Evangelicals And The Bishops Pastoral Letter:

Evangelicals and the Bishops' Pastoral Letter Dean C. Curry, 1984 *Evangelicals and American Foreign Policy* Mark R. Amstutz, 2014 Mark Amstutz offers a timely and insightful look at how Evangelicals have shaped America's role in the world and how they can best use their power without compromising their principles **Evangelicals** Mark A. Noll, David W. Bebbington, George M. Marsden, 2019-11-25 The past present and future of a movement in crisis What exactly do we mean when we say evangelical How should we understand this many-sided world religious phenomenon How do recent American politics change that understanding Three scholars have been vital to our understanding of evangelicalism for the last forty years Mark Noll whose *Scandal of the Evangelical Mind* identified an earlier crisis point for American evangelicals David Bebbington whose *Bebbington Quadrilateral* remains the standard characterization of evangelicals used worldwide and George Marsden author of the groundbreaking *Fundamentalism and American Culture: The Shaping of Twentieth Century Evangelicalism* Now in *Evangelicals* they combine key earlier material concerning the history of evangelicalism with their own new contributions about present controversies and also with fresh insights from other scholars The result begins as a survey of how evangelicalism has been evaluated but then leads into a discussion of the movement's perils and promise today *Evangelicals* provides an illuminating look at who evangelicals are how evangelicalism has changed over time and how evangelicalism continues to develop in sometimes surprising ways Contents Acknowledgments Introduction One Word but Three Crises Mark A. Noll, 2022-03-15 Winner of the Christianity Today Book of the

Year Award 1995 The scandal of the evangelical mind is that there is not much of an evangelical mind So begins this award winning intellectual history and critique of the evangelical movement by one of evangelicalism's most respected historians Unsparring in his indictment Mark Noll asks why the largest single group of religious Americans who enjoy increasing wealth status and political influence have contributed so little to rigorous intellectual scholarship While nourishing believers in the simple truths of the gospel why have so many evangelicals failed to sustain a serious intellectual life and abandoned the universities the arts and other realms of high culture Over twenty five years since its original publication *The Scandal of the Evangelical Mind* has turned out to be prescient and perennially relevant In a new preface Noll lays out his ongoing personal frustrations with this situation and in a new afterword he assesses the state of the scandal showing how white evangelicals embrace of Trumpism their deepening distrust of science and their frequent forays into conspiratorial thinking have coexisted with surprisingly robust scholarship from many with strong evangelical connections

Neil J. Young, 2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day We Gather Together recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years
