needs The Publishers Weekly ,1928 **Political Theory and the Displacement of Politics** Bonnie Honig,2023-03-15

Political Theory and the Displacement of Politics originally published in 1993 has been called a founding text of agonism which treats political contestation not as a regrettably necessary way to correct political imperfections but as a necessary sometimes joyful feature of democratic life As Bonnie Honig writes in the preface to this thirtieth anniversary edition the agonism that informs this book is democratic it is committed to shared spaces and relational practices in which diverse groups and individuals set and reset the terms of living together as equals By rethinking the established relation between politics and political theory Honig argues that political theorists of opposing positions often treat political theory less as an exploration of politics than as a series of devices for its displacement She characterizes Kant Rawls and Sandel as virtue theorists of politics arguing that they rely on principles of right rationality community and law to protect their political theories from the conflict and uncertainty of political reality Drawing on Nietzsche and Arendt as well as Machiavelli and Derrida Honig instead explores an alternative politics of virt which treats the disruptions of political order as valued sites of democratic freedom and individuality

Historicism unsettles the historicist constitution of Julia de Burgos 1914 53 Puerto Rico s most iconic writer a critical task that necessitates redefining the concept of historicism Through readings of Aristotle Walter Benjamin Jacques Derrida Werner Hamacher and Frank Ankersmit Mendoza de Jes s shows that historicism grounds historical objectivity in the historian s capacity to compose totalizing narratives that domesticate the contingency of the past While critiques of historicism as a realism leave untouched the sovereignty of the historian the book insists that reading the text of history requires an attunement to danger a modality that interrupts historicism by infusing the past with a contingency that evades total appropriation After desedimenting the monumental tradition that has reduced de Burgos to a totemic figure Catastrophic Historicism reads the poet s first collection Poema en 20 surcos 1938 Mendoza de Jes s argues that the historicity of Poema crystallizes in the lyrical speaker s self institution as an embodied ipseity which requires producing

racialized gendered allegorical figures the bearers of an abject flesh that lack any ontological resistance to modern alienation Rather than treating de Burgos's poetics of selfhood as the ideal image of Puerto Rican sovereignty Mendoza de Jesú endangers this idealization by drawing attention to the abjection that sustains our attachments to ipseity as the form of a truly sovereign life In this way Catastrophic Historicism not only resets the terms of ongoing critiques of historicism in the humanities it also intervenes in Puerto Rican historicity for the sake of its transformation **Book-prices Current** John Herbert Slater, William Roberto, F.
