Education and Religion Various, 2021-07-14 The 10 volumes in this set originally published between 1965 and 1994 draw together research by leading academics in the area of religious education and provides a rigorous examination of related key issues The volumes examine the teaching of world faiths in schools religious education in both primary and secondary schools and the teaching of morality This set will be of particular interest to students of Education and Religious Studies [Hell on Earth](#) Avigdor Hameiri, 2017-10-02 A historical account of World War I literature *Hell on Earth* is the second book written by Avigdor Hameiri born Feuerstein 1890 1970 about his experiences as a Russian prisoner of war during the second half of World War I Translator Peter C Appelbaum first became interested in Hameiri's story after learning that one quarter of the Austro Hungarian army was captured and imprisoned and that the horrific events that took place at this time throughout Russia and central Asia are rarely discussed in scholarly texts Available for the first time to an English speaking audience this reality driven novel is comparable to classics like *All Quiet on the Western Front* and *The Gulag Archipelago* The text is deeply tragic while allowing some humor to shine through in the darkest hour The reader is introduced to a procession of complex characters with whom Hameiri comes into contact during his imprisonment The narrator watches his friends die one by one until he is released in 1917 with the help of Russian Zionist colleagues He then immigrates to Israel in 1921 Hameiri's perspective on the things surrounding him the Austro Hungarian Army the Russian people and countryside the geography of

Siberia the nascent Zionist movement the Russian Revolution and its immediate aftermath offers a distinct personal view of a moment in time that is often overshadowed by the horrors of the Holocaust In his preface Appelbaum argues that World War I was the original sin of the twentieth century without it the unthinkable acts of World War II would not have come to fruition With an introduction by Avner Holtzman Hell on Earth is a fascinating albeit gruesome account of life in prison camps at the end of the First World War Fans of historical fiction and war memoirs will appreciate the historic value in this piece of literature

Jewish Centers and Peripheries S. Troen, 2018-01-16 After World War II the centre of gravity for world Jewry moved outside Europe In the aftermath of the Holocaust large scale emigration and post war assimilation resulted in a disheartening contraction of European Jewry with the notable exception of France Today Europe's Jews number only 17 percent of the world Jewish population At the beginning of this century they comprised 83 percent and were the centre of the modern Jewish experience In a radical reversal former peripheries became the centres notably American Jewry the largest and most dynamic of the Diaspora communities and the State of Israel An examination of the altered place of Europe and its future role in Jewish history is long overdue *Jewish Centers and Peripheries* examines the dynamic relationship between European American and Israeli communities at times bringing personal knowledge of significant events pertinent to understanding the relationships Collectively they suggest that present conditions are ripe for the re emergence of European Jewry though on a scale much diminished from that of the pre Holocaust period Moreover the prospects for the rejuvenation of European Jewry mirror the possibilities for Jewish continuity everywhere *Jewish Centers and Peripheries* is a strikingly informative assessment of the condition of world Jewry at the close of the century

Place and Ideology in Contemporary Hebrew Literature Karen Grumberg, 2012-01-05 John Brinckerhoff Jackson theorized the vernacular landscape as one that reflects a way of life guided by tradition and custom distanced from the larger world of politics and law This quotidian space is shaped by the everyday culture of its inhabitants In *Place and Ideology in Contemporary Hebrew Literature* Grumberg sets anchor in this and other contemporary theories of space and place then embarks on subtle close readings of recent Israeli fiction that demonstrate

how literature in practice can complicate those discourses Literature in Israel over the past twenty five years tends to be set in ordinary spaces rather than in explicitly ideologically charged locations such as contested borders and debated territories Rarely taking place in settings of war and political violence it depicts characters encounters with everyday places such as buses and caf s as central to their self conception Yet in academic discussions the imaginative representations of these sites tend to be neglected in favor of spaces more overtly relevant to religious and political debates To fill this gap Grumberg proposes a new understanding of how Israeli identity is mapped onto the spaces it inhabits She demonstrates that in the writing of many Israeli novelists even mundane sites often have significant ideological implications Exploring a wide range of authors from Amos Oz to Orly Castel Bloom Grumberg argues that literary depictions of vernacular places play a profound and often unidentified role in serving or resisting ideology Catalog of Copyright Entries.
