

IDIOTS.

The object of this Supplemental Schedule is to furnish material not only for a complete enumeration of the idiots, but for an account of their condition. It is important that every inquiry covered as fully as possible. Enumerators will, therefore, after making the proper entries upon the Population Schedule (No. 1), transfer the same (with Schedule page and number) Schedule No. 1 to this Special Schedule, and proceed to ask the additional questions indicated in the headings of the several columns.

The word "idiot" has a special meaning which it is essential for every enumerator to know. An idiot is a person the development of whose mental faculties was arrested in infancy or childhood. It is sometimes difficult to distinguish between the stupidity which results from idiosyncrasy and that which is due to the loss or deterioration of mental power in consequence of insanity. The latter denotes or imbecility. The enumeration desired for the Census is of true idiots only. Insane persons should be classed with the insane.

Enumerators may obtain valuable hints as to the number of idiots, and their residences, from physicians who practice medicine in their respective districts.

Serial Number	NAME	Residence of idiot. (See Item A.)		Whether person and family are known to the enumerator.	Suggested name of idiot if known.	Size of head (large, small, or medium).	Training School.	
		City or town.	County if in same State, or State if in some other State.				Has this person ever been in training school, or in any other institution for the insane?	Is this person now in training school?
