Onslaught against Innocence Andre LaCocque,2010-06-24 This is a literary critical analysis of the myth of Cain and Abel masterfully related in Genesis 4 by the Yahwist probably the greatest storyteller in the Hebrew Bible The Yahwist narrates the initial slaughter of one human being by another and strikingly it is described as fratricidal The book explores the anthropological theological and psychological dimensions of this universal myth and shows the readers such a vivid and intense story that one feels like will never get to the bottom of it Thus after a deep reading this well known story is much more than what could seem at first sight it can be said to be the portrait of human that is always torn between the innocence of Eden and its denial between what is considered doing well and not doing well

Four Quartets in the Light of the Chinese Jar Shudong Chen,2020-12-04 Four Quartets in the Light of the Chinese Jar discusses how Four Quartets should be explored afresh with a prosodic philosophically sustained interdisciplinary and cross cultural literary approach in ways as the often overlooked pivotal image of the Chinese jar so indicates in the great sequence the pivotal image suggests the subtle but vital elixir from both The shores of Asia and the Edgware Road which are brought together as they had been brought together to The Waste Land With a steady focus on the function words mediated and phonemes facilitated and autochthonously void suggesting verbal transformation the book shows how the verbal transformation especially of the cases with parts of speech in the live context makes Four Quartets truly a rhythmical creation of meaningful beauty it demonstrates how the meaningful poetic beauty culminates in a quintessential state or being of poetry not merely being poetic particularly in terms of its prosodically sustained philosophical tenets which are often so serendipitously transformed into virtuoso mastery of verbal music As genuine poetry the great sequence flows freely from inside out at once in accordance with and in spirit of any given rhythmical form or rhyming pattern

This part presents a unified picture of known results and is the reason why our title starts with About We then apply new ideas to prove the conjecture for the alternating groups see Page ii Thereupon we remember Kegel covers and sequences Finally we suggest a plan how to prove the conjecture step by step which leads to further conjectures thereby unifying Sylow theory in locally finite simple groups with Sylow theory in locally finite and p soluble groups In Part 3 ISBN 978 3 7578 6001 1 of the Trilogy we continue the program begun in 10 to optimise along the way 1 its Theorem about the first type An of infinite families of finite simple groups step by step to further types by proving it for the second type A PSLn We start with proving the Conjecture 2 of 10 about the General Linear Groups by using new ideas see Page ii and then break down this insight to the Special Linear and the PSL Groups We close with suggestions for future research regarding the remaining rank unbounded types the Classical Groups and the way 2 the locally finite and p soluble groups and Augustin Louis Cauchy s and variste Galois contributions to Sylow theory in finite groups Up Through an Empty House of Stars David

Langford,2003-08-01 At last Up Through an Empty House of Stars brings together the best of the never before collected SF reviews and articles that helped build David Langford s towering reputation since 1980 Complementing the review columns collected in The Complete Critical Assembly and the knockabout essays and squibs in The Silence of the Langford this volume s 100 glittering selections mix serious critical insight with the inimitable Langford wit In 2002 David Langford won his sixteenth Hugo award as Best Fan Writer for critical and humorous commentary on SF In the same year his occasionally scandalous SF newsletter Ansible won its fifth Hugo Langford also received the 2001 Hugo for best short story and the 2002 Skylark Award Here he shines a unique light on classics like Ernest Bramah G K Chesterton Robert Heinlein and Jack Vance and analyses major SF and major clunkers and minor eccentrics of the 1980s 1990s and early 2000s continuing to the latest by such current stars as Gene Wolfe and China Mi ville Plus witty asides on crime fiction and its SF links gleeful examination of writing so bad it s almost good and even at his most serious turns of phrase to make you laugh aloud

Baudelaire's Poetic Patterns Peter Broome,2023-11-27 This major new study of Baudelaire is a journey into the secret language of Les Fleurs du Mal the expressive pliabilitys of its verse forms and syntax the fluctuations of its rhythms its significant sonorities its metaphorical figures and dynamic image patterns its network of nerves and trigger points its shifting underground of parallels and contrasts analogies and antitheses Through a strategic selection of poems constituting a constellation a formal pattern of mutually illuminating parts the analysis aims to show that form and theme are indissoluble that each movement in the texture of the verse each pulse each rise and fall each intensification or release not only aids and abets the thrust of the poet s inspiration but is moulding and in the end creating the subtleties of sense which cannot exist but in the weft and web of the breathing evolving text It is a study which prioritizes the individual poem then the poem within an expanding formation of poems then Baudelaire within and beyond that formation an infini dans le fini It is also an enquiry into what makes poetry as well as a provocative contribution to the ongoing debate on the nature of criticism *Cumulated*

Index to the Books ,1947 English Responses to French Poetry 1880-1940 Jennifer Higgins,2017-12-02 Between 1880 and 1940 English responses to French poetry evolved from marginalised expressions of admiration associated with rebellion against the establishment to mainstream mutual exchange and appreciation The translation of poetry underwent a simultaneous evolution from attempts to produce definitive renderings to definitions of translation as an ongoing generative process at the centre of literary debate This study traces the impact of French poetry in England via a wide range of translations by major poets of the time as well as renderings by now forgotten writers It explores poetry and translations beyond the limits of the usual canon and identifies key moments of influence from late 19th century English homages to Victor Hugo as a liberal icon to Ezra Pound re interpreting Charles Baudelaire for the 20th century
