On December 31 1787 the HMS Bounty a small sailing vessel embarked from Spithead Harbor England bound for Tahiti Her mission was sponsored by the Royal Society in London and aimed at picking up breadfruit plants and fruit from Tahiti and conveying them to the West Indies where it was hoped they would take root and become a commercial crop The Bounty was an old ship with a young captain and 46 young officers The captain s cabin was converted into a potting shed for the expected breadfruit cargo He was quartered in a cramped cabin next to the men In Tahiti the crew suddenly found themselves transported into an exotic land rich with strange and delicious fruits and food country made liquor and beautiful women The easy and relaxed lifestyle enticed the Englishmen As the date of departure neared in 1789 the crew seemed reluctant to leave Tensions increased as the relationship between the captain and crew began to break down What followed became one of the most sensational events in seafaring history The Eventful History of the Mutiny and Piratical Seizure of HMS Bounty by Sir John Barrow is deemed as the definitive account of the entire horrific episode It follows the entire case as it happened starting with the Bounty sailing from Spithead and includes detailed descriptions of Tahiti the events on board the ship as recounted by survivors the trial of the mutineers in 1792 and narratives provided by others who escaped to Pitcairn Island Original documents and papers are the mainstay of this book and they provide riveting reading Captain Bligh s epic voyage with a handful of loyal crew in an open raft across the East Timor Sea to the Dutch East Indies where he sought

help and then traveled back to England also makes fascinating reading
