BUN E KING The New Easter Bunny Jill Divine,2015-02-05 Time is up for the Easter Bunny his magical powers have left him and been passed on to his eldest son Eggbert Eggbert is horrified he wants to be a superhero not the Easter Bunny delivering boring chocolate eggs His younger brother Egeward is also furious He desperately wanted to be the Easter Bunny He loves inventing things and is delighted when Eggbert can t use the magic and can only make a few odd shaped chocolate eggs As for flying his feet remain firmly on the ground Father Bunny is very worried if Eggbert doesn t take control of the magic and make more eggs Easter which is fast approaching will have to be cancelled No chocolate eggs for anyone **The Easter Bunny That Grew Up** Gretta Parker,2012-03 The story of Flopsy Parker a bunny adopted from a shelter for 7 50 and how he became s spokesbunny for rabbits purchased for Easter and then abandoned Forgotten Father Larry Simotes,2015-11-14 This is a warming story for all of those who spent a life time attempting to understand their father It s a story about a father who had many faults and failures but the love of a son never wavered In the end it s a story of a son that finds only love and goodness in his father **The Hand Held By Jesus** Karen Weller,2019-04-24 Throughout the years I have been shown how easy it is for the devil to take an innocent child born from God and tear them down to merely nothing Many like me try to hold on to what we think we know and that is faith that God our creator will show up to help us conquer the many demonic attacks we encounter Some of us are successful and with his love and guidance know where to turn who to call upon when our unseen predators show up to either bring us into misery or try to take possession Yet there are too many of us who don t really know our Lord and Savior Jesus and that his blood is the only way to get them to flee so that you may be brought back to peace Instead of Jesus many turn to alcohol and drugs in order to hide cover up what they are truly facing with I too tried to fight them on my own even asking God to remove my spirit from this life Well God had other plans for me He needed me to survive because to my surprise God needed me as much as I needed him Therefore he had to prove to me how someone like me is so important to him that he went as far as sending his son Jesus to hold my hand to give me peace I never knew existed God gave me the strength to face the cruelty of this world toward me He taught me the real meaning of love His love not man s That is why he needs me to let his children of all nations know that he is ready to send his son back soon and that he loves all not just the saved but the unsaved When it is time for the return of Christ Jesus he wants to bring

home all his children but he knows there are so many who have good hearts good intentions but believe in another God or feel by their good deeds alone can get them into heaven but I am here to let you know you can't on your own Like Samson David Moses Joshua and many others in the Bible God has chosen me to deliver a message He has been with me throughout my journey and will remain until the end has been his promise As in many books of the Bible spoken by Jesus He who has ears let him hear *Husbands, Hot Flashes, and All That Hull* Vicky DeCoster, 2006-07 *Husbands Hot Flashes and All That Hullabaloo* is filled with humorous stories that every woman will relate to Fun from beginning to end this is one of those giggle til dawn can't put it down stay up all night treats But don't read it in bed you'll wake your husband Marsha Jordan author of *Hugs Hope and Peanut Butter* Vicky DeCoster award winning humor writer and author of *The Wacky World of Womanhood* will have you laughing out loud at the realities of life as a middle aged woman as she takes you on a hilarious hormonal journey Any woman tackling the second act of her life can relate to DeCoster's humorous personal essays as she makes fun of matrimony malfunctions female fervor corporate craziness parenting pandemonium and aging anatomies This new age Erma Bombeck entertains readers with her comical anecdotes on dieting with her husband the roller coaster of emotions that accompany trying on swimming suits after the age of forty and the unwelcome neuroses that often occur during parenthood *Husbands Hot Flashes and All That Hullabaloo* will leave you with the comforting thought that life is too funny to take seriously Any woman who has experienced hormones children or a man in her life will LOVE this book Vicky DeCoster's gift for laugh out loud storytelling is sensational timeless and right on You'll be giggling long after you finish the book *Husbands Hot Flashes and All That Hullabaloo* is destined to become a classic Pam Crooks Harlequin Romance Author Vicky DeCoster www.wackywomanhood.com **The Momma Guide** Traci Davis, Vicki Holleman-Perez, 2010-05 FOR THOSE WHO WISH THEIR KID CAME WITH AN INSTRUCTION MANUAL Here's a book for you Authors Traci Davis Vicki Holleman Perez have written *The Momma Guide* providing everyday practical advice for mommas everywhere *The Momma Guide* addresses topics as far ranging as birth health problems depression divorce death and everything in between As inspirational as it is informational the hefty volume 461 pages is a handy reference guide whenever something new and challenging comes up around the house And though it might be easy to think of it as a Desk Reference for Moms the information within is equally applicable to dads Written by mommas for mommas a book length reassurance that You are not alone and You're not the only one who's ever had difficulty understanding how to be a good momma the delightful book took longer to write than normal because the author's practicing what they preach put their families first often writing with a child on their lap **Smaller Faster Lighter Denser Cheaper** Robert Bryce, 2014-05-13 In the face of today's environmental and economic challenges doomsayers preach that the only way to stave off disaster is for humans to reverse course to de-industrialize re-localize ban the use of modern energy sources and forswear prosperity But in this provocative and optimistic rebuke to the catastrophists Robert Bryce shows how innovation and the inexorable human desire to make

things Smaller Faster Lighter Denser Cheaper is providing consumers with Cheaper and more abundant energy Faster computing Lighter vehicles and myriad other goods That same desire is fostering unprecedented prosperity greater liberty and yes better environmental protection Utilizing on the ground reporting from Ottawa to Panama City and Pittsburgh to Bakersfield Bryce shows how we have for centuries been pushing for Smaller Faster solutions to our problems From the vacuum tube mass produced fertilizer and the printing press to mobile phones nanotech and advanced drill rigs Bryce demonstrates how cutting edge companies and breakthrough technologies have created a world in which people are living longer freer healthier lives than at any time in human history The push toward Smaller Faster Lighter Denser Cheaper is happening across multiple sectors Bryce profiles innovative individuals and companies from long established ones like Ford and Intel to upstarts like Aquion Energy and Khan Academy And he zeroes in on the energy industry proving that the future belongs to the high power density sources that can provide the enormous quantities of energy the world demands The tools we need to save the planet aren't to be found in the technologies or lifestyles of the past Nor must we sacrifice prosperity and human progress to ensure our survival The catastrophists have been wrong since the days of Thomas Malthus This is the time to embrace the innovators and businesses all over the world who are making things Smaller Faster Lighter Denser Cheaper
