Cut/Copy/Paste Whitney Trettien, 2022-02-15 How do early modern media underlie today's digital creativity In *Cut Copy Paste* Whitney Trettien journeys to the fringes of the London print trade to uncover makerspaces and collaboratories where paper media were cut up and reassembled into radical bespoke publications Bringing these long forgotten objects back to life through hand curated digital resources Trettien shows how early experimental book hacks speak to the contemporary conditions of digital scholarship and publishing As a mixed media artifact itself *Cut Copy Paste* enacts for readers what Trettien argues that digital forms have the potential to decenter patriarchal histories of print From the religious household of Little Gidding whose biblical concordances and manuscripts exemplify protofeminist media innovation to the queer poetic assemblages of Edward Benlowes and the fragment albums of former shoemaker John Bagford *Cut Copy Paste* demonstrates history's relevance to our understanding of current media Tracing the lives and afterlives of amateur bookwork Trettien creates a method for identifying and comprehending hybrid objects that resist familiar bibliographic and literary categories In the process she bears witness to the deep history of radical publishing with fragments and found materials With many of *Cut Copy Paste*'s digital resources left thrillingly open for additions and revisions this book reimagines our ideas of publication while fostering a spirit of generosity and inclusivity An open invitation to cut copy and paste different histories it is an inspiration for students of publishing or the digital humanities as well as anyone interested in the past present and future of creativity *Accounts and Papers of the House of Commons* Great Britain. Couture Fashion Law Tomruk Üstünkaya, 2025-05-06 This book

provides an insight into the legal workings of the most ostentatious fashion sector Couture whilst simultaneously advocating for stronger legal protection in this industry Offering an interdisciplinary approach including art theory from Tolstoy and Rand amongst others the book examines where Couture fashion sits within the law Most significantly the book considers the couturier as an artist and Couture as art in relation to how this art form may be protected legally by copyright Reflecting on contemporary issues it analyses recent legal cases together with legislation to provide awareness on the current position and considers implications for the future by suggesting legal frameworks in pursuit of improvements Using U K law as a case study the book also comparatively assesses global fashion law analysing the legal workings in the E U and the U S The book will be of interest to researchers in the field of fashion law copyright law art and intellectual property **Rudimentary**

Patents, Pictures and Patronage Elizabeth Evenden, 2016-12-05 John Day 1522 1584 is generally acknowledged to be the foremost English printer of the later sixteenth century As well as printing some of the most important books of his day most notably John Foxe's Acts and Monuments he also pioneered enormous advances in English typography and book illustration Yet despite his revered position in printing history this book is the first full length study to look into Day's life and legacy Scholars have paid much attention of late to the Acts and Monuments but without placing it within the context of Day's overall business strategy He was a printer whose success and range of titles like his connections and influence went far beyond John Foxe Day may have gained his notoriety as the printer of Foxe's book but in order to understand both the man and his business as Evenden shows we must look at the wider range of Day's productions and the motivation behind them The study begins by setting Day in the context of the sixteenth century printing industry examining his disputed origins and his establishment as a London printer A number of Day's most celebrated Elizabethan productions are then discussed in detail in order to understand not only his business strategies but also his religious and political affiliations throughout this period similarly Evenden examines his connections with the Stranger communities in London and how they assisted Day's business and helped to enhance his reputation Throughout the book it is argued that Day's printing empire and wealth were founded on a combination of two crucial factors outstanding technical skills and the ability to attract patrons and patents Day carried out technically demanding printing assignments most notably the heavily illustrated Acts and Monuments for leading Elizabethan statesmen and churchmen and was rewarded with exclusive rights to print more lucrative works such as the ABC Catechism and Metrical Psalms Thus his success rested on both cheap and exp
