**The Educational Ministry of a Church, Second Edition** J. Jonathan Kim, Charles Tidwell, 2020-07-01 The Educational Ministry of the Church 2nd Edition is a treasure trove of resources for those involved in Christian education within the context of the local church

[A Theology for Christian Education](#) James R. Estep, Michael Anthony, Gregg Allison, 2008-09-15 What is Christian about Christian education how is it different from on Christian education A Theology for Christian Education examines this question in depth and argues that the doctrines of systematic theology should drive the content purpose and methods of the educational program of the church The book states Christian education is distinct from other kinds of education in that its aim is the transformation of the whole person into the likeness of Christ Col 1 28 Christian education is the process of accomplishing this aim A Theology for Christian Education dedicates chapters to examining particular doctrines and their implications for Christian education It is the only serious academic text to offer a systematic presentation of the intersection of theology and Christian education from a conservative evangelical perspective

**Christian Education** Freddy Cardoza, 2019-11-05 This introductory textbook solidly situates Christian education in the church and ministry context

of the 21st century With over 20 years of ministry teaching and leadership experience Freddy Cardoza is uniquely qualified to bring together a wide range of Christian educators This volume features the expertise of 25 evangelical scholars of Christian education including diverse next generation voices in the field It provides balanced biblical theological and practical perspectives for church and parachurch leaders equipping them to meet the ever changing needs of our world Additional resources for professors and students are available through Textbook eSources Introducing Christian Education Michael J. Anthony, 2001-09 Learn how to successfully integrate biblical studies and theology with education sociology and psychology in this introductory textbook on Christian education Education for Holistic Transformation in Africa Faustin Ntamushobora, 2015-04-07 Research has revealed ineffectiveness among university graduates in Africa Some possible causes include a lack of transformative teaching and learning methods Most of the learning methods used in Africa today were installed by colonial educational systems often reducing the learner to an empty container waiting to be filled with lecture after lecture As a result there is a cry throughout Africa for an education that can empower the learner to think critically to love both God and others and to bring change in his or her community This is what education for holistic transformation is all about This book came about as a result of a doctoral study conducted in Kenya which featured both Christian higher educational institutions and public universities in a unique comparative analysis that will be helpful to educational leaders on both sides Readers will learn that transformation is a discovery that takes place through change of perspective As this research reveals this new perspective is triggered by a new revelation a new truth a provoking thought a shocking observation or a new testimony Thus the process of holistic transformation takes place through divine revelation self reflection written material and the other "Education Has Nothing to Do with Theology" Edward J. Newell, 2006-08-01 Does education have any relation to theology How do the educator's worldview commitments speak to his or her practice of education James Michael Lee brought a definite answer to these questions a firm no to the relations question and an advocacy for empirical findings over and against any speculative or theoretical positions in reply to the commitments question Lee claimed to have a universal neutral metatheory for all religious education a theory that would apply to all religious educators in any and every religion But in proposing his theory he overlooked the way that empirical facts express worldviews This book is a detective story tracing commitments that lay underneath empirical neutrality In the process the reader will see avenues that unmistakably link education to theology Education turns out to be a thoroughly worldview conditioned process This new work is essential reading for professors and students in both religious and general education

**The Teaching Ministry of the Church** William R. Yount, 2008 Updated and expanded the second edition of The Teaching Ministry of the Church offers churches a step by step plan for establishing and maintaining effective teaching methods for every age **So What Makes Our Teaching Christian?** Robert W. Pazmiño, 2008-09-22 This work explores a perennial question that Christians who are called to teach must consider So what makes our teaching Christian It considers

the essential and distinctive elements of Christian teaching by examining the apostles teaching ministry in the Book of Acts and aspects of Jesus s own teaching in the Gospel of John It proposes how teaching in the name spirit and power of Jesus relates to the teaching ministries of Christians today For example an in depth look at Jesus s teaching of both Nicodemus and the Samaritan woman known in Christian tradition as Photini provides insights for transformative teaching of both insiders and outsiders in a Christian community This work is a theological pastoral and educational exploration of Christian teaching that has implications for both laity and clergy in their ministries

Four Views of Youth Ministry and the Church Wesley Black,Chap Clark,Malan Nel,2010-01-05 Join the conversation as experts propose defend and explore Four Views of Youth Ministry and the Church In a dialog that often gets downright feisty four youth ministry academicians delineate their distinct philosophical and ecclesiological views regarding how youth ministry relates to the church at large and leave a taste of what s profound and what s not in these four typologies Inclusive congregational Malan Nel What happens when a church thoroughly integrates its adolescents making them full partners in every aspect of congregational life Preparatory Wesley Black Why and how should a church consider its teenagers as disciples in training and its youth ministry a school of preparation for future participation in church life Missional Chap Clark What does a church look like whose youth ministry does not necessarily nurture church kids but is essentially evangelistic Whose youths and youth workers are considered missionaries Strategic Mark Senter How feasible is it for a youth ministry to become a new church on its own the youth pastor becoming the pastor and the new church planted with the blessing of the mother church In Four View of Your Ministry and the Church solid academic writing and an inviting tone and design create a compelling text for both in the field practicing youth workers and undergraduates and graduate students

**The Psychological Anthropology of Wayne Edward Oates** Samuel E. Stephens, 2020-07-24 Theological education has historically placed a strong emphasis on Scripture as the source of principle and practice for ministry However when it comes to the arena of counseling this has largely not been the case Focusing on the significant influence of Wayne Edward Oates 1917 1999 the author seeks to explore how and why the American Protestant church arrived at the place where psychological counseling has become the norm and biblical counseling is treated as novel A detailed study of Oates anthropology which served as the heart of his counseling theory and practice demonstrates that it was shaped and informed by secular concepts values and principles instead of what God has to say about who we are as people what plagues our souls and where we find our true hope and healing This subtle shift from the theological to the therapeutic has contributed to a much broader view from many in the church that counseling is more of a clinical and professional service rather than a personal or pastoral ministry of the Scriptures Through these unsettling warnings and implications the author hopes that the church will see the importance of once again engaging with the God glorifying Christ honoring and Spirit empowering ministry of counseling

**Safari Based Theology** Dr. Enos Lwamba, 2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D dissertation *The Safari Motif in the Development of Theology in Africa* Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis *The African Concept of Time* and Paul Hieberts *The Flaw of the Excluded Middle* the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way

of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines City of God John Bunyans The Pilgrims Progress and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes Safari Based Theology a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines
