Sometimes There Is a Void Zakes Mda, 2012-01-03 A New York Times Notable Book of the Year South African novelist and playwright Zakes Mda's remarkable life story of growing up in South Africa Lesotho and America told with style and gusto Zakes Mda is the most acclaimed South African writer of the independence era His novels tell stories that venture far beyond the conventional narratives of a people's struggle against apartheid In this memoir he tells the story of a life that intersects with the political life of his country but that at its heart is the classic adventure story of an artist lover father

teacher and bon vivant Zanele Mda was born in 1948 into a family of lawyers and grew up in Soweto's ambitious educated black class. At age fifteen he crossed the Tloa River from South Africa into Basutoland Lesotho, exiled like his father, a founding spirit of the Pan Africanist Congress. Exile was hard but it was just another chapter in Mda's coming of age. He served as an altar boy and was preyed on by priests, flirted with shebeen girls, feared the racist Boers, read comic books alongside the literature of the PAC, fell for the music of Dvorak and Coltrane, wrote his first stories and felt the void at the heart of things that makes him an outsider wherever he goes. The Soweto uprisings called him to politics, playwriting brought him back to South Africa where he became writer in residence at the famed Market Theatre, three marriages led him hither and yon, acclaim brought him to America where he began writing the novels that are so thick with the life of his country. In all this Mda struggled to remain his own man and with *Sometimes There Is a Void* he shows that independence opened the way for the stories of individual South Africans in all their variety. *Kenya National Assembly Official Record (Hansard)*, 2003-10-22. It's so strange how your life can dramatically change from just one event. I now see my life divided into two: before the tragedy and after. Now the present will always be after. This is after Amanda Wright was just four years old when she witnessed her mother's brutal murder. John Dickinson, a family friend, strangled her mother to death in front of her and then he tried to do the same to Amanda. He laid their lifeless bodies out on their bed, set fire to it, and left the house hoping the fire would conceal the crime. It was the milkman who saved Amanda's life, though it was too late for mum. Sue. Amanda spent weeks in hospital for painful skin graft operations on her burned legs before moving in with her grandparents.

Yet from the day of the tragedy she was haunted by flashbacks and nightmares On her first day of school Amanda watched other children crying for their mummies and suddenly realised that she would never see her own mother again It was a painful adjustment for a little girl who until that moment had spent her whole life with her mum More alone than ever before she was determined not to give in finding strength in her memories of her mother Without a Mother s Love is a sad strange yet beautiful story about a girl who lost everything but found the strength inside herself to make her mother proud
