English history Pepys witnessed the London Fire the Great Plague the Restoration of Charles II and the Dutch Wars He was a patron of the arts having himself composed many delightful songs and participated in the artistic life of London His flair for gossip and detail reveals a portrait of the times that rivals the most swashbuckling and romantic historical novels In none of the earlier versions was there a reliable full text with commentary and notation with any claim to completeness This edition first published in 1970 is the first in which the entire diary is printed with systematic comment This is the only complete edition available it is as close to Pepys s original as possible
