**Evaluation of the National Institute of Dental Research National Caries Program: Program evaluation : report of the main panel**, 1980.

Evaluation of the WHO Special Programme on Primary Health Care World Health Organization, 2025-07-25. The evaluation covers the period January 2020 to August 2023. The geographical scope of the evaluation has involved the three levels of WHO: global, regional and country levels and external key partners. The programmatic evaluation scope was concerned with assessing the SP PHC in the following areas: evaluation criteria, relevance, coherence, effectiveness, efficiency, added value, sustainability and equity, gender and human rights considerations. The evaluation did not assess the Universal Health Coverage Partnership UHC P as it has its own separate governing body and reviews evaluations but instead considered how the SP PHC had enhanced the value of the UHC P and vice versa. The resilience and essential public health functions REPHF team and Systems Governance and Stewardship SGS were also not within the scope of this evaluation. However, these workstreams were considered in the wider conclusions and recommendations for the SP PHC as appropriate. Finally, the evaluation was focused on the SP PHC; its scope did not include assessing the configuration and capacity of WHO's departments and functions as they relate to UHC and health systems.
