Eurosceptical Reader :

The Eurosceptical Reader M. Holmes, 2016-07-27 The Eurosceptical Reader is the authoritative guide to the compelling arguments against European integration. The book sets out to dispel the myth which has grown up over the past thirty years that Britain's Eurosceptics are backward looking, nationalistic, even xenophobic Little Englanders. In reality, as this collection of articles and speeches illustrates, the Eurosceptical case has been anything other than introverted and obsessed with the past. Eurosceptics have always looked to the wider world beyond Europe, not to a nostalgic British isolation. Whether from within the two main parties or from academia and journalism, the Eurosceptical case has become both intellectually powerful and politically persuasive. The all-star cast provides contemporary analysis to supplement classic contributions from Hugh Gaitskell, Margaret Thatcher, Enoch Powell, Tony Benn and others. *The Eurosceptical Reader 2* M. Holmes, 2015-12-30 Europe is the biggest political issue in contemporary Britain. The contributions to this volume all express disapproval and doubt about the integration process. Some favour EU membership while rejecting the single currency; others favour renegotiation of Britain's relationship with the EU; others recommend withdrawal. But different preferred solutions do not obscure a commonality of belief: that the status quo of EU membership, leading inexorably to a monetary and fiscal euroland, is undesirable and should be democratically resisted. Similarly, Tony Blair's advocacy of a superpower Europe is conceptually repudiated. Euro-skepticism Ronald Tiersky, 2001 An anthology of skeptical viewpoints of European integration has long been missing, yet the need for students to have a spectrum of opinion on the EU has never been greater. As the new European currency's exchange rate plunged throughout the first two years of its existence and the Danes voted against joining up, this reader provides a timely corrective to the dominant view of Euro success. Exploring the underreported and often mischaracterized Euro-skeptic side of arguments over the goals and methods of European integration, the text presents a selection of the key sources necessary to understand European politics on the ground today. Ron Tiersky brings together here Euro-skeptic, Euro-pessimistic, and Euro-phobic speeches, essays, and other documents that illustrate the range of both mainstream and extremist opposition to the European Union. Balancing against the integrationist goal of federalism, the book gives a full airing to the national sovereignty and national identity-based arguments against union and shows how Euro-skepticism finds a place on both the right and the left. Euroscepticism, 2016-08-29 The accelerated pace of European integration since the early 1990s has been accompanied by the emergence of increasingly prominent and multifarious oppositions to the process. The term Euroscepticism has appeared with growing frequency in a range of political media and academic discourses. Yet the label is applied to a wide range of different and occasionally contradictory phenomena. Although originally associated with an English exceptionalism relative to a Continental project of political and economic integration, the term Euroscepticism is now also identified with a more general questioning of European Union institutions and policies which finds diverse expressions across the entire continent. This volume of European Studies brings together an

interdisciplinary team of contributors to provide one of the first major multinational surveys of the growth of these Eurosceptic tendencies Individual chapters provide detailed examinations of developments in France Germany the Netherlands the United Kingdom Ireland Sweden Austria the Czech Republic Poland and Switzerland Overall the volume draws a distinctive portrait of contemporary Euroscepticism situating the phenomenon not only relative to the progress of European integration but also in relation to broader questions concerned with the evolution of party politics and the reshaping of national identities

The European Union Elizabeth Bomberg, John Peterson, Richard Corbett, 2012 The European Union How Does It Work is a perfect introduction to the European Union providing concise accessible coverage of the main actors policies and developments in the EU An expert team of leading scholars and practitioners cuts through the complexity to explain how the EU works in theory and practice The book equips readers with the knowledge and skills required to master the subject Helpful learning features throughout the text help to develop readers understanding of the EU How it really works boxes demonstrate the working of the EU in practice and challenge readers to contrast this with theoretical perspectives Key terms and concepts boxes provide concise definitions or summaries of words and ideas that are essential to understanding the EU And each chapter contains Spotlight boxes exploring specific cases that highlight how the EU works what it does or how it has evolved Taken together these features encourage readers to think critically about the reality of politics in the EU This edition explores ongoing challenges to the EU including the COVID 19 pandemic the UK's withdrawal from the EU and the erosion of democratic standards in some EU member states

British Novels and the European Union Lisa Bischoff, 2023-03-08 This book looks at the cultural political and economic conditions of British Euroscepticism Focusing on eight British dystopian novels published in the years before the decisive In Out Referendum and taking into account cultural political and economic contexts Lisa Bischoff shows how the novels stance towards the integration project range from slight criticism to outright hostility The wide availability of the novels and the prominence of both its authors and readers among which are political figures David Cameron Nigel Farage and Daniel Hannan amplify the power of literary Euroscepticism Drawing on cultural studies literature and social science British Novels and the European Union reveals the many facets of British Euroscepticism

The Political System of the European Union Simon Hix, Bjørn Høyland, 2011-03-01 The 3rd edition of this bestselling core textbook continues to give an innovative approach to analyzing researching and teaching the European Union Starting from the observation that the EU now possesses many of the attributes of modern political systems Hix and H yland argue that we should use the general theories of political science to help understand how the EU works For each of the main processes in the EU political system executive legislative and judicial politics public opinion interest groups and democracy and regulatory monetary and foreign policies the book introduces the key political science tools reviews the relevant theories and applies the knowledge in detailed descriptive analysis The third edition of this highly acclaimed and groundbreaking text has been fully revised and rewritten throughout

As well as incorporating new data and the latest research it examines the consequences of key developments in the EU from enlargement to the Lisbon treaty and the 2009 European Parliament election To enhance teaching and learning our companion website is packed with resources for both teachers and lecturers Used together this creates an indispensable and accessible companion to all upper level undergraduate and Master s courses with a focus on EU Politics The methodology used in this book seeks to make the political system of the EU accessible to political science students as a whole as well as those specifically studying the EU New to this Edition Fully updated to cover impact of the Lisbon Treaty and latest European Parliament elections More emphasis on explanation and debates in presentation of empirical information More concise and accessible presentation of the latest research and data *New Labour and the European Union* Oliver Daddow,2013-01-18 This book explores Tony Blair and Gordon Brown s attempt to sell the European ideal to the British people New Labour came to power in 1997 promising to modernize the country and make it fit for the twenty first century In foreign policy Blair and Brown set about rethinking core components of the British national identity especially the country s relationship to its past and its role in the world Rebranding Britain they argued meant helping the British people feel comfortably at home in the European Union What did New Labour achieve and did its European policy succeed How did Blair and Brown try and persuade the British to accept a European future What were the obstacles they faced and the strategies they used to overcome them This timely study of New Labour s effort to build a pro European consensus in Britain argues that the government failed to live up to its early promises Based on evidence from well over one hundred of Blair and Brown s foreign policy speeches supplemented by interviews with policy makers advisers and speech writers from the time the book is sympathetic to the challenge New Labour set itself but also critical of the rhetorical techniques it used to advance the Europeanist cause Trapped between a broadly hostile media and an apathetic public Blair and Brown failed to provide the necessary leadership to see Britain to a European future Theoretically informed empirically robust and methodologically innovative this novel book will appeal to anyone interested in contemporary British foreign policy the New Labour project and Euroscepticism in Britain **The Making of Eurosceptic Britain** Chris Gifford,2020-09-10 What has been the political impact of the Eurozone Debt Crisis in the UK To what extent have the bank collapses and bailouts reinforced Britain s Eurosceptic trajectory In this revised and updated second edition Chris Gifford addresses these key questions reflecting on the Labour government s approach to Europe while exploring the extensive mobilisation of Eurosceptic forces in opposition to the Conservative led coalition government The book examines the extent to which Euroscepticism has become dominant within both the Conservative leadership and the bulk of its parliamentary party and how this has affected the relationship of the coalition government with the European Union By placing current attitudes to Europe in relation to the wider history of Britain s post war interaction with its continental neighbours the author shows how British Euroscepticism is structural in nature and a persistent and institutionalised feature of UK Politics **Implications of the Euro** Mark Baimbridge,Brian

Burkitt, Philip Whyman, 2006-05-02 To date critical analysis of the EMU project has largely been advanced from the centre right spectrum of British politics Comparable questions from the centre left have failed to find a coherent voice Although the European fault line cannot be characterized as a neat Left Right issue there are noticeable divisions in opinion across British business the trade union movement and within the Labour Party Offering a unique insight into this key debate from the centre left eurosceptic view point this book provides a rigorous analysis of all the salient economic and political issues of concern such as the economics of a single currency employment and social implications sovereignty political determination The arguments presented in this volume highlight the emergence of a coherent alternative to deepening economic integration as a platform to build a just and equitable society Contributions are drawn from leading academics trade union leaders and prominent politicians both from the Labour Party and the wider progressive Left in British politics This informative and thought provoking book will be indispensable reading for students and practitioners in economics politics and international relations as well as those interested in this highly contentious topic A Companion to European Union Law and International Law Dennis Patterson, Anna Södersten, 2016-03-16 Featuring contributions from renowned scholars A Companion to European Union Law and International Law presents a comprehensive and authoritative collection of essays that addresses all of the most important topics on European Union and international law Integrates the fields of European Union law and international law revealing both the similarities and differences Features contributions from renowned scholars in the fields of EU law and international law Covers a broad range of topical issues including trade institutional decision making the European Court of Justice democracy human rights criminal law the EMU and many others

Understanding European Integration R. Pavananthi Vembulu, 2003 In The Background Of New Questions Of Identity Culture And Community Emerged After Maastricht Treaty This Book Explores The European Integration Process Since It Throws Immanent Challenge To The Existing Theoretical Paradigms Such As Nationalism And Globalization Drawing Influence From This Intellectual Climate This Book Tries To Understand The Integration Process Within The Cultural History Of Europe The Study Structured Itself Along Three Axes First It Circled Down On The Problematic Over Defining What Europe Means Here The Efforts Were On To Highlight The Constant Flux And Contingent Nature Of The Definition Of Europe Second How This Contingent Nature Of Europe Has Compelled The European Union To No Longer Skirt Away The Question Of Identity If It Is To Consolidate The Process And Expand Its Boundary Towards East By Focusing Upon The Cultural Policy Of The Union The Study Brought Forth The Various Efforts Of The Union Particularly The European Commission To Transform The Loyalties And Identities Of People From The National Crucible To A Broader European Spectrum Thirdly The Study Critically Evaluates These Policy Initiatives And Highlights How They Are Structured Around The Nineteenth Century Colonial Discourse Of Europe **British Euroscepticism and the Eurozone Crisis 2008-2013** Mohamed Elabed, 2018-12-10 This book provides a thorough examination of the phenomenon of Euroscepticism in the United Kingdom

It begins by arguing that Euroscepticism has roots as far back as when the process of European integration first came into being and that it is not new in British politics. As a suggestion of opposition to the process of European integration, Euroscepticism dates back to the early days of founding a union in Western Europe. This book shows that Eurosceptic Britain is a product of a variety of factors particularly related to history, politics, culture, and geography. The unique specificities of the British political system comprise another important reason for Eurosceptic attitudes in Britain. The book also examines the relation between the Eurosceptic discourse in Britain and the structure of the European Union's institutions. It argues that much of British Euroscepticism is about the way these institutions are operated. Most importantly, it highlights that the enduring Eurozone crisis has contributed to shaping recent varieties of scepticism towards the European Union as a whole, before concluding that Euroscepticism could not relocate Britain outside its natural place within Europe.

Democracy in the European Union Erik Oddvar Eriksen, John Erik Fossum, 2002-09-11 The European Union is widely held to suffer from a democratic deficit and this raises a wider question: can democracy at all be applied to decision-making bodies beyond the nation state? Today the EU is a highly complex entity undergoing profound changes. This book asks how the type of cooperation that the EU is based on can be explained: what are the integrative forces in the EU and how can integration at a supra-national level come about? The key thinkers represented in this volume stress that in order to understand integration beyond the nation state we need new explanatory categories associated with deliberation because a supranational entity as the EU possesses far weaker and less well-developed means of coercion, bargaining resources than do states. The most appropriate term to denote this is the notion of deliberative supranationalism. This pioneering work, headed by major writers such as Habermas, Schlesinger, and Bellamy, brings a new perspective to this key issue in contemporary politics and political theory.

Britain, the Euro and Beyond Mark Baimbridge, Philip B. Whyman, 2016-04-15 This important book provides an analysis of the economic relationship between Britain and the EU and discusses the future direction in which this relationship might develop. It examines the historic and contemporary costs and benefits of EU membership and assesses whether this has been a burden or a benefit for the British economy. In addition, the authors assess current trends and developments, most notably in the area of participation in Economic and Monetary Union (EMU) and the consequences that this would have. Questions of fiscal federalism, the development of a minimum level of social policy for Europe, together with the likely impact on business and trade unions, are also considered. The authors then discuss potential future scenarios, including a more flexible, loose membership arrangement or complete withdrawal, and the effect that a range of options might have on the British economy.

Harold Wilson and European Integration Oliver J. Daddow, 2016-01-20 Harold Wilson's direction of the second British application to join the EEC is ripe for reinterpretation. With new and exciting material now available in the Public Record Office and abroad, this is an extremely propitious moment to reconsider Wilson's motivations and to contextualise them in light of evidence on foreign policy making contained in the official record.

Understanding

Euroscepticism Cécile Leconte, 2010-08-31 This timely text provides a concise and readable assessment of the dynamics character and consequences of opposition to European integration at all levels from elites and governments through parties and the media to voters and grass roots organizations

European Integration Beyond Brussels Matthew Broad, Suvi Kansikas, 2020-08-14 Europe is a continent whose history has in one form or another long been dominated by integration And yet the European integration process is often treated as synonymous with the evolution of just one particular and until recently geographically quite limited Western centred organisation the European Union EU This trend obscures the multitude of ways European states have acted collectively on both sides of the Iron Curtain and continue to do so throughout the continent today With contributors drawn from history and political science this book explores some of these diverse integration efforts beyond Brussels We shine a light on international organisations trade frameworks and various political social scientific and cultural forms of unity in both Eastern and Western Europe In so doing the book seeks to redefine the history of the European integration process not only as a less purely EU centric phenomenon but as a less strictly Western European one too

Britain and the Crisis of the European Union David Baker, Pauline Schnapper, 2016-01-03 This book centres on the effects of the political and later economic crisis which seriously affected the European Union and its impact on the seemingly endless UK debate over Britain's position within the EU

Euroscepticism and European Integration Krisztina Arató, Petr Kaniok, 2009

The book delves into Eurosceptical Reader . Eurosceptical Reader is a crucial topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Eurosceptical Reader , encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Eurosceptical Reader
- Chapter 2: Essential Elements of Eurosceptical Reader
- Chapter 3: Eurosceptical Reader in Everyday Life
- Chapter 4: Eurosceptical Reader in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Eurosceptical Reader . The first chapter will explore what Eurosceptical Reader is, why Eurosceptical Reader is vital, and how to effectively learn about Eurosceptical Reader .

3. In chapter 2, this book will delve into the foundational concepts of Eurosceptical Reader . This chapter will elucidate the essential principles that need to be understood to grasp Eurosceptical Reader in its entirety.

4. In chapter 3, the author will examine the practical applications of Eurosceptical Reader in daily life. The third chapter will showcase real-world examples of how Eurosceptical Reader can be effectively utilized in everyday scenarios.

5. In chapter 4, this book will scrutinize the relevance of Eurosceptical Reader in specific contexts. This chapter will explore how Eurosceptical Reader is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, the author will draw a conclusion about Eurosceptical Reader . This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Eurosceptical Reader .
