New World Vistas United States. USAF Scientific Advisory Board,1996 The White Lotus: Talks on the Zen Master Bodhidharma Osho,2023-11-20 THE WHITE LOTUS IS A BEAUTIFUL SYMBOL White represents multidimensionality because white contains all the colors of the spectrum That is the most strange unbelievable quality about white it contains all the colors yet it seems to be colorless But it contains all those colors in such synthesis in such harmony that they all disappear They dissolve into oneness and that oneness is white White represents the ultimate synthesis and harmony And the lotus also is a great symbol particularly in the East The lotus represents the essential meaning of sannyas The lotus lives in the lake and yet the water cannot touch it It lives in the water and yet remains untouched by the water The lotus represents the witnessing quality of your being You live in the world but you remain a witness You remain in the world and yet you are not part of it You participate and yet you are not part of it You are in the world but the world is not in you When you become a calm and cool observer of life you are going to laugh not ordinary laughter but a belly laughter like a lion s roar And white lotuses will start showering on you Change Your Trajectory Dale Bronner,2015-09-22 Become a master not a victim of change Change doesn t have to be a bad word Our lives are like objects hurtling through time colliding with changing circumstances or situations that send us careening down new trajectories and new paths But if we learn how to respond

change can send us to a bigger and brighter life Change Your Trajectory will help you to be proactive in responding to a rapidly and constantly changing world Its principles will help you transition through change whether it s an occupational change relationship change political change sociological change technological change or economic change This book is for anyone who is experiencing stagnation in life anyone who is unfulfilled in their current juncture in life anyone who is simply hungry for change or anyone who wants to avoid growing obsolete You will learn How to navigate through uncertainty How to deal with change and transition How to experience a new trajectory How to develop a vision for the future How to be a master of change How to improve your thinking How to overcome failures It is time to make the rest of your life better

The Voyage of Cultivation Derrick E. Sumral,2011-09-26 The Voyage of Cultivation presents a collection of Derrick Sumrals writings dating as far back as a poetry assignment in the sixth grade He took his love for words and for life and expressed it through poetry Derricks writing became the stage upon which his mind was free to express itself without the fear of being ridiculed or misunderstood Wearing his heart in his pen Derrick openly expresses his emotions and feelings regarding a wide variety of everyday experiences as they affect him With vivid descriptions colorful imagery and witty wordplay he matures and cultivates his true feelings as he faces lifes challenges He embraces his accomplishments such as graduations and being a loving father and confronts the challenges presented by divorce abortion adultery abandonment and loneliness The Voyage of Cultivation explores a young mans life taking him on an endless journey of emotional reevaluation Love Does love make beauty appear better than it seems Or does love bring you more pleasure from your reality than it does from your dreams Honestly there is no true explanation of love but at any given moment that I hear the word youre the only person that I am thinking of

The Golden Future Osho,2023-09-15 Silence usually is understood to be something negative something empty an absence of sound of noises This misunderstanding is prevalent because very few people have ever experienced silence All that they have experienced in the name of silence is noiselessness But silence is a totally different phenomenon It is utterly positive It is existential it is not empty It is overflowing with a music that you have never heard before with a fragrance that is unfamiliar to you with a light that can only be seen by the inner eyes It is not something fictitious it is a reality and a reality which is already present in everyone just we never look in All our senses are extrovert Our eyes open outside our ears open outside our hands move outside our legs all our senses are meant to explore the outside world *Zen* Osho,2016-07-26 In Zen The Path of Paradox Osho suggests Zen as a possible bridge between East and West and between the scientific and the spiritual Without science the East has lost much without meditation the West has lost much I am trying to bring together East and West because together they will create the whole

Osho encourages the reader to throw off the accumulated knowing of a lifetime to let go of physical mental and emotional tensions to relax into the flow of an extraordinary discourse and become receptive to the present moment and the potential within Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Intimacy Osho,2007-04-01 One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in Intimacy Trusting Oneself and the Other Hit and run relationships have become common in our society as it has grown more rootless less tied to traditional family structures and more accepting of casual sex But at the same time there arises an undercurrent of feeling that something is missing a quality of intimacy This quality has very little to do with the physical though sex is certainly one possible door Far more important is a willingness to expose our deepest feelings and vulnerabilities with the trust that the other person will treat them with care Ultimately the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the other remains closed even if that trust is betrayed we will not suffer any permanent damage In this gentle and compassionate guide Osho takes his readers step by step through what makes people afraid of intimacy how to encounter those fears and go beyond them and what they can do to nourish themselves and their relationships to support more openness and trust Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

guide you to live the life of your dreams The Book of Understanding Osho, 2006-02-14 The path to freedom is filled with questions and uncertainty Is it possible to truly know who we are Do our lives have a purpose or are we just accidental What are we meant to contribute What are we meant to become to create and to share In The Book of Understanding Osho one of the most provocative thinkers of our time challenges us to understand our world and ourselves in a new and radical way The first step toward understanding he says is to question and doubt all that we have been taught to believe All our lives we've been handed so called truths by countless others beliefs we learned to accept without reason It is only in questioning our beliefs assumptions and prejudices that we can begin to uncover our own unique voice and heal the divisions within us and without Once we discover our authentic self we can embrace all aspects of the human experience from the earthy pleasure loving qualities that characterize Zorba the Greek to the watchful silent qualities of Gautam the Buddha We can become whole and live with integrity able to respond with creativity and compassion to the religious political and cultural divides that currently plague our society In this groundbreaking work Osho identifies loosens and ultimately helps to untie the knots of fear and misunderstanding that restrict us leaving us free to discover and create our own individual path to freedom
