## **Evaluating Correctional And Community Settings:**

### **Evaluating Correctional and Community Settings** Rudolf H. Moos,1975

Rudolf H. Moos,1997-01-01 This book presents the social ecological approach to the comparison and evaluation of treatment environments Social ecology is concerned with the environment and how people adapt to it The field deals with both the physical and the social environment It combines basic research approaches with a dedication to resolving common human problems The procedures developed in this classic volume have been used to monitor and improve treatment programs to assess the adequacy of program implementation and to understand the determinants and outcomes of specific aspects of treatment environments

**Choosing Correctional Options That Work** Alan T. Harland,1995-12-14 This landmark volume responds to the persistent demands from criminal justice professionals policy advisers and the general public for correctional options that work The contributors define the options seek to identify the varied concepts and hidden agendas underneath the simple phrase what works select three key areas in which to review relevant theory and empirical evidence risk needs assessment techniques intervention sanctioning options programme implementation approaches promote a dialogue amongst the key players which will prepare them for proactive decision making on when and for whom alternatives to prison particularly in the community are appropriate rather than force them into panic dec

**Community Mental Health and Behavioral-Ecology** A.M. Jeger,R.S. Slotnick,2012-12-06 This volume is addressed to professionals and students in community mental health including researchers clinicians administrators educators and students in relevant specialities within the fields of psychology psychiatry social work public health and nursing The intent of this book is to serve as a practical resource for professionals and also as a didactic text for students In addition the volume seeks to make a theoretical contribution to the field by presenting for the first time in book form a behavioral ecological perspective in community mental health We present behavioral ecology as an emerging perspective that is concerned with the interdependence of people behavior and their sociophysical environments Behavioral ecology attributes mental health problems to transactions between persons and their settings rather than to causes rooted exclusively within individuals or environments In this volume we advance the notion of behavioral ecology as an integration of two broad perspectives behavioral approaches as derived from the individual psychology of learning and ecological approaches as encompassing the study of communities environments and social systems Through the programs brought together in this book we are arguing for a merging of these two areas for purposes of advancing theory research and practice in community mental health

Encyclopedia of Evaluation Sandra Mathison,2005

All humans are nascent evaluators Evaluation has been with us throughout history and in its modern form has moved from the margins to the centers of organizations agencies educational institutions and corporate boardrooms No longer a specialized part time activity evaluation has become institutionalized a common practice and indeed an important commodity

in political and social life The Encyclopedia of Evaluation is an authoritative first of its kind who what where why and how of the field of evaluation Covering professional practice as well as academia this volume chronicles the development of the field its history key figures theories approaches and goals From the leading publisher in the field of evaluation this work is a must have for all social science libraries departments that offer courses in evaluation and students and professional evaluators around the world The entries in this Encyclopedia capture the essence of evaluation as a practice methods techniques roles people as a profession professional obligations shared knowledge ethical imperatives events places and as a discipline theories and models of evaluation ontological and epistemological issues International Scope Despite the fact that evaluation practice is not institutionalized in the same way around the world the encyclopedia recognizes the international growth of the profession due in large part to organizations such as UNICEF the World Bank and USAID Entries cover the following Afghanistan Belgium Cambodia Ethiopia Germany Greece Guyana Israel Netherlands Niger Scotland South Africa Spain and Uganda In addition the international group of authors includes contributions from more than a dozen nations There are a number of stories about evaluation practice around the world that are set off as sidebars in the text These stories provide a glimpse into the nature of evaluation practice in a diverse set of circumstances delineate the common and uncommon issues for evaluators around the world and point to the complexities of importing evaluation from one culture to another Interdisciplinary Methodological Coverage Much of the practice of evaluation has grown out of the social science research tradition While psychological methods and psychometrics continue to be useful evaluation research today draws from a wide range of disciplines including anthropology education political science literary criticism systems theory and others This Encyclopedia covers all of the relevant methodologies including both qualitative and quantitative approaches Evaluators and Theories The Encyclopedia of Evaluation includes significant coverage of the major figures in the field throughout its history Many of these figures are well known for a particular theory or approach and whenever applicable the entries make this connection for the reader as well as provide references for further reading Good examples include Michael Quinn Patton and Utilization Focused Evaluation David Fetterman and Empowerment Evaluation Daniel Stufflebeam s CIPP Model of Evaluation and Huey Chen and Theory driven Evaluations Key Themes Concepts Evaluation Concepts Methodological Concepts Philosophical Concepts Social Science Ethics and Standards Evaluation Approaches and Models Evaluation around the World Stories Evaluation Planning Evaluation Theory Laws and Legislation Organizations People Publications Qualitative Methods Quantitative Methods Representation Reporting Communicating Systems Technology Utilization Key Features More than 100 contributors from around the world Single affordable volume with nearly 600 entries arranged alphabetically Entries written by an international team of experts including narratives that depict evaluation practice around the world Reader s Guide arranges entries into 18 thematic categories to facilitate browsing among core topics Editorial Board Ross Connor University of California Irvine Lois Ellin Datta Consultant Melissa Freeman University at Albany Rodney Hopson

**Assessing the Youthful Offender** Robert D. Hoge, D.A. Andrews, 1996-12-31 Our society's preoccupation with crime and fear of crime appears to have shifted its focus to the juvenile offender Both electronic and print media continuously warn us that juvenile offenders are increasingly younger and more virulent The demographics of our population suggest that there will only be more juvenile offenders to fear in the near future All of these concerns arise in a social climate that is characterized by an ever increasing demand for stronger retributive measures against the offender The belief that only harsh justice will protect us from the ravages of juveniles has become dominant Increasingly perceptions and politics rather than scientific data dominate policy making with regard to youthful offenders In *Assessing the Youthful Offender Issues and Techniques* Robert D Hoge and D A Andrews make a restrained rational and ultimately persuasive argument for the use of standardized psychological assessments in the effective management of youth within juvenile justice systems They clarify how what we already know about the cause and management of youthful criminal activity can be incorporated into standardized testing and that the information obtained from testing can improve the administration of criminal justice Moreover this information is useful whatever the theoretical biases of those who administer the justice system The efficiency of policies of either retribution deterrence or rehabilitation is only enhanced by reliance on data

**Qualitative Research and Evaluation in Group Care** Rivka Anne Eisikovits, Yitzhak Kashti, 1987 In this informative volume a selection of qualitative studies on group care serves to illuminate the intricacies of life in group care environments The high quality contributions illustrate the variety of styles in qualitative research as well as the social functions it can play from factual description to social warning

**Evaluator's Handbook** Joan L. Herman, Lynn Lyons Morris, Carol T. Fitz-Gibbon, 1987-12 The heart of the Program Evaluation Kit this volume provides a broad overview of evaluation planning and a practical guide to designing and managing programs Learn how the field of evaluation has changed over the last ten years This volume is concise informative and clearly written Major attention is given to establishing an evaluation's parameters the how to's of formative and summative evaluation and the power of evaluation studies that combine both quantitative and qualitative approaches Also covered are recently developed evaluation standards and a new emphasis on ongoing program monitoring in evaluation The *Evaluator's Handbook* also covers concerns user needs and other socio-political factors that influence the utility of an evaluation Strategies for maximizing utility are included throughout the evaluation planning implementation and reporting process

*Building Evaluation* Wolfgang F.E. Preiser, 2013-12-14 This

book is about building evaluation in the broadest sense and it transcends the meaning and conventional boundaries of the evolving field of post occupancy evaluation by focusing on evaluation throughout the building delivery process This process is seen not just as being linear with a product in mind i e the completed and occupied building but rather it is seen as a cyclic evolution which has as its goal the continuous improvement of the quality of buildings This goal can only be accomplished if evaluation occurs throughout the building delivery process and if 1 the evaluation that does occur is systematic and rigorous 2 the data that is obtained can be fed into data bases and clearinghouses for use in future generations of buildings and 3 there is continuity in information flow The idea for this book originated with a symposium that was part of a conference held at the Technical University in Delft Netherlands in July of 1988 i e IAPS 10 the tenth biannual conference of the International Association for the Study of People and their Physical Surroundings Authors presented papers based on their book chapters and discussions ensued about the expanded boundaries of the field about theoretical methodological and practical issues as well as applications in building evaluation Other relevant topics were identified and several additional authors were invited to participate in order to round out the contents of this book

*Doing Research on Crime and Justice* Roy King, Emma Wincup, 2008 Focusing on the problems that novice researchers encounter when translating neat and tidy textbook methodologies into real life situations this guide explains how to undertake research in the fields of criminology and criminal justice

**Progress in Behavior Modification** Michel Hersen, Richard M. Eisler, Peter M. Miller, 2013-10-22 Progress in Behavior Modification Volume 4 is a multidisciplinary serial publication that encompasses the contributions of psychology psychiatry social work speech therapy education and rehabilitation This serial aims to meet the need for a review publication that undertakes to present yearly in depth evaluations that include a scholarly examination of theoretical underpinnings a careful survey of research findings and a comparative analysis of existing techniques and methodologies The discussions center on a wide spectrum of child and adult disorders The present volume opens with a chapter on behavioral treatment for obesity This is followed by separate chapters on applications of reinforcement techniques in the areas of pollution control and energy conservation job performance and unemployment community self government racial integration and others and behavior modification in community settings Subsequent chapters deal with demand characteristics in behavior modification the clinical utility of biofeedback procedures and the technology of training parents in behavior therapy The final chapter reviews the rationale and empirical support for the extinction approach of implosive flooding therapy

*A Clinical Guide for the Treatment of Schizophrenia* Alan S. Bellack, 1989-01-31 Research on the nature and treatment of schizophrenia has undergone a revival and metamorphosis in the last decade For a long while the field had been moribund weighed down by an unreliable diagnostic system pessimism about the possibility of new discoveries and a dearth of research funds A number of factors have seemingly coalesced to change this situation with the result that the field is now alive with excitement and optimism Four factors seem to have played important roles in the resurgence of interest First prior to the publication of DSM

III in 1980 there was no reliable diagnostic system for the disorder Previous definitions were overly general and imprecise Consequently the label schizophrenia applied to a very heterogeneous group of severely disturbed patients It was rarely clear whether two investigators had studied comparable samples making it impossible to determine if few findings were generalizable or if failures to replicate were due to the unreliability of the results or the fact that the investigators had studied different disorders DSM III has not totally resolved this problem but it has allowed scientists to reliably identify a much more homogeneous group As a result it is now possible to integrate the results of different studies making it much more likely that we can make important advances The second important factor was the development of new technologies that promised to help uncover the nature and etiology of the disorder *Library Book Catalog* United States. **Recalibrating Juvenile Detention** David W. Roush, 2019-02-07 *Recalibrating Juvenile Detention* chronicles the lessons learned from the 2007 to 2015 landmark US District Court ordered reform of the Cook County Juvenile Temporary Detention Center JTDC in Illinois following years of litigation by the ACLU about egregious and unconstitutional conditions of confinement In addition to explaining the implications of the Court's actions the book includes an analysis of a major evaluation research report by the University of Chicago Crime Lab and explains for scholars practitioners administrators policymakers and advocates how and why this particular reform of conditions achieved successful outcomes when others failed Maintaining that the Chicago Crime Lab findings are the gold standard evidence based research EBR in pretrial detention Roush holds that the observed firsts for juvenile detention may perhaps have the power to transform all custody practices He shows that the findings validate a new model of institutional reform based on cognitive behavioral programming CBT reveal statistically significant reductions in custody violence and recidivism and demonstrate that at least one variation of short term secure custody can influence positively certain life outcomes for Chicago's highest risk and most disadvantaged youth With the *Quarterly Journal of Economics* imprimatur and endorsement by the President's Council of Economic Advisors the book is a reverse engineering of these once in a lifetime events recidivism reduction and EBR in pretrial detention that explains the important and transformative implications for the future of juvenile justice practice The book is essential reading for graduate students in juvenile justice criminology and corrections as well as practitioners judges and policymakers

*Group Care Practice with Children and Young People Revisited* Leon C. Fulcher, Frank Ainsworth, 2006 *Group Care Practice with Children and Young People Revisited* focuses on the core issues that shape the quality of care that's provided in institutional and residential care settings as well as day care services that rely on the group process Leading authorities on residential group care practice from around the world examine practice concepts centered on three broad themes working directly with children working indirectly to support children and their families and organizational influences on practice This unique book offers valuable insights for dealing with the daily challenges of working with young people in responsive group care *Measures for Clinical Practice: Couples, families, and children* Joel

### **Evaluating Correctional And Community Settings Introduction**

In today's digital age, the availability of Evaluating Correctional And Community Settings books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Evaluating Correctional And Community Settings books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Evaluating Correctional And Community Settings books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Evaluating Correctional And Community Settings versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Evaluating Correctional And Community Settings books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Evaluating Correctional And Community Settings books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project

Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Evaluating Correctional And Community Settings books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Evaluating Correctional And Community Settings books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Evaluating Correctional And Community Settings books and manuals for download and embark on your journey of knowledge?
