Midamerica ,2004 **Forthcoming Books** Rose Army,2002 **Evelina** Judith Harris,2017-06-25 **The Jewish World** ,1898 **Female Heroism in the Pastoral** Gail David,2020-07-09 The past decade has given us explorations of such forms as the Bildungsroman the Kunsteroman the utopian and Gothic novel as women have written them studies are even now emerging of the female authored elegy sonnet sequence and other pure and mixed poetic modes Women s work in non fiction prose and in the dramatic genres is being resurrected and reassessed At the same time feminist critics continue to deconstruct women as signs in patriarchal literary forms explaining the effect of male gender on structures of signification the narrative and stylistic codes of genre This series welcomes such studies encouraging as well accounts of sexuality and textual inheritance the influence of female authorship on the evolution of a genre or the creation of a new genre and challenges to genre theory from a gender perspective , **The Female Trickster** Ricki Stefanie Tannen,2014-02-25 The Female Trickster presents a Post Jungian postmodern perspective regarding the role of women in contemporary Western society by investigating the re emergence of female trickster energy in all aspects of popular culture Ricki Tannen explores the psychological aspects of what happened when women s imagination was legally and psychologically enclosed millennia ago and demonstrates how the re emergence of Trickster energy through the female imagination has the radical potential to effect a transformation of western consciousness Examples are drawn from a diverse range of sources from Jane Austen and female sleuth narratives to Madonna and Sex and the City illustrating how Trickster energy is used not to maintain power and control but to integrate and unite the paradoxical through humour Subjects covered include imagination and metaphor the traditional trickster law and the imagination humour Eros using logos the postmodern female trickster This highly original perspective on women s role in contemporary culture will offer readers a new vision of how humour psychologically operates as a healthy adaptation to trauma and adversity It will be of great interest to all analytical psychologists and psychoanalysts as well as those in women s cultural legal and literary studies The Victim of Fancy Daniel Cook,2015-09-30 The Victim of Fancy was first published in December 1787 and despite favourable reviews has not been published since Cook s new scholarly edition of this forgotten novel will be of paramount importance in allowing new insights into the form of the sentimental novel as it actually existed in the 1780s and not as it is often perceived *The Appearance of Print in Eighteenth-Century Fiction* Christopher Flint,2011-09-08 Eighteenth century fiction holds an unusual place in the history of modern print culture The novel gained prominence largely because of advances in publishing but as a popular genre it also helped shape those very developments Authors in the period manipulated the appearance of the page and print technology more deliberately than has been supposed prompting new forms of reception among readers Christopher Flint s

book explores works by both obscure scribblers and canonical figures such as Swift Haywood Defoe Richardson Sterne and Austen that interrogated the complex interactions between the book's material aspects and its producers and consumers Flint links historical shifts in how authors addressed their profession to how books were manufactured and how readers consumed texts He argues that writers exploited typographic media to augment other crucial developments in prose fiction from formal realism and free indirect discourse to accounts of how the novel defined itself as a genre *The Critic*, 1895

Arts Digest, 1929 **Art Digest**, 1929 **Negotiating Feminism and Faith in the Lives and Works of Late Medieval and Early Modern Women** Holly Faith Nelson, Adrea Johnson, 2025-10-01 This wide ranging transnational collection theorizes how late medieval and early modern Western women critically and creatively negotiated their faith and feminism taking into account intersecting factors such as class culture confessional stance institutional affiliation ethnicity disability geography and historical circumstance It presents thirteen original case studies on the diversity complexity and subtlety of the intersection of faith and feminism in the lives and works of twenty two women writers over a 350 year period in six nations Along the way it interrogates the accuracy of the view that monotheistic religions only constrict and oppress women stifling their agency autonomy and authority

Women Novelists Before Jane Austen Brian Corman, 2009-06-04 By the time Ian Watt published *The Rise of the Novel* in 1957 it was clear that many women novelists before Jane Austen had been overlooked in critical studies of literature and that some of them had been completely forgotten by the reading public In this book Brian Corman explores the question of how and why this came about Corman provides a systematic survey of the reputations of early women novelists as canons of the novel developed over a period of roughly two hundred years and in so doing suggests reasons for their frequent exclusion *Women Novelists before Jane Austen* challenges the view that exclusion from the canon was a simple function of gender and goes deeper to examine potential reasons why certain women writers were overlooked In the process it provides an overview of histories of the British novel from the beginning through to the mid twentieth century ending with the publication of Watt's famous text Further Corman offers a prolegomenon to the important recovery work of the late twentieth century in which many revised accounts of the history of the novel appeared essentially improving the scope covered by Watt This study historicizes the place of early women novelists in the British canon in order to provide an informed context for current views

American Romanticism and the Popularization of Literary Education Clemens Spahr, 2022-03-03 *American Romanticism and the Popularization of Literary Education* focuses on three Romantic educational genres and their institutional and media contexts the conversation literary journalism and the public lecture The genres discussed in this book illustrate the ways in which the Transcendentalists engaged nineteenth century media and educational institutions in order to fully realize their projects The book also charts the development from the semi public conversational platforms such as Alcott's Temple School and Fuller's conversations for women in the 1830s to the

increasingly public periodical culture and lecture platforms of the 1840s and the early 1850s This expansion caused a reconsideration of the meaning and function of Romanticism **Ashgate Critical Essays on Women Writers in England, 1550-1700** Sara H. Mendelson, 2017-05-15 A maverick in her own time Margaret Cavendish Duchess of Newcastle 1623 1673 was dismissed for three centuries as an eccentric crank Yet the past few decades have witnessed a true renaissance in Cavendish studies as scholars from diverse academic disciplines produce books articles and theses on every aspect of her oeuvre Cavendish s literary creations hold a wide appeal for modern readers because of her talent for thinking outside the rigid box that delimited the hierarchies of class race and gender in seventeenth century Europe In so doing she challenged the ultimate building blocks of early modern society whether the tenets of Christianity the social and political imperatives of patriarchy or the arrogant claims of the new Baconian science At the same time Cavendish offers keen insights into current social issues Her works have become a springboard for critical discourse on such topics as the nature of gender difference and the role of science in human life Sara Mendelson s aim in compiling this volume is to convey to readers some idea of the scope and variety of scholarship on Cavendish not only in terms of dominant themes but of critical controversies and intriguing new pathways for investigation *Who's who* Henry Robert Addison, Charles Henry Oakes, William John Lawson, Douglas Brooke Wheelton Sladen, 1901 An annual biographical dictionary with which is incorporated Men and women of the time Studies in the American Renaissance , 1996
