The Unfinished Atomic Bomb Cassandra Atherton,David Lowe,Alyson Miller,2017-12-26 In its diversity of perspectives The Unfinished Atomic Bomb Shadows and Reflections is testament to the ways in which contemplations of the A bomb are endlessly shifting rarely fixed on the same point or perspective The compilation of this book is significant in this regard offering Japanese American Australian and European perspectives In doing so the essays here represent a complex series of interpretations of the bombing of Hiroshima and its implications both for history and for the present day From Kuznick s extensive biographical account of the Hiroshima bomb pilot Paul Tibbets and contentious questions about the moral and strategic efficacy of dropping the A bomb and how that has resonated through time to Jacobs reflections on the different ways in which Hiroshima and its memorialization are experienced today each chapter considers how this moment in time emerges persistently in public and cultural consciousness The discussions here are often difficult sometimes controversial and at times oppositional reflecting the characteristics of A bomb scholarship more broadly The aim is to explore the various ways in which Hiroshima is remembered but also to consider the ongoing legacy and impact of atomic warfare the reverberations of which remain powerfully felt War in the Air Stephen Coonts,1997-12 Presents twenty six real life accounts of aerial warfare including The Hero s Life by Captain Eddie V Rickenbacker and The Flight of Enola Gay by Gordon Thomas and Max Morgan Witts NjBwBT **Little Black Book of Washington DC 2010 Edition** Harriet Edleson, 2010 Edition From the National Mall to the Zoo Capitol Hill to Foggy Bottom and beyond make your way around America s capital with this indispensable pocket city guide User friendly foldout maps and insider tips help you to explore the best Washington DC has to offer Here s all you need to know about what to see and do and where to eat drink shop and stay in this city of living history Color coded numbered entries in the text are keyed to full color neighborhood maps in each chapter Top Picks direct you to not to be missed attractions Spot illustrations throughout liven the text 9 easy to use maps including maps of Washington DC neighborhoods suburbs and a Metro System Map **Flying Magazine** ,1979-01 Little Black Book of Washington DC, 2012 Edition Harriet Edleson,2012-02 2012 Edition From the National Mall to the Zoo Capitol Hill to Foggy Bottom and beyond make your way around America s capital with this indispensable pocket city guide User friendly foldout maps and insider tips help you to explore the best Washington DC has to offer Here s all you need to know about what to see and do and where to eat drink shop and stay in this city of living history Washington DC correspondent for Travel Agent magazine and news editor at Travel Trade Publications author Harriet Edleson has written for the Washington Post and Fodor s travel publications Color coded numbered entries in the text are keyed to full color neighborhood maps in each chapter Top Picks direct you to not to be missed attractions Notes pages Portable size and sleek non touristy award winning

Samuel Walker,2008 This book analyzes the reasons behind President Truman s most controversial decision Delineating what was known and not known by American leaders at the time it evaluates the roles of U S Soviet relations and of American domestic politics Dust jacket **Prompt and Utter Destruction (EasyRead Super Large 20pt Edition) , The War Complex** Marianna Torgovnick,2008-11-15 The recent dedication of the World War II memorial and the sixtieth anniversary commemoration of D Day remind us of the hold that World War II still has over America s sense of itself But the selective process of memory has radically shaped our picture of the conflict Why else for instance was a 1995 Smithsonian exhibition on Hiroshima that was to include photographs of the first atomic bomb victims along with their testimonials considered so controversial And why do we so readily remember the civilian bombings of Britain but not those of Dresden Hamburg and Tokyo Marianna Torgovnick argues that we have lived since the end of World War II under the power of a war complex a set of repressed ideas and impulses that stems from our unresolved attitudes toward the technological acceleration of mass death This complex has led to gaps and hesitations in public discourse about atrocities committed during the war itself And it remains an enduring wartime consciousness one most recently animated on September 11 Showing how different events from World War II became prominent in American cultural memory while others went forgotten or remain hidden in plain sight The War Complex moves deftly from war films and historical works to television

specials and popular magazines to define the image and influence of World War II in our time Torgovnick also explores the 1961 trial of Adolf Eichmann the emotional legacy of the Holocaust and the treatment of World War II's missing history by writers such as W G Sebald to reveal the unease we feel at our dependence on those who hold the power of total war Thinking anew then about how we account for war to each other and ourselves Torgovnick ultimately and movingly shows how these anxieties and fears have prepared us to think about September 11 and our current war in Iraq **Soaring**, 1996
