The Beasts, the Graves, and the Ghosts Hann Tzuu Joey Tan, 2020-05-31 At the heart of the gospel is the message of the incarnation God translating himself into the context of human culture and language so we might know him Far from coming to an end with Christ s life on earth this process of contextualization is ongoing reoccurring every time the gospel encounters the particularities of society and culture In this book Hann Tzuu Tan explores the significance of contextualized preaching within the Chinese context Against the backdrop of three major festivals the Spring Festival the Qing Ming Festival and the Hungry Ghost Festival Tan examines the practices of six experienced Chinese preachers in order to demonstrate the theological and practical importance of contextualized preaching As a result of his research Tan suggests six main principles for contextual preaching principles that are rooted within a Chinese context yet applicable to anyone seeking to express the gospel s relevance within a particular cultural setting Combining insights from biblical studies applied theology and ethnography this interdisciplinary study will enrich one s understanding of Chinese culture the gospel and the important and necessary work of contextualization **The Making of a Savior Bodhisattva** Shi Zhiru, 2007-08-14 In modern Chinese

Buddhism Dizang is especially popular as the sovereign of the underworld Often represented as a monk wearing a royal crown Dizang helps the deceased faithful navigate the complex underworld bureaucracy avert the punitive terrors of hell and arrive at the happy realm of rebirth The author is concerned with the formative period of this important Buddhist deity before his underworldly aspect eclipses his connections to other religious expressions and at a time when the art mythology

practices and texts of his cult were still replete with possibilities She begins by problematizing the reigning model of Dizang one that proposes an evolution of gradual sinicization and increasing vulgarization of a relatively unknown Indian bodhisattva Ksitigarbha into a Chinese deity of the underworld Such a model the author argues obscures the many faceted personality and iconography of Dizang Rejecting it she deploys a broad array of materials art epigraphy ritual texts scripture and narrative literature to recomplexify Dizang and restore as much as possible from the fragmented historical sources what this figure meant to Chinese Buddhists from the sixth to tenth centuries Rather than privilege any one genre of evidence the author treats both material artifacts and literary works canonical and noncanonical sources Adopting an archaeological approach she excavates motifs from and finds resonances across disparate genres to paint a vibrant detailed picture of the medieval Dizang cult Through her analysis the cult far from being an isolated phenomenon is revealed as integrally woven into the entire fabric of Chinese Buddhism functioning as a kaleidoscopic lens encompassing a multivalent religio cultural assimilation that resists the usual bifurcation of doctrine and practice or elite and popular religion *The Making of a Savior Bodhisattva* presents a fascinating wealth of material on the personality iconography and lore associated with the medieval Dizang It elucidates the complex cultural religious and social forces shaping the florescence of this savior cult in Tang China while simultaneously addressing several broader theoretical issues that have preoccupied the field Zhiru not only questions the use of sinicization as a lens through which to view Chinese Buddhist history she also brings both canonical and noncanonical literature into dialogue with a body of archaeological remains that has been ignored in the study of East Asian Buddhism

An Introduction to Chinese Philosophy Karyn Lai, 2017-03-30. This second edition of *An Introduction to Chinese Philosophy* presents a comprehensive introduction to key ideas and arguments in early Chinese philosophy. Written in clear, accessible language, it explores philosophical traditions including Confucianism, Daoism, Mohism, Legalism, and Chinese Buddhism, and how they have shaped Chinese thought. Drawing on the key classical texts as well as up-to-date scholarship, the discussions range across ethics, metaphysics, and epistemology, while also bringing out distinctive elements in Chinese philosophy that fall between the gaps in these disciplinary divisions, hence challenging some prevailing assumptions of Western philosophy. Topics include human nature, selfhood, and agency, emotions and behaviour, the place of language in the world, knowledge and action, and social and political responsibility. This second edition incorporates new ideas and approaches from some recently excavated texts that change the landscape of Chinese intellectual history.

The Garden of Flowers and Weeds Matthew Juksan Sullivan, 2021-11-16. International Book Awards Religion Eastern Top Award, American BookFest's Best Book Awards Winner Religion Eastern, Nautilus Award Gold, Benjamin Franklin Award Silver, Independent Book Publisher's Award Bronze. Named One of the Best Books of 2021. *Spirituality and Practice Magazine*: An intriguing, challenging crash course in Zen Buddhism. *Kirkus Reviews*: A generation-defining rendering of one of the great Zen Buddhist scriptures. *Spirituality and Practice*: For centuries, *The Blue Cliff Record* has stood as one of the preeminent scriptures of the Zen Buddhist tradition in China, Japan, and Korea. However, until now, there has been no published commentary by a contemporary Zen Master to assist readers in understanding its counterintuitive and sometimes baffling teachings. *The Garden of Flowers and Weeds* draws on contemporary scholarship and the author's extensive experience with Zen in order to offer new insights for sophisticated students who are hoping to uncover the secrets of the koan tradition. At the same time, *The Garden* is jargon-free and uses personal stories to appeal to readers who are new to Buddhism. The theme of the book is simple: Accepting the unenlightened self with all its flaws is the most profound form of enlightenment. Even with this clarity, finding a path into these old Zen stories is a challenge. They are designed to be roadblocks to intellectual understanding. Using personal memoir, the oral teachings of Zen, and meditation instruction, *The Garden* assists the reader in approaching the dialogues as spiritual exercises. *The Blue Cliff Record* contains an explosive power, but you can only access it by integrating its wisdom into your everyday experiences. As Zen Master Nanquan said: Ordinary mind is the Way.

Spreading Indra's Net D. T. Suzuki, 2025-08-26. D. T.

Suzuki's 1950s lectures at Columbia University were foundational for the postwar Zen boom. Speaking softly in a bookcase-lined room, Suzuki then in his eighties introduced East Asian Buddhism to a rapt audience of the general public, scholars, and students. He offered a distinctive interpretation of Zen, weaving together his understanding of classical Buddhist texts, especially the Flower Garland Sutra, with Christian mysticism, psychology, and twentieth-century European and American philosophy. The freewheeling lectures captivated listeners drawn from the New York intelligentsia and art world, including Carolyn Brown, John Cage, Arthur Danto, Sari Dienes, Erich Fromm, Phillip Guston, Ibram Lassaw, and Dorothy Norman, and catalyzed public interest in Buddhism. Spreading Indra's Net presents Suzuki's 1952-1953 lectures in full, giving a vivid look at how one of the most important global Buddhist figures of the twentieth century interpreted Zen for an American audience. Drawing on archival research in Japan and the United States, editor Richard M. Jaffe provides an extensive introduction that traces Suzuki's path to Columbia, analyzes the content of the lectures, and surveys their reception. Among the most accessible works of a major figure and a record of a crucial moment in New York history, this book displays Suzuki's gifts as a teacher, scholar, writer, and thinker.

The New History of Korean Civilization Chai-Shin Yu, 2012-01-09. Throughout its 4,000-year history, Korea has created a vibrant and unique culture. Unfortunately, many believe it developed solely due to China's influence, thus leaving no room for an independent history and culture. This is simply wrong. The New History of Korean Civilization explores the existence of a distinctive Korean culture established by the Korean people and separate from its Chinese and Japanese counterparts. Author Chai Shin Yu, distinguished professor of Korean studies, surveys the history of cultural life in Korea and provides a detailed account of this country's remarkable heritage. From the prehistoric age through the rise of the Choson Dynasty and up to the creation of the Republic of Korea, this concise history traces the development of history, politics, philosophy, religion, literature, and art. Chai Shin Yu shows how Korean culture also played a vital role in the formation of Japanese culture. Written for the purpose of introducing the roots of Korean culture to Westerners and second-generation Koreans living in the West, *The New History of Korean Civilization* is a bold addition to the historiography of Korea.
