**Unexpected Quorum** Jeremy Kamper,2014-01-31 When Jair is awakened from a bizarre dream by a familiar but chilling sound it begins a series of unusual events that threaten the planning of his upcoming wedding to Terah Refusing to let these strange occurrences alter their plans Jair chooses to overlook them But when Terah is kidnapped on their wedding night the young husband can no longer ignore what is happening With the help of his brothers and some new acquaintances Jair sets out to recover his stolen bride Each day brings greater adventure and mystery as the band of men travel farther from home They will encounter Cloaks and Sapients large cities and ruthless rulers and rare stones with curious markings Each of these encounters will bring greater questions and few answers Who took Terah why and where is he going What are the markings on the stones and how are they connected Why would a Cloak attack a group of undistinguished travelers like them To Jair these questions are important but not as important as the one he continues to ask himself Will he ever see his wife again

D.S.S.,Laurence Lyons Murphy Ph.D.,2020-08-19 We are entities capable of creativity beauty choice courage and intelligence as well as entities capable of almost unimaginable capacity for self destruction both individually and collectively Which side of our nature will define us turns on the edge of the axis Like a coin spinning in the air not knowing whether it will land on heads or tails in our search for ourselves in time we are mystical travelers whose destiny may turn on the edge of a dime The challenge and choices we face in this task as co creators of the world around us is to learn to read and interpret the signs of

change just as the reflections of stars in the evening sky are signs of energy that echoes the very origins of the cosmos itself and even as the strata of our earth entomb a fossil record recording the history of life on earth all of our world becomes a text teaching us the grammar of energy space and matter which led to the birth of a universe Critical Axis explains this text written in the phenomenon of the Cosmos as we move toward its revelation and as such Critical Axis is a guidebook to the text of our lives
