The Public Press, 1900-1945 Leonard Ray Teel, 2006-06-30 This work is the fifth volume in the series The History of American Journalism By 1906 the nation included 45 states connected by railroads steamships wagon trails the postal system the telegraph and the press The continuing trends of migration and immigration into the cities supported the publication of more newspapers than at any time in the history of the country From coast to coast newsgathering agencies knit thousands of local newspapers into the fabric of the nation and larger metropolitan papers routinely considered the relevancy of distant news Readings in Mass Communication Michael C. Emery, Ted Curtis Smythe, 1983 *No Apologies* Katherine Brodsky, 2024-01-30 We as a society are self censoring at record rates Say the wrong thing at the wrong moment to the wrong person and the consequences can be dire Think that everyone should be treated equally regardless of race You re a racist who needs to be kicked out of the online forum that you started Believe there are biological differences between men and women You re a sexist who should be fired with cause Argue that people should be able to speak freely within the bounds of the law You re a fascist who should be removed from your position of authority When the truth is no defense and nuance is seen as an attack self censorship is a rational choice Yet our silence comes with a price When we are too fearful to speak openly and honestly we deprive ourselves of the ability to build genuine relationships we yield all cultural and political power to those with opposing views and we lose our ability to challenge ideas or change minds even our own In *No Apologies* Katherine Brodsky argues that it s time for principled individuals to hit the unmute button and resist the authoritarians among us who name shame and punish Recognizing that speaking authentically is easier said than done she spent two years researching and interviewing those who have been subjected to public harassment and abuse for daring to transgress the new orthodoxy or criticize a new taboo While she found that some of these individuals navigated the outrage mob better than others and some suffered worse personal and professional effects than others all of the individuals with whom she spoke remain unapologetic over their choice to express themselves authentically In sharing their stories which span the arts education journalism and science Brodsky uncovers lessons for all of us in the silenced majority to push back against the dangerous illiberalism of the vocal minority that tolerates no dissent and to find and free our own voices *American Journalism* ,1996 **New York Herald Tribune Books** ,1929 *New Moral World* ,1839 *The Pilot* ,1904 The Southern Literary Journal, and Magazine of Arts ,1837 **The Modern Review** ,1918 Includes section Reviews and notices of books **The Religious Herald** ,1922 Introduction to the Human Sciences Wilhelm Dilthey, 1988 As a contribution to the issue of the methodologies of the humanities and social sciences the Introduction works to address issues of the human sciences and their place in relations to natural sciences **Congressional Record** United States. Homer's Iliad: The Real Story John D. Martin, 2025-07-30 For the nearly three millennia since its creation the *Iliad's* Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer's imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war's glory the folly of the warriors who supposedly fight for it and the amorality of the gods who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the *Iliad's* web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an *Iliad* which is not a prelude to Achilles glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real *Iliad* is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author
