comprehensive account of non European immigration chronicling the compelling and diverse stories of frequently overlooked Americans Reimers traces the early history of Black Hispanic and Asian immigrants from the fifteenth century through World War II when racial hostility led to the virtual exclusion of Asians and aggression towards Blacks and Hispanics He then tells the story of post 1945 immigration when these groups dominated the immigration statistics and began to reshape American society The capstone to a lifetime of groundbreaking work on immigration Reimers s thoughtful history recognizes the ambiguity and subjectivity of race noting that individuals often define themselves more complexly than census forms allow However classified record numbers of immigrants are streaming to the United States and creating the most diverse society in the world Other Immigrants is a timely account of their arrival
