Evangelicals And Politics In Antebellum America

Gretchen Murphy

Evangelicals And Politics In Antebellum America:

Evangelicals and Politics in Antebellum America Richard Carwardine, 1993 A book of uncommon significance *Evangelicals and Politics in Antebellum America* compels us to rethink the causes for the Civil War and once again place the moral issue of slavery at the heart of the matter Bertram Wyatt Brown *Journal of Southern History* This superbly researched and expertly written book makes a signal contribution to American history as well as to the history of religion Mark Noll *Christianity Today* Carwardine's book is a major contribution to our understanding of pre Civil War politics Few after reading this sophisticated account will deny the important role evangelicals played in shaping mid nineteenth century American political culture Curtis D Johnson *American Historical Review* This book first published in 1993 to great acclaim examines the relationship between evangelical Protestant piety and political life in the critical twenty years before the Civil War It is the first study to address directly the questions of how effectively evangelicals engaged in secular politics how far they fashioned American political culture and party developments and how instrumental they were in shaping the lines of sectional antagonism Richard Carwardine explores the complex character of the evangelical movement and its impact during the antebellum era He reveals how evangelicals both North and South reinforced the drive toward two party adversarial politics by encouraging voting and responsible citizenship pressuring politicians and forcing questions of education the removal of Native Americans war drink and above all slavery onto the political agenda This book goes further than any previous study to argue that religion was the coin of politics in the early 1800s and that the roots of the Civil War lay in religious as well as secular factors

The Routledge History of Religion and Politics in the United States Since 1775 Cara Lea Burnidge, Lauren Frances Turek, 2024-12-30 Drawing together history and recent historiography this volume offers a reference work for understanding how religion influenced politics and how politics shaped religion in the United States from the American Revolution through to the present day The book brings together some of the most well regarded scholars in history religious studies American studies political science and other disciplines working in this field providing a groundbreaking transdisciplinary history of this topic It explores the major themes and historiographical trends that animate current scholarship ensuring that readers come away with a thorough picture of the field how it has evolved and where future scholars might take us This unique approach is well suited to students and scholars of both U S history and religious studies and encourages interdisciplinary analysis for the fields of religion and politics

Pragmatism, Politics, and Perversity Joseph L. Esposito, 2012-06-14 The political project of pragmatism has focused primarily on its defense of democracy as the best political system to maintain and improve human well being over lifetimes and generations *Pragmatism Politics and Perversity* Democracy and the American Party Battle describes this project of Peirce Dewey Hook and Rorty and combines it with Charles Beard's study of the party battle as the most determinative influence upon American democracy The book updates and confirms Beard's hypothesis that the history of the party battle is a chronicle of perverse schemes and self

inflicted wounds the most salient to date being the American Civil War because it reflects a ceaselessly disruptive contest over the creation of two largely incompatible political states nation state and market state The book supports its thesis with detailed historical accounts of the formation of the Constitution and early federal judiciary the sedition trials and political schemes of the 1790s the frustration of market state Whigs to attract white working class voters by exploiting their religious identities the reckless machinations of Whig Republicans in precipitating a national crisis over a contrived threat of oligarchy and white slavery and the ideological oscillations of the Supreme Court from market state to nation state jurisprudence and back again To reduce perversity in political rhetoric and free up pragmatic democratic practices the book proposes a robust neo Madisonian view of free speech where political actors and their surrogates are not only free to speak and write but are also obligated to explain retract and revise what they have said and written

The Oxford Handbook of Evangelical Theology Gerald McDermott, 2010 Evangelical theology is a burgeoning field This volume surveys the state of the discipline on topics of greatest importance to evangelical theology Each chapter has been written by a theologian or scholar who is widely recognized for his or her published work and is considered a leading thinker on that topic

Religion and American Politics Mark A. Noll, Luke E. Harlow, 2007-09-13 This collection which includes revisions of the original essays as well as entirely new material presents works by seventeen of America's leading historians and social scientists including John Murrin Harry Stout John F. Wilson Daniel Walker Howe Bertram Wyatt Brown Robert Swierenga Martin Marty Robert Wuthnow and George Marsden Together these distinguished contributors provide comprehensive coverage of the historical interaction between religion and politics in America from the colonial and Revolutionary periods with intense commitments to and disagreements over religion through the evangelical Protestant ascendancy that marked the nineteenth century to the growing pluralism and heightened antagonism between liberal and conservative factions that typify our own era

American Religious History Gary Scott Smith, 2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion's interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics

related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three God and Mammon Mark A. Noll, 2002 This collection of essays offers a close look at the connections between American Protestants and money in the Antebellum period They provide essential background to an issue that continues to generate controversy in the Protestant community today

Guide to U.S. Political Parties Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States *Superchurch* Jonathan J. Edwards, 2015-04-01 Christian Fundamentalism is a doctrine and a discourse in tension Fundamentalists describe themselves as both marginal and a majority They announce the imminent end of the world while building massive megachurches and political lobbying organizations They speak of the need for purity and separation from the outside world while continually innovating in their search for more effective and persuasive ways to communicate with and convert outsiders To many outsiders Fundamentalist speech seems contradictory irrational intolerant and dangerously antidemocratic To understand the complexity of Fundamentalism we have to look inside the tensions and the paradoxes We have to take seriously the ways in which Fundamentalists describe themselves to themselves and to do that we must begin by exploring the central role of the church in Fundamentalist rhetoric and politics Drawing on five fascinating case studies *Superchurch* blends a complex yet readable treatment of rhetorical and political theory with a sophisticated approach to Fundamentalism that neither dismisses its appeal nor glosses over its irresolvable tensions Edwards challenges theories of rhetoric counterpublics deliberation and civility while offering critical new insights into the evolution and continuing influence of one of the most significant cultural and political movements of the past century

Moral Minorities and the Making of American Democracy Kyle G. Volk, 2014 *Moral Minorities and the Making of American Democracy* unearths the origins of popular minority rights politics in American history Focusing on controversies

spurred by grassroots moral reform in the early nineteenth century it shows how a motley array of self understood minorities reshaped American democracy as they battled laws regulating Sabbath observance alcohol and interracial contact New England Women Writers, Secularity, and the Federalist Politics of Church and State Gretchen Murphy, 2021-02-10 Drawing on literature correspondence sermons legal writing and newspaper publishing this book offers a new account women s political participation and the process of religious disestablishment Scholars have long known that eighteenth and nineteenth century American women wrote pious sentimental stories but this book uses biographical and archival methods to understand their religious concerns as entry points into the era s debates about democratic conditions of possibility and the role of religion in a republic Beginning with the early republic s constitutional and electoral contests about the end of religious establishment and extending through the nineteenth century Murphy argues that Federalist women and Federalist daughters of the next generation adapted that party s ideas and fears by promoting privatized Christianity with public purpose Harriet Beecher Stowe Catharine Sedgwick Lydia Sigourney Judith Sargent Murray and Sally Sayward Wood authorised themselves as Federalism s literary curators and in doing so they imagined new configurations of religion and revolution faith and rationality public and private They did so using literary form writing in gothic sentimental and regionalist genres to update the Federalist concatenation of religion morality and government in response to changing conditions of secularity and religious privatization in the new republic Murphy shows that their project both complicates received narratives of separation of church and state and illuminates the problem of democracy and belief in postsecular America

The Foreign Missionary Enterprise at Home Daniel H Bays, Grant Wacker, 2010-03-14 This collection of 15 essays provides a fully developed account of the domestic significance of foreign missions from the 19th century through the Vietnam War U S and Canadian missions to China South America Africa and the Middle East have it shows transformed the identity and purposes of their mother countries in important ways

The Religion-Supported State Nathan S. Rives, 2022-08-31 Between 1776 and 1850 the people politicians and clergy of New England transformed the relationship between church and state They did not simply replace their religious establishments with voluntary churches and organizations Instead as they collided over disestablishment Sunday laws and antislavery they built the foundation of what the author describes as a religion supported state Religious tolerance and pluralism coexisted in the religion supported state with religious anxiety and controversy Questions of religious liberty were shaped by public debates among evangelicals Unitarians Universalists deists and others about the moral implications of religious truth and error The author traces the shifting situational political alliances they constructed to protect the moral core of their competing truths New England s religion supported state still resonates in the United States in the twenty first century

The Expansion of Evangelicalism John Wolffe, 2007-05-17 John Wolffe provides an authoritative account of evangelicalism from the 1790s to the 1840s making extensive use of primary sources A compelling book rich in detail that will excite history buffs students and

professors and any reader interested in the development of evangelicalism *Religious Speech and the Quest for Freedoms in the Anglo-American World* Wendell Bird, 2023-04-20 In the secular contemporary world many people question the relevance of religion Many also wonder whether religiously informed speech and beliefs should be tolerated in the public square and whether religions hinder freedom In this volume Wendell Bird reminds us that our basic freedoms are the important legacies of religious speech arising from the Judeo Christian tradition Bird demonstrates that religious speech rather than secular or irreligious speech based on other belief systems historically made the demands and justifications for at least six critical freedoms speech and press rights for the criminally accused higher education emancipation from slavery and freedom from discrimination Bringing an historically informed approach to the development of some of the most important freedoms in the Anglo American world this volume provides a new framework for our understanding of the origins of crucial freedoms It also serves as a powerful reminder of an aspect of history that is steadily being forgotten or overlooked that many of our basic freedoms are the historical legacies of religious speech arising from Judeo Christian faiths The Oxford Handbook of Religion and American Politics Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students journalists and others interested in the American political scene A.B. Simpson and the Making of Modern Evangelicalism Daryn Henry, 2019-12-26 A shrewd synthesizer gifted popularizer and inspiring founder of the Christian and Missionary Alliance movement A B Simpson 1843 1919 was enmeshed in the most crucial threads of evangelical Christianity at the turn of the twentieth century Daryn Henry presents Simpson's life and ministry as a vivid fascinating and paradigmatic study in evangelical religious culture during a time when the conservative wing of the movement has often been overlooked Simpson's ministry Henry explains fused the classic evangelical emphasis on revivalist conversion with the intensification of that sensibility in the quest for the deeper Christian life of holiness Recovering the practice of divine healing Simpson emphasized a dynamically empowered and supernaturally animated Christianity that would spill over into nascent Pentecostalism His encouragement of cross cultural missions was part of a trend that unleashed the dramatic rise of world Christianity across the Global South All the while his Biblical literalism antagonism to modernist theology campaigns against evolution and views on premillennialism Biblical prophecy and the role of Israel in the end times made Simpson a precursor of the fundamentalist melees of subsequent decades From his upbringing in rural Canada and

confessional Scottish Presbyterianism Simpson journeyed into the heart of American evangelicalism revolving around his base in New York City Against most previous writing on Simpson Henry s biography presents both continuities and discontinuities in the development of modern interdenominational evangelicalism out of the denominational evangelicalism of the nineteenth century

Religion in America to 1865 Bryan F. LeBeau,2000 The text provides an introduction to the history of religion in America from colonisation to the Civil War The principle themes are growth diversity and adaptation Coverage includes native American religion and religion in the colonial period the eve of the American Revolution the early republic the age of reform and the Civil War The topics are ordered chronologically following the time lines of the secular history of America allowing connection to be made between religious and secular history

The Legacy of Billy Graham: Critical Reflections on America's Greatest Evangelist Michael G. Long,2008 Perhaps no individual person has had more of an effect on twentieth century American Christianity than the renowned evangelist Billy Graham And although Graham s influence on evangelicalism has long been recognized Michael G Long s *The Legacy of Billy Graham* is the first book to examine his impact on mainline Christianity and American civil religion With contributors both noted and revered this critical but appreciative volume poignantly assesses Graham s career With fairness and clarity these prominent mainline to progressive scholars shed valuable light on the evangelist s theology and preaching his influential perspectives on politics and economics feminism and sex war and peace and race and power as well as his engagement with powerful contemporaries including Martin Luther King Jr and Reinhold Niebuhr before concluding with two insightful retrospectives on his legacy Back cover of book

God's Almost Chosen Peoples George C. Rable,2010-11-29 Throughout the Civil War soldiers and civilians on both sides of the conflict saw the hand of God in the terrible events of the day but the standard narratives of the period pay scant attention to religion Now in *God s Almost Chosen Peoples* Lincoln Prize winning historian George C Rable offers a groundbreaking account of how Americans of all political and religious persuasions used faith to interpret the course of the war Examining a wide range of published and unpublished documents including sermons official statements from various churches denominational papers and periodicals and letters diaries and newspaper articles Rable illuminates the broad role of religion during the Civil War giving attention to often neglected groups such as Mormons Catholics blacks and people from the Trans Mississippi region The book underscores religion s presence in the everyday lives of Americans north and south struggling to understand the meaning of the conflict from the tragedy of individual death to victory and defeat in battle and even the ultimate outcome of the war Rable shows that themes of providence sin and judgment pervaded both public and private writings about the conflict Perhaps most important this volume the only comprehensive religious history of the war highlights the resilience of religious faith in the face of political and military storms the likes of which Americans had never before endured

This is likewise one of the factors by obtaining the soft documents of this **Evangelicals And Politics In Antebellum America** by online. You might not require more epoch to spend to go to the ebook creation as competently as search for them. In some cases, you likewise realize not discover the notice Evangelicals And Politics In Antebellum America that you are looking for. It will totally squander the time.

However below, in imitation of you visit this web page, it will be as a result enormously simple to acquire as capably as download guide Evangelicals And Politics In Antebellum America

It will not resign yourself to many grow old as we explain before. You can realize it though work something else at home and even in your workplace. so easy! So, are you question? Just exercise just what we give under as with ease as evaluation **Evangelicals And Politics In Antebellum America** what you subsequently to read!
