operations as well as the alliances and partnerships of European armed forces in response to the security challenges Europe has faced since the end of the cold war A truly cross European comparison of the evolution of national defence policies and armed forces remains a notable blind spot in the existing literature The Handbook of European Defence Policies and Armed Forces aims to fill this gap with fifty one contributions on European defence and international security from around the world The six parts focus on country based assessments of the evolution of the national defence policies of Europe s major medium and lesser powers since the end of the cold war the alliances and security partnerships developed by European states to cooperate in the provision of

national security the security challenges faced by European states and their armed forces ranging from interstate through intra state and transnational the national security strategies and doctrines developed in response to these challenges the military capabilities and the underlying defence and technological industrial base brought to bear to support national strategies and doctrines and finally the national or multilateral military operations by European armed forces The contributions to The Handbook collectively demonstrate the fruitfulness of giving analytical precedence back to the comparative study of national defence policies and armed forces across Europe

Soviet Military Power In A Changing World Susan L Clark,2019-06-04 Many people have been instrumental in helping see this book through to completion First I want to thank Robbin Laird not only for his professional encouragement over the years but especially for his suggestion to do this book in the first place Nor would this effort have been possible or nearly as enjoyable without the support and friendship of Susan McEachern I would also like to thank Jackie Evans for her assistance in helping to prepare the manuscript

International History of the Twentieth Century Antony Best,2004 Using their thematic and regional expertise four prominent authors have produced an authoritative yet accessible account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas

The Changing Political Structure of Europe René Lefebvre,Malgosia Fitzmaurice,E.W. Vierdag,2024-12-09 Following profound modifications of Soviet ideology after the coming to power of Gorbachev Europe experienced an unprecedented time of change which resulted inter alia in the unification of the two German States the abolition of socialist international organizations the obsolescence of neutrality policies in the New Europe and the pull on the European Communities to admit new members These revolutionary events give rise to interesting legal questions Since international relations are changing the legal framework in which these relations are set has to change too In December 1990 international legal aspects of the changes in the political structure of Europe were discussed at a conference held in Amsterdam In this book which takes account of the outcomes of the discussions the international legal framework in which these changes take place and their consequences are described and analyzed by eminent scholars from East and West

Status of Conventional Stability Talks in Europe United States.

Congress. House. Committee on Foreign Affairs,1989

International History of the Twentieth Century and Beyond Antony Best,Jussi M. Hanhimäki,Joseph A. Maiolo,Kirsten E. Schulze,2024-09-03 Now in its fourth edition this highly successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the last 120 years The fourth edition is thoroughly updated to take account of the most recent research and global developments including new material on

the impact of the Trump administration on international politics the rise of China under the leadership of Xi Jinping and the origins of the wars in Ukraine and Gaza The book is supported by a fully revised companion website including links to further resources and self testing material which can be found at www.routledgelearning.com/internationalhistory20c **Neutrality and Non-alignment in the 1990s** Poomagame Anantharamaiah Narasimha Murthy, B. K. Shrivastava, 1991 *The Vienna Meeting Of The Conference On Security And Cooperation In Europe, 1986-1989* Stefan Lehne, 2019-07-11 This volume focuses on the third Conference on Security and Cooperation in Europe CSCE Follow Up Meeting which took place in Vienna from November 1986 to January 1989 against the background of dynamic developments in Eastern Europe **European Socialist Regimes' Fateful Engagement with the West** Angela Romano, Federico Romero, 2020-09-14 This edited volume analyses European socialist countries strategy of engagement with the West and the European Economic Community in the long 1970s The book focuses on a time when the socialist regimes of Central and Eastern Europe banked their hopes for prosperity and stability on enhanced relations with the West Crossing the traditional differences among diverse fields of historiography it assesses the complex influence of European and global processes of transformation on the socialist elites reading of the international political and economic environment and their consequent decision making The volume also explores the debate in each country among and within the elites involved in policymaking as they elaborated this strategic view and coped with shortcomings and unexpected turns A comparative analysis of national cases shows a shared logic and common patterns together with national variations and a plurality of views on the desirability of exchanges with their capitalist neighbours and on the ways to promote them The multinational coverage of seven countries makes this volume a starting point for anyone interested in each socialist state s foreign policy intra bloc relations economic strategy transformation and collapse relations with the European Community and access to the EU This book will be of much interest to students and researchers of Cold War Studies European history and International Relations The Open Access version of this book available at <https://www.routledge.com/European-Socialist-Regimes-Fateful-Engagement-with-the-West-National-Strategies/Romano-Romero/p/book/9780367356170> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license **Human Rights in Europe during the Cold War** Rasmus Mariager, Karl Molin, Kjersti Brathagen, 2014-06-05 This book provides an overview of the establishment dispersion and effects of human rights in Europe during the Cold War The struggle for human rights did not begin at the end of the Second World War For centuries political associations religious societies and individuals had been fighting for political freedom religious tolerance freedom of expression freedom of thought and the right to participate in politics However the world was awakened by the atrocities of the Second World War and the idea that every person should have certain perpetual and inalienable rights was set out in The Universal Declaration of Human Rights UDHR from 1948 which contained an enumeration of international human rights standards Adopting an interpretative framework which pulls together universal ideas values and principles of

human rights Human Rights in Europe during the Cold War demonstrates how conflicting interests collided when the exact meaning of human rights was established It also discusses various approaches to the idea of imposing respect for human rights in countries where they were systematically violated and assesses the outcome of international accords on human rights in particular the 1975 Helsinki Final Act In conclusion this volume proposes that human rights functioned as moral support to the opposition in repressive regimes and that this was subsequently used as a tool to further system changes Based on new archival research this book will be of much interest to students of Cold War studies human rights European history international law and IR in general

International Politics in Europe G. Wyn Rees, 2002-09-11 Throughout much of Europe the preoccupation with military security that dominated political thinking after the end of the Second World War has given way to an emphasis upon mutual interdependence But what does this mean both theoretically and practically terms of a new agenda The focus of this book is upon four main issues economic development security the environment human rights These are of course not in themselves new issues but during the period of the Cold War they were subordinated to the ideological division of the continent Now they have emerged as decisive in the way in which Europe will develop The authors examine the four issues in depth and draw out the links between them They also examine the various levels at which these problems exist the level of the system of the state and of the individual Thus it is possible for them to illustrate general issues with specific reference to local national and Europe wide political debates
