Even In The Darkness:

Even Darkness Sings Thomas H Cook, 2018-10-02 Thomas Cook has always been drawn to dark places for the powerful emotions they evoke and for what we can learn from them These lessons are often unexpected and sometimes profoundly intimate but they are never straightforward With his wife and daughter Cook travels across the globe in search of darkness from Lourdes to Ghana from San Francisco to Verdun from the monumental mechanized horror of Auschwitz to the intimate personal grief of a shrine to dead infants in Kamukura Japan Along the way he reflects on what these sites may teach us not only about human history but about our own personal histories During the course of a lifetime of traveling to some of earth s most tragic locals from the leper colony on Molokai to ground zero at Hiroshima he finds not only darkness but a light that can illuminate the darkness within each of us Written in vivid prose this is at once a personal memoir of exploration both external and internal and a strangely heartening look at the radiance and optimism that may be found at the very heart of darkness

Charting the Supernatural Judgements of Planet Earth Jerimiah Asher, 2010-08-10 Chapter 3 The First Judgment The World Prior To Adam There may have been many judgments upon the earth since its beginning millions or billions of years ago however the present commentary will deal only with the last tens of thousands of years of earth s existence In Genesis 1 2 the verses written by Moses as author of the Genesis account portray an earth that was veiled in darkness so that its form could not be discerned The earth at that time was covered with water ice high above the mountain tops so that it gave the appearance of being a dark revolving sphere of frozen water Table 2 God s spirit is described as hovering over this revolving ball of water and brooding over the sad condition of this dark void planet God did not create a dark and dismal planet at the beginning because God does not create darkness in fact darkness is incompatible with His existence and presence So what had happened that God viewed Gen 1 2 such a decrepit state of the world Does scripture attempt to explain this phenomenon or does the inspired word of God remain silent on this issue It was first proposed as a theory by the Scotsman Thomas Chalmers in the early 19th century that a gap in time existed between Genesis 1 1 and Genesis 1 2 This gap in time would encompass a ruin reconstruction theme and the existence of pre Adamic

living beings Obviously a huge catastrophic event would have had to occur to produce this decadent state of the world The gap concept was later popularized by mention in the margin notes of the Scofield Reference Bible **Complete**
