Salumets, 2014-06-01 Are we ill suited for this world Among Europe's major contemporary poets Estonia's Jaan Kaplinski offers a rare vision of human advancement and fulfillment the less we intervene the more we flourish But how then can we remain involved in what evolves of its own accord How can we move away from a life forged by human design towards a quietly attentive yet spontaneous responsiveness In *Unforced Flourishing* Thomas Salumets seeks access to Kaplinski's life and work and finds a path to the signature of his thinking He uncovers a man who craves human closeness that few if any can provide a writer drawn towards wordless communication in a world of words signs and symbols who yearns for the sacred in secular times and who detects more richness in nature than in the human imagination Salumets describes Kaplinski as an intellectual attracted to a contrarian sense of self art and culture who searches for his homeland's mystical connections at a time when Estonia firmly aligns with values and modes of thought vastly different from his own What emerges is a mentality firmly rooted in the belief that the greatest risk to human fulfillment results from human beings themselves The first major study in English of one of Eastern Europe's most important literary figures *Unforced Flourishing* details Kaplinski's embrace of that which is undifferentiated intuitive non calculative and natural in the modern world [Beyond the Lyric](#)

Fiona Sampson, 2012-09-06 British poetry is enjoying a period of exceptional richness and variety This is exciting but it's also confusing and throws up the need for an enthusiastic guide that can explain and celebrate the many parallel poetry projects now underway *Beyond the Lyric* does just that This is a book of enthusiasms an intelligent and witty map of contemporary British poetry and a radical accessible guide to living British poets grouped for the first time according to the kind of poetry they write In a series of groundbreaking new classifications beginning with the bread and butter diction of the Plain Dealers and ending on the capacious generosity of the Exploded Lyric it examines the broad range of contemporary tendencies from

the baroque swagger of the Dandies to the restrained elegance of the Oxford Elegists from the layered haunting verse of Mythopoesis to the inventive explorations of the New Formalists By probing the cultural context from which these groups emerge and shifting the critical focus back to the work itself Sampson's astute analysis illuminates and demystifies each of these terms and asks the big questions about what makes a poem The result is a celebration of poetry as a connected responsive and above all communitarian form Lively engaging and inviting this is the indispensable and authoritative guide for anyone who's ever wondered what's going on in British poetry today *The Catch* Fiona Sampson, 2016-02-04 Fiona Sampson's latest collection transforms the sensory world into an astonishingly new and vivid poetry Here dream and myth creatures real and imagined and the sights and sounds of distance and of home all coalesce in a sustained meditation on time and belonging Combining formal sophistication with metaphysical exploration this is an incandescent work of renewal beauty and risk **Coleshill** Fiona Sampson, 2013-03-07 Deep in limestone country at the corner of Wiltshire Oxfordshire and Gloucestershire lies the village of Coleshill This haunting new collection from Fiona Sampson is a portrait of place both real and imaginary a dreamscape with its roots deep in the local soil The poems hum with an evocative music of their own there are hymns of the orchards verses for walkers songs for bees These are slices of life and states of mind poems of grief fears and maledictions but also of renewal resurrections and the promise of spring Coleshill emerges as a parish of sun and shade its darkness and light perfectly balanced From the T S Eliot and Forward Prize shortlisted poet comes a deep interrogative collection of astonishing clarity and power *Into the Heart of European Poetry* John Taylor, 2011-12-31 John Taylor's brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from the France in which he has lived since the late 1970s the polyglot writer critic not only delves into the more widely translated literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including Russia While providing this stimulating and far ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing in itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define *Into the Heart of European Poetry* should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In

a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is as indispensable as it is engaging International Who's Who in Poetry 2005 Europa Publications,2004 Provides up to date profiles on the careers of leading and emerging poets
