Guilds, Innovation and the European Economy, 1400-1800 S. R. Epstein, Maarten Prak, 2008-03-31 For a long time guilds have been condemned as a major obstacle to economic progress in the pre industrial era This re examination of the role of guilds in the early modern European economy challenges that view by taking into account fresh research on innovation technological change and entrepreneurship Leading economic historians argue that industry before the Industrial Revolution was much more innovative than previous studies have allowed for and explore the different products and production techniques that were launched and developed in this period Much of this innovation was fostered by the craft guilds that formed the backbone of industrial production before the rise of the steam engine The book traces the manifold ways in which guilds in a variety of industries in Italy Austria Germany Switzerland France Belgium the Netherlands and Britain helped to create an institutional environment conducive to technological and marketing innovations

Explorers of the American East Kelly K. Chaves, Oliver C. Walton, 2018-12-07 Focusing on ten key figures whose careers illuminate the history of the European exploration of North America this book presents compelling first person narratives that bring to life the challenges of historical scholarship in the academic classroom Explorers of the American East Mapping the World through Primary Documents covers 280 years of North American exploration and colonization efforts ranging geographically from Florida to the Arctic Arranged thematically and mononationally the work focuses on a selection of 10 explorers who represent the changing course of North American exploration during the early modern period The use of biography to narrate this history draws in readers and makes the work accessible to both a specialized and general audience The dozens of primary source documents in this guided source reader span travel accounts autobiographies letters official reports memoirs patents and articles of agreement This wide variety of primary sources serves to bring to life the failures and triumphs of exploring a newly discovered continent in the early modern period This work focuses on ten explorers including those who are well known including John Cabot John Smith Jacques Cartier and Samuel de Champlain as well as discoverers who have slipped from our modern historical consciousness such as George Waymouth John Lawson and J F W Des Barres The documents that narrate the voyages of these adventurers are arranged chronologically vividly telling the story of historical events and

presenting different voices to the reader This variety of viewpoints serves to heighten readers critical engagement with historical source material The vast variety of primary source materials present students with the opportunity to read and engage critically with different types of historical documents thereby growing their analytical skillsets Early Modern Capitalism Maarten Prak,2005-06-28 This volume takes stock of recent research on economic growth as well as the development of capital and labour markets during the centuries that preceded the Industrial Revolution The book underlines the diversity in the economic experiences of early modern Europeans and suggests how this variety might be the foundation of a new conception of economic and social change **The Encyclopædia Britannica** Hugh Chisholm,James Louis Garvin,1926 **The Encyclopædia Britannica** ,1911
