America is young but its symbols are old. Many of them from the stars and stripes in the American flag to the strange images on our currency have become so familiar that most of us don't give them a second thought. In *United Symbolism of America* Robert R. Hieronimus will help you see the symbolic messages encoded for us by our Founding Fathers in the symbols they chose. Unlike other writers on this topic Hieronimus discusses the historical background and artistic influences behind the design of our symbols and landmarks. *United Symbolism of America* includes revealing information about the symbolism embedded in The Statue of Liberty the Liberty Bell and many of the monuments found in Washington D.C. Putting to rest the erroneous notion that our country's symbolism is rooted in Satanism Hieronimus demonstrates that the symbols that have become our national icons represent
