and Christine Collette

European Womens History Reader

Robert Perks,Alistair Thomson

European Womens History Reader:

The European Women's History Reader Fiona Montgomery, Christine Collette, 2002 The European Women's History Reader is a fascinating collection of seminal articles and extracts exploring the social economic religious and political history of women across Europe since the late eighteenth century This ambitious volume is arranged into four chronological sections all with their own introductions which provide context for the chapters that follow The collection also includes a useful general introduction which makes the articles accessible to students and helps to define this increasingly important area of study

The European Women's History Reader Fiona Montgomery, Christine Collette, 2002 The European Women's History Reader is a fascinating collection of seminal articles and extracts exploring the social economic religious and political history of women across Europe since the late eighteenth century This ambitious volume is arranged into four chronological sections all with their own introductions which provide context for the chapters that follow The collection also includes a useful general introduction which makes the articles accessible to students and helps to define this increasingly important area of study

Women's History Hannah Barker, Elaine Chalus, 2005 A wide ranging thematic survey of women's history in Britain in the 18th and early 19th centuries with chapters written by both well established writers and new and dynamic scholars in a thorough and well balanced selection

The Reader's Companion to U.S. Women's History Wilma Pearl Mankiller, 1998 Contains articles on fashion and style household workers images of women jazz and blues maternity homes Native American women Phillis Wheatley homes picture brides single women and teaching

The Routledge History of Women in Europe Since 1700 Deborah Simon, 2006-04-27 This landmark publication collects the essays of the leading women's historians and provides the most coherent overview of women's role and place in Western Europe from the beginning of the eighteenth century to the twentieth century

The Terrorism Reader David J. Whittaker, 2012 The Terrorism Reader is an intriguing introduction to a notorious and disturbing international phenomenon The book draws together material from a variety of experts and clearly explains their opinions on terrorism allowing understanding conjecture and debate David J Whittaker explores all aspects of terrorism from its definition psychological and sociological effects legal and ethical issues to counter terrorism In a particularly original way the Reader illustrates the growth and variety of terrorism with a series of case studies from four continents including the Taliban and the al Qaida terror network and America's war against terrorism ETA and Spain the Revolutionary Armed Forces of Colombia the Liberation Tigers in Sri Lanka the IRA and UFF in Northern Ireland the Shining Path in Peru This new edition includes fully updated chapters on Palestine and Israel the London 7/7 bombings and a new chapter on Jihad as well as a focus on issues of contemporary concern such as state terrorism terrorist withdrawal and deradicalisation and human rights

Women's History at the Cutting Edge Karen Offen, Chen Yan, 2020-06-04 This book considers the promise of women's and gender history for revolutionizing our understanding of the past while also acknowledging the current national political financial and other

contextual realities that can and do constrain or promote the possibilities for researching and writing women's history. The editors assert that the promise of women's and gender history is a cutting edge field of research, a revolutionary development in the politics of historical scholarship essential for understanding the human past. Further, they argue for the inseparability of women's history and gendered analytical approaches. The contributors to the volume address questions including what have been the achievements of women's and gender history over the past two decades. To what extent has it succeeded in making women's history an integral part of historical study rather than an optional specialist area? What impact has the study of manhood, masculinities and men's gendered power had on our understanding of women's lives? What is the relationship between gender studies and new critical histories of colonialism and empire, contact zones, cross-cultural encounters and racialization? How is new work on cultural geography and spatial categories impacting on our historical understandings of bodily difference? This book was originally published as a special issue of the *Women's History Review*. [The Oral History Reader](#) Robert Perks, Alistair Thomson, 2015-11-19. The Oral History Reader, now in its third edition, is a comprehensive international anthology combining major classic articles with cutting edge pieces on the theory, method and use of oral history. Twenty-seven new chapters introduce the most significant developments in oral history in the last decade to bring this invaluable text up to date with new pieces on emotions and the senses, on crisis, oral history, current thinking around traumatic memory, the impact of digital mobile technologies and how oral history is being used in public contexts with more international examples to draw in work from North and South America, Britain and Europe, Australasia, Asia and Africa. Arranged in five thematic sections, each with an introduction by the editors to contextualise the selection and review relevant literature, articles in this collection draw upon diverse oral history experiences to examine issues including: Key debates in the development of oral history over the past seventy years; First-hand reflections on interview practice and issues posed by the interview relationship; The nature of memory and its significance in oral history; The practical and ethical issues surrounding the interpretation, presentation and public use of oral testimonies; how oral history projects contribute to the study of the past and involve the wider community; The challenges and contributions of oral history projects committed to advocacy and empowerment. With a revised and updated bibliography and useful contacts list, as well as a dedicated online resources page, this third edition of *The Oral History Reader* is the perfect tool for those encountering oral history for the first time as well as for seasoned practitioners. [The Global History of Childhood Reader](#) Heidi Morrison, 2013-03-05. The Global History of Childhood Reader provides an essential collection of chapters and articles on the global history of childhood. The Reader is structured thematically so as to provide both a representative sampling of the historiography as well as an overview of the key issues of the field, such as childhood as a social construct, commonalities and differences globally, and why the twentieth century was not the century of the child for most of the world's children. The Reader is divided into four parts: Theories and methodologies of the history of childhood; Constructions of childhood in different times and places; Children's experiences in

different times and places Usage of the past to articulate solutions to problems facing children today Topics covered include theories and methodologies in the global history of childhood sources for writing a global history of childhood education gender disability race class and religion the individual in history and emotions violence labour and illiteracy With introductions that contextualize each of the four parts and the articles further reading sections and questions this is the perfect guide for all students of the history of childhood

Women's Labour Activism in Eastern Europe and Beyond Selin Çağatay,Mátyás Erdélyi,Alexandra Ghiț ,Olga Gnydiuk,Veronika Helfert,Ivelina Masheva,Zhanna Popova,Jelena Tešija,Eszter Varsa,Susan Zimmermann,2025-08-26 This collaborative monograph presents a deeply researched inclusive history of women s labour activism in Eastern Europe Austria Turkey and transnationally It explores women s activism and organizing to improve the working conditions and living circumstances of lower income and working class women and their communities in the region and internationally Moving beyond the celebratory or partisan perspectives of many classical and some feminist labour histories Women s Labour Activism in Eastern Europe and Beyond provides a careful historicization of women s actions in a multiscalar perspective The authors follow women aligned with a wide range of political persuasions highlighting unexpected elements and continuities of women s labour activism Women s activities are seen in the workplace in the everyday within and across social movements and organizations and inside the state They are presented through a framing that spotlights long term developments and bridges the divide between the literatures on gendered labour politics and activism in state socialist and capitalist societies The authors examine activism unfolding in the region and the role of activists from the region within international women s labour and inter state organizations Moving women s labour activism from the margins of labour gender and European history to the centre of historical study the volume makes an innovative contribution to the new global histories of labour and gender

Women Readers in French Painting 1870-1890 Kathryn J. Brown,2012 The first monograph to examine the depiction of reading women in French art of the early Third Republic Women Readers in French Painting 1870 1890 evaluates the pictorial significance of this imagery its critical reception and its impact on nineteenth century notions of femininity and social relations Artists discussed in the volume range from Manet Cassatt and Degas to less familiar figures such as Lavieille Carri re Toulmouche and Tissot

A Cultural History of Work in the Age of Empire Victoria E. Thompson,2020-09-17 Winner of the 2020 PROSE Award for Multivolume Reference Humanities The period 1800 1920 was one in which work processes were dramatically transformed by mechanization factory system the abolition of the guilds the integration of national markets and expansion into overseas colonies While some continued to work in trades that were similar to those of their parents and grandparents increasing numbers of workers found their workplace and work processes changed often in ways that were beyond their control Workers employed a variety of means to protest these changes from machine breaking to strikes to migration This period saw the rise of the labor union and the working class political party It was also a time during which ideas about work changed dramatically Work came to be

seen as a source of pride progress and even liberation and workers garnered increased interest from writers and artists This volume explores the multi faceted experience of workers during the Age of Empire A Cultural History of Work in the Age of Empire presents an overview of the period with essays on economies representations of work workplaces work cultures technology mobility society politics and leisure Women in Science Ruth Watts,2013-05-13 The first book of its kind to provide a full and comprehensive historical grounding of the contemporary issues of gender and women in science Women in Science includes a detailed survey of the history behind the popular subject and engages the reader with a theoretical and informed understanding with significant issues like science and race gender and technology and masculinity It moves beyond the historical work on women and science by avoiding focusing on individual women scientists The New Imperial Histories Reader Stephen Howe,2020-07-24 In recent years imperial history has experienced a newfound vigour dynamism and diversity There has been an explosion of new work in the field which has been driven into even greater prominence by contemporary world events However this resurgence has brought with it disputes between those who are labelled as exponents of a new imperial history and those who can by default be termed old imperial historians This collection not only gathers together some of the most important influential and controversial work which has come to be labelled new imperial history but also presents key examples of innovative recent writing across the broader fields of imperial and colonial studies This book is the perfect companion for any student interested in empires and global history *The Routledge History of Sex and the Body* Sarah Toulalan,Kate Fisher,2013-03-20 The Routledge History of Sex and the Body provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day The history of sex and the body is an expanding field in which vibrant debate on for instance the history of homosexuality is developing This book examines the current scholarship and looks towards future directions across the field The volume is divided into fourteen thematic chapters which are split into two chronological sections 1500 1750 and 1750 to present day Focusing on the history of sexuality and the body in the West but also interactions with a broader globe these thematic chapters survey the major areas of debate and discussion Covering themes such as science identity the gaze courtship reproduction sexual violence and the importance of race the volume offers a comprehensive view of the history of sex and the body The book concludes with an afterword in which the reader is invited to consider some of the tensions problems and areas deserving further scrutiny Including contributors renowned in their field of expertise this ground breaking collection is essential reading for all those interested in the history of sexuality and the body Women in European Culture and Society Deborah Simonton,2017-09-19 Women in European Culture and Society A Sourcebook includes a range of transnational sources which encompass the history of women in Europe from the beginning of the eighteenth century right up to the present day Including documents from across Europe from France and Germany to Estonia Spain and Russia organized in a broad chronological spread the diversity of the sources included in the book is unique including many never translated into English

before Deborah Simonton offers detailed interpretive introductions that analyse and contextualize the sources. A central feature is its exploration of how women operated within gendered worlds and used their skills and abilities to shape and claim their own identities and to engage with how they contributed as practitioners to shaping European culture and society. With over 200 sources the book allows us to hear women's voices as they articulate their understandings of their worlds and helps capture a sense of women's motivations, options and choices as they understood them, allowing readers to focus on either a period or a theme and providing a comparative resource. Ideal for use on its own or as a companion volume to Simonton's other major work *Women in European Culture and Society: Gender, Skill and Identity since 1700*, this sourcebook is an invaluable collection offering vivid first-hand accounts of women's lives.

The Victorian Studies Reader Kelly Boyd, Rohan McWilliam, 2024-11-01. Selected as an Outstanding Academic Title in the 2008 CHOICE awards. The Victorian Studies Reader gathers together in one volume some of the key pieces on Victorian history, society and culture. The book draws on new trends in looking at the Victorian Age and includes sections on periodization, politics, consumerism, intellectual life, sexuality, empire. The Victorian Studies Reader is a rich resource, essential for all those studying this important period of history.

A Short History of Western Political Thought W. M. Spellman, 2017-09-16. This brief narrative survey of political thought over the past two millennia explores key ideas that have shaped Western political traditions. Beginning with the Ancient Greeks, classical emphasis on politics as an independent sphere of activity, the book goes on to consider the medieval and early modern Christian views of politics and its central role in providing spiritual leadership. Concluding with a discussion of present-day political thought, W. M. Spellman explores the return to the ancient understanding of political life as a more autonomous sphere and one that doesn't relate to anything beyond the physical world. Setting the work of major and lesser-known political philosophers within its historical context, the book offers a balanced and considered overview of the topic, taking into account the religious values, inherited ideas and social settings of the writers. Assuming no prior knowledge and written in a highly accessible style, *A Short History of Western Political Thought* is ideal for those seeking an understanding of this fascinating and important subject.

A Companion to Early Twentieth-Century Britain Chris Wrigley, 2008-04-15. This Companion brings together 32 new essays by leading historians to provide a reassessment of British history in the early twentieth century. The contributors present lucid introductions to the literature and debates on major aspects of the political, social and economic history of Britain between 1900 and 1939. Examines controversial issues over the social impact of the First World War, especially on women. Provides substantial coverage of changes in Wales, Scotland and Ireland as well as in England. Includes a substantial bibliography which will be a valuable guide to secondary sources.

The Newer Eve C. Collette, 2009-04-22. Feminist theory is interwoven with women's voices in this study of three consecutive Twentieth-century women's organisations separate but affiliated to the Labour Party which represented women workers, consumers and politicians so that the totality of women's involvement in the Labour movement is considered.
