The Flight of the Stork Roger P. Keller, 2012-10-01 Life as one would know it started in the year of 1953 on April the eighteenth On that day Roger P Keller was born in a small hospital located in the borough of Brooklyn New York At the age of two his parents moved to the countryside where he grew up On his first day of going to school the teacher and classmates were surprised to learn that young lad of five years old could not speak one word of English The reason was that the only language spoken in the home was German or a dialect of German His mother was born in Germany and his father was born in a section of north eastern France called Alsace Lorraine which by the way spoke a dialect of German His passion for writing continued throughout his school years and down to this day Even though there were quite a few setbacks during the present course of life the highway of writing that drove from the brain through the heart and down to the writing hand continued to keep flourishing and producing thoughts and feelings on paper Hopefully the reader will find as much pleasure in reading them
